The Westmoreland County Housing Authority has developed, as part of its Admissions and Continued Occupancy Plan for the Public Housing Program a number of local objectives that are designed to demonstrate that the WCHA is managing its program in a manner that reflects its commitment to improving the quality of housing available to the public, and its capacity to manage that housing in a manner that demonstrates its responsibility to the public trust. In this regard the Authority intends:

- To operate a socially and financially sound Public Housing Agency that provides decent, safe, and sanitary housing within a drug free, suitable living environment for tenants and their families.
- To avoid concentrations of economically and socially deprived families in any one or all of the Housing Authority's public housing developments.
- To lawfully deny admission of applicants, or the continued occupancy of residents, whose habits and practices reasonably may be expected to adversely affect the health, safety, and comfort or welfare of other residents or the physical environment of the neighborhood, or create a danger to PHA employees.

- To provide opportunities for upward mobility for families who desire to achieve self-sufficiency.

- To ensure compliance with Title VI of the Civil rights Act of 1964 and all other applicable Federal laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or familial status.

ii. Executive Summary of the Annual PHA Plan
[24 CFR Part 903.7 9 (r)]
Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

- Executive Summary

The Quality Housing and Work Responsibility Act of 1998 (QHWRA)was signed into law in October 1998 as Title V of the 1999 HUD Appropriations Act. The QHWRA constitutes a substantial overhaul of HUD's public housing and Section 8 assistance programs. The Act provides for consolidation of public housing programs, decreased regulations of well managed public housing agencies (PHA's), while increasing performance standards for PHA's with troubled management. (The Westmoreland County Housing Authority is not a "troubled Authority"). The QHWRA also enacts additional measures to protect access to housing assistance for the poorest of families, deconcentrate poverty in public housing, support families making the transition from welfare to work, and is designed to transform existing public housing into quality housing communities.

As part of the QHWRA, all Housing Authorities including the Westmoreland County Housing Authority are required to develop a Public Housing Agency Plan. This Plan is to be developed by the Housing Authority with input from tenants, and other interested citizens. The Agency Plan is to consist of a "Five Year Plan", which describes the mission of the PHA and its long range goals and objectives; and an "Annual Plan" which provides details about the PHA's immediate operations, program participants, program operations, tenant services and the Authority's strategy for improving general maintenance operations for the upcoming fiscal year. The Agency Plan is to be used as an ongoing planning mechanism. Through this Agency Plan preparation process, the Housing Authority has examined its existing policies and procedures, its short and long

term needs, and has attempted to develop a strategy to make more efficient use of federal assistance, and better serve its existing and future tenants. In addition, all existing policies were examined to ensure compliance with the newly enacted QHWRA. Where non-compliance was found the policies were amended to conform to the new Act.

One of the goals of the Annual Plan is to reduce the number of reports that are required to be sent to HUD. The Annual Plan does, to the extent practicable and directed by HUD, consolidates most information the Housing Authority is now required to be submitted to HUD. The stated HUD objective is for the Annual Plan to supersede submission requirements currently imposed on Housing Authorities under the various housing programs.

The QHWRA also requires that the Agency Plan developed by the Westmoreland County Housing Authority be consistent with the Consolidated Plan for the jurisdiction in which the Authority is located. Westmoreland County does have a Consolidated Plan. The Public Housing Agency Plan must therefore be consistent with that Plan. A copy of the Public Housing Agency Plan was sent to the Westmoreland County Department of Planning and Development for their determination of consistency with the Plan. A copy of their letter affirming consistency has been received, and will be sent to the local HUD office along with the other required certifications.

2. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)

☒ The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s.
☒ The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
☐ The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
☒ Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

- Part 4 of the Westmoreland County Consolidated Plan at page 7 states " No gaps have been identified within this organization (Housing Authority) relative to the implementation of the Consolidated Plan strategies".

  The Housing Authority has played a leadership role and has been a partner with county government in providing low-income housing opportunities to Westmoreland County's most needy residents. The Housing Authority intends, not only through its traditional public housing and Section 8 programs to move

forward in this capacity, but to continue to support Countywide housing efforts wherever they may be initiated. Toward meeting these objectives the WCHA will undertake the following activities in support of the Consolidated Plan Strategies:

- The WCHA will continue to support the Homeownership Strategies through continued participation in the Family Self Sufficiency Program.

