

Community Development Block Grant Toolkit on Crosscutting Issues

Module 1: Financial Management and Procurement

Module 1 of the CDBG Toolkit contains Office of Management and Budget (OMB) Circulars that guide financial management and cost principles across all Federal agencies (including HUD), as well as state, local and Indian tribal governments, educational institutions, hospitals and other nonprofit organizations. The Circulars are supplemented by HUD regulations, notices and handbooks. Most of the HUD regulations apply to all HUD programs; others are specific to the CDBG program. Module 1 also contains several practical HUD-generated documents on managing grants, keeping funds moving and improving timely performance, as well as a set of training materials on the Financial Management and Procurement issues.

The resources contained in this module are current as of August 2009. To ensure that you are using the most updated information, please visit the OMB website:
