 BENEFITS TO MINORITIES WORKSHEET

## COMPARISON OF PROGRESS IN PROJECT AREAS

This worksheet may be used in connection with a comparison of activities which are restricted to a defined geographic area whose residents would reasonably be described by the grantee as minority, nonminority or of a specified minority group. Each line represents the cumulative total or percentage of the item requested (e.g., expenditures) for all activities. In the CDBG program, such data is contained in the Grantee Performance Report, Form HUD 4950.2 "Project Progress." Similar information may be gathered also as part of monitoring visits to the grantee. See Chapter 4-4c(1)(b).