- The Housing Authority's long-term commitment to maintain and improve the existing 1934 units of federally assisted public housing now under management supports the County's Plan Strategy of rehabilitating rental units. The Housing Authority projects spending approximately $3.1 million annually to meet this objective. The inspection process, necessary to assure the long term viability of the County's approximate 1700 Section 8 units and inspection services, will likewise play an important role in the coming year.

- Additional commitments to improving and maintaining the existing housing stock will be made by exploring the feasibility and identifying potential locations where existing small elderly efficiency units can be converted to larger units.

- Researching new methods and expanding existing marketing programs to reach and house those extremely large low-income families is an objective shared by both County Government and the WCHA.

- Countywide Strategies aimed at preventing homelessness, through the jointly funded and very successful Homeless Assistance Program will be continued.

- The Housing Authority will support the County in meeting the emergency needs of the homeless by continuing to serve as an integral part of the County's Emergency Shelter Grant Program (Hotel/Motel Program).

☐ Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)
   - Financial assistance to serve the homeless (and prevent homelessness) through the County Emergency Shelter Grant Program (Hotel/Motel Program). During the 2003 Plan Year the County will provide $22,000 for this activity.

   - Continued financial support to the Housing Authority to operate the Homeless Assistance Program. During the 2003 Plan Year the Housing Authority anticipates receiving approx. $670,500 for this activity.

- Block grant financial assistance for the Emergency Housing Rehabilitation Program.

- The Housing Authority anticipates receiving $200,000 from Westmoreland County's Block Grant funding for the County wide Tenant Based Rental Assistance Program.

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

Attachment A. Deconcentration Policy

The rule to deconcentrate poverty in public housing was finalized on December 22, 2000. This rule requires Housing Authorities to:

1. Survey all families residing in covered developments (this generally means family developments as opposed to elderly) to determine the average income of the tenants.

2. Determine the average income of all families residing in each separate development.

3. Finally, determine the established income range which is defined as those covered developments where the average income is between 85% and 115% (inclusive of those percentages) of the PHA wide averages for all covered developments.

The Westmoreland County Housing Authority has performed the above calculations and determined the average income of tenants in all developments is $10,327.00. The established income range was determined to be between $11,876.00 and $8,778.00. In comparing the average incomes for each individual family development against the established income range the following developments have been identified for deconcentration targeting:

Target for Lower Income Residents	Target for Higher Income Residents
Lower Burrell 18-24	Greensburg 18-19
Pleasant Manor 18-7	Vandergrift 18-20
Penn Manor 18-43	New Florence 18-25
West Hempfield 18-39	

The proceeding was adopted as the Deconcentration Policy of the Westmoreland County Housing Authority.

Attachment B. Community Service Description

- Following is the Housing Authority's Community Service Policy. As indicated in PHA Plan Component 12, the Community Service Requirement has been suspended and the Housing Authority no longer implements nor enforces the community service requirements. Affected residents received written notification of this change on December 19, 2001.

The Housing Authority has established a community service policy and program to meet the 8 hour community service/self sufficiency requirements of the QHWRA. The program became operational on October 1, 2000.

The Authority has undertaken an assessment of the number of persons preliminarily believed to be nonexempt from the community service /self sufficiency requirement. The initial survey has identified 169 individuals currently residing in public housing that are required to perform community service. This figure is substantially higher than initially estimated. Although the PHA is attempting to administer this program we are reserving the option to contract with a third party, including the Resident Advisory Board, if after gaining some experience this becomes necessary.

As was originally proposed all residents were advised by letter of the community service requirement. The letter included an overview of community service and a complete list of all exempt categories. Persons incorrectly identified were instructed to contact the PHA site office with documentation supporting their correct status. Similarly, residents were advised of their right to provide documentation at any time that they believe their status has changed.

As part of the system to identify those residents who must perform community service all Resident Managers are reviewing the program requirements with each tenant at the time of the annual recertification. Following the recertification meeting the family is fully knowledgeable of the requirements, and have been advised of the need for he/she to begin the process of meeting the requirements. An amendment to the lease detailing the community service requirement has been developed and is signed by the tenant at the recertification meeting. It is being made clear to residents, determined "non-exempt" that failure to participate in community service or a self-sufficiency activity will result in eviction. (following the appeal process)

A. <u>Requirement</u>

Each adult resident of the PHA shall:

1. Contribute 8 hours per month of community service (not including political activities) within the community in which that adult resides; or

2. Participate in an economic self-sufficiency program for 8 hours per month.

3. Perform 8 hours per month of combined activities (4 hours of community service and 4 hours of economic self-sufficiency).

B. Exemptions

The following are exempt from Community Service Requirements.

1. On the job training; if a member of the family receiving assistance benefits under a state program funded under Part A of Title IV of the Social Security Act, (42 USC 601 et Seq.), or under any other welfare program in PA., including a state administered welfare-to-work program, and has not been found by the state or other administering entity to be in non-compliance with such a program; any adult family member receiving cash on the TANF grant would be in compliance and would be exempt from performing community service.

2. Sixty-two years of age or older;

3. Blind/disabled or primary care-giver of such an individual;

4. Is engaged in work activities, working at least 20 hours per week;

5. Eighteen years or older high school student;

6. In vocational education training (not to exceed 12 months for any individual);

7. Provides child care to an individual who is participating in the Community Service Program;

8. Participating in the GED program

9. Job search and/or job skills training are directly related to employment;

10. Meet the requirements for being exempted from having to engage in work activity under the state program funded under Part A of Title IV of the Social Security Act or other welfare programs in the state of Pennsylvania, including a state administered welfare to work program;

Family members who are exempt from the community service requirement must provide documentation that they fall into one of the above categories. The PHA will re-verify exemption status annually except in the case of an individual who is sixty-two years old. The PHA will permit residents to change exemption status during the year if status changes. For example, unemployed residents must be able to request an exemption if they start to work or participate in a training program.

C. Definition of Economic Self-Sufficiency Program

Any Program designed to encourage, assist, train or facilitate economic independence of assisted families or to provide work for such families, and can include:

Job training, employment counseling, work placement, basic skills training, education, English proficiency, work fare, financial or household management, or any program necessary to ready a program participant to work (such as substance abuse or mental health treatment).

D. Community Service Activities

The PHA will give residents the greatest choice possible, and attempt to inform residents of volunteer opportunities in the community.

Community Service Activities may include volunteering:

In a local school;
In a hospital or nursing home;
Senior citizens center
Homeless shelter or Women's abuse center;
Child care center;
Youth organization;
Library;
Helping neighborhood groups on special projects;
Success in Life Program;
Participate in programs that develop and strengthen resident self responsibility such as drug and alcohol abuse, counseling and treatments, as well as budgeting and credit counseling. Political activity is prohibited as community service.

E. Annual Determinations

For each public housing resident the subject to the requirement for community service, shall 30 days before the expiration of each lease term, review and determine the compliance of the resident with the community service requirement.

Such determination shall be made in accordance with the principles of due process and on a non– discriminatory basis.

Reasonable documentation must verify the community service and will be placed in the residents file at the time of recertification.

F. Noncompliance

The WCHA will determine annually if non-exempt residents are in compliance.

A non-compliant adult and head of household must sign an agreement to make up the hours within a 12 month period. Continued non-compliance will result in eviction of the entire family, unless the non-compliant family member is no longer part of the household.

The determination of non-compliance is subject to the administrative grievance procedure under the WCHA's published Grievance Procedures.

The WCHA will not renew or extend the resident's lease upon expiration of the lease term and will take such action as necessary to terminate the tenancy of the household, unless the Authority enters into an agreement, before the expiration of the lease term, with the resident providing for the resident to cure any non-compliance by participating in an approved program for as many additional hours as the resident needs to comply in the aggregate with such requirement over the 12 month term of the lease.

Inability for Occupancy for Non-compliance

The Authority will not renew or extend any lease for a dwelling unit for any household that includes an adult member who was subject to the community service requirement and failed to comply with the requirement.

Attachment C. Pet Policy

The Westmoreland County Housing Authority has adopted a Pet Policy which reflects both the desire of the tenant families for the companionship and enjoyment that pet ownership brings and the concerns of the Authority to assure that pets are maintained in a fashion that will not be detrimental to the safety and security of the general housing community. The Pet Policy was written with the above goals in mind yet within the guidelines of the requirements of the recently enacted Quality Housing and Work Responsibility Act.

The Pet Policy sets specific standards for the types and numbers of pets that may be permitted in each unit. Tenant families must notify and register with the PHA, giving particular information about the pet they intend to keep in their unit, and must receive permission from the Authority to do so. A fee and deposit is required to cover any damage that may occur. The Tenant must keep current an insurance policy to cover personal injury or property damage.

The Pet Policy contains general requirements concerning license, age, size, and Veterinary certifications. There are also specific requirements regarding the owner's control and handling of the pets. There are also standards for keeping birds and fish, as well as a list of animals and breeds that are prohibited.

Pet ownership is considered an important responsibility and owners must provide proper care including nutrition, exercise, and medical attention. The PHA management and maintenance personnel will monitor the Pet Policy through observation and tenant complaints, and corrective action will be enforced as needed.

Attachment D. 5-Year Plan Progress Report

1. The Three Rivers Center for Independent Living conducted a follow-up review of all Housing Authority developments to ensure accessibility to persons with disabilities. Emphasis was placed on access to community space. Corrective action will be undertaken within budget limitations. With the completion of this review a significant step in meeting the goal of ensuring accessibility to persons with a variety of disabilities regardless of unit size is well on the way to completion.
2. Each year the Housing Authority has applied for additional Section 8 vouchers. During the 2003 Plan Year that position will be reexamined in light of demand and the Authority's eligibility to apply for additional units.
3. The Housing Authority's commitment to reduce vacancies will be emphasized during the 2003 Plan Year with the development of a Vacancy Reduction Strategy.
4. With the completion of scheduled Capital Fund improvements the Housing Authority continues to meet its goal of modernizing and renovating public housing units.
5. Increased assistance to Section 8 applicants through the use of a video presentation and additional counseling is expected to further encourage voucher mobility.
6. In addition to the Authority's continued support of homeownership opportunities through the FSS and SIL programs, additional homeownership options will be explored.
7. The Housing Authority continues to pursue a cooperative agreement with the PA Department of Welfare thereby formalizing relationships and hopefully increasing opportunities for tenant employment. With the Commonwealth showing little interest in entering into similar agreements with any Housing Authority the probability of meeting this goal continues to diminish.
8. A reanalysis of tenant incomes from the Authority's family public housing developments has resulted in a change in the economic deconcentration targets.

CERTIFICATION

WESTMORELAND COUNTY HOUSING AUTHORITY

The Westmoreland County Housing Authority has reviewed the operation of each covered development named below and undertaken an initial assessment, as required by the Quality Housing and Work Responsibility Act of 1998, to determine the cost effectiveness, overall benefit and impact of converting the named Federally Assisted Family Public Housing Developments in Westmoreland County to Tenant-Based Assistance. Following this review and analysis and taking into consideration all implications associated with converting these units - it is the opinion of the Westmoreland County Housing Authority that the conversion from Public Housing to Tenant-Based Assistance would be inappropriate at this time.

Attachment I. PHA Response To Resident Survey (Follow-Up Plan for REAC)

Westmoreland County Housing Authority (WCHA) has developed a follow-up plan for the Resident Service and Satisfaction Survey of the REAC. The only component of the Resident Service and Satisfaction Survey to score less than 75% is the Safety section. Therefore, the REAC follow-up plan, included in the 2003 Annual Plan, will focus on areas of improvement for resident safety.

The weakness in the Safety section of WCHA's Resident Service and Satisfaction Survey was resident's awareness of crime prevention programs. In 1998, WCHA applied for and received a Public Housing Drug Elimination Program (PHDEP) grant for drug and crime prevention activities. Funds were used to operate prevention program centers in four public housing communities. These four communities were chosen because they had the greatest need for drug and crime prevention. Activities include: Safe Nights, Red Ribbon Week, visits to community by police, firemen, and Mayor, drug prevention education, health fairs, personal and home safety programs, parenting and nutrition classes, and domestic violence speakers. WCHA contracts with the local police to provide additional patrols. Capital Funds are utilized to pay for patrols above baseline services.

In 1999, WCHA applied for and received the second PHDEP grant. This grant was used to supplement the existing four prevention program centers and open two additional prevention program centers.

