Executive Summary (optional)

[903.7(r)]. If desired, provide a brief overview of the contents of the streamlined 5-Year/Annual Plan.

The Housing Authority of the City of Mexico (MHA) is a small, rural authority with 220 dwelling units of public housing and 133 units of Section 8 tenant based housing vouchers. The MHA has consistently suffered from a vacancy rate higher than normal with need being cited as the number one factor for the unfilled vacancies. The primary focus of this Five-Year plan and the Annual Plan is to continue reducing the vacancy rates through a marketing strategy directed at low-income populations. The MHA will continue to develop resources to support the families currently located in the MHA's jurisdiction and improve housing quality standards.