In the years 2000 and 2001, WCHA received PHDEP funds to continue the operation of the six drug and crime prevention centers. Our Resident Service and Satisfaction Survey score indicates that approximately a third of our public housing residents were aware of crime prevention programs offered within their communities. WCHA believes this number is a reflection of residents who have a PHDEP drug and crime prevention center in their public housing community.

As of October 1, 2001, WCHA implemented crime prevention programs in public housing communities that do not have PHDEP drug and crime prevention centers. Public housing managers will initiate semi-annual crime prevention activities within their housing community. Managers will contact community resources, such as the local police, fire department, and crime prevention organizations, to schedule instructional programs related to personal safety/crime prevention. WCHA is considering a resident newsletter. If a newsletter is initiated, a section of this newsletter will focus on personal safety/crime prevention. These efforts will have a positive effect on resident's knowledge of personal safety and crime prevention measures.

WCHA will continue the resident screening process, as noted in WCHA's 2003 Annual Plan. WCHA has prepared a marketing plan to fill vacant units in our public housing communities. Residents will feel more secure in a community with fewer vacancies.

Attachment K. Resident Comments and Housing Authority Response

Resident Board Comments for Annual Plan FY 2003:

Date: May 29, 2002
Time: 10:30 a.m.
Location: Main Office of Westmoreland County Housing Authority

The Executive Director opened the meeting by thanking the residents for their participation in this partnership.

The following comments were heard:

1. The method of screening potential tenants was discussed. The HA Executive Director stated that the federal government defines the screening process, however local authorities may adopt their own standards. Criminal checks are done, and judgment calls are made. In a lot of cases, it is not the resident but family and friends who become the problem. The Executive Director acknowledged that the residents are entitled to peaceful enjoyment of their homes, and the Authority will aggressively pursue any problems that arise but the residents must help the Authority by following through with complaints.

2. Concern for procedures for leaving apartments in the event of an emergency were discussed. The HA Executive Director explained that the Authority has hired an independent Emergency Operation Plan consultant. We will depend on the expertise of this consultant to issue guidelines for each specific site to assist in the handling of emergencies. The emergency plans will then be shared with the residents.

3. The proposed marketing plan for the Authority was discussed. The HA Executive Director explained that the notion of public housing has received some bad press, and we need to do all that we can do get out the word that our housing units and communities are a great place to live. The Authority has plans to market our units in a variety of ways; print, television and radio ads, but the best testimony of all comes from you, the residents.

4. A tenant suggested that the Housing Authority should increase the income limits for incoming tenants. She explained that she knows of many people who would like to live in her building, but are over income. She suggested that people are retiring now with more income, and the Authority should respond to their needs. The Executive Director responded that the Authority is aware of this problem, and has in fact addressed the issue with HUD. He indicated that other Authorities

have a similar problem and several professional groups have joined together to lobby for changes.

Page Two

5. A tenant questioned the Home Ownership Program. She indicated that people in her building are concerned that they would have to purchase their apartment. The Authority staff responded that the program is still in the planning stages, but it is not for the sale of public housing units. The applicants would purchase single-family dwelling units.

6. There were questions regarding the pet policy. Several tenants indicated that there are problems in their buildings with pets being allowed to roam the common areas. The Authority staff responded that there is a very specific pet policy, and if there are problems with pets roaming the common areas they should be reported to the building manager.

7. A tenant questioned how medical deductions are given for rent calculations. The Authority staff explained the process:
    1) 30% of gross annual income is determined.
    2) Ongoing medical information is totaled (prescriptions, medical insurance, etc.)
    3) Total medical expense -3% = Total Medical Deduction

    The tenant was informed that the building manager would be able to explain her particular deduction.

8. The residents were informed that the notes from this meeting would be included with the Annual Plan submission, with the following changes:
    1. The Resident Advisory list included some people who no longer live in public housing, so the list will reflect those changes.
    2. The Authority received the grant amount for Capital Fund just recently, so the Annual Statement will reflect the actual grant amount.
    3. Responses/Comments from the Public Hearing.

PHA Response:

The Westmoreland County Housing Authority has considered all comments made by the Resident Advisory Board. No additions or changes to the 2003 Annual plan are necessary.
