APPENDIX A—CRITERIA FOR COUNCIL INVOLVEMENT IN REVIEWING INDIVIDUAL SECTION 106 CASES

AUTHORITY: 16 U.S.C. 470s.

SOURCE: 64 FR 27071, May 18, 1999, unless otherwise noted.

Subpart A—Purposes and Participants

§ 800.1 Purposes.

(a) *Purposes of the section 106 process.* Section 106 of the National Historic Preservation Act requires Federal agencies to take into account the effects of their undertakings on historic properties and afford the Council a reasonable opportunity to comment on such undertakings. The procedures in this part define how Federal agencies meet these statutory responsibilities. The section 106 process seeks to accommodate historic preservation concerns with the needs of Federal undertakings through consultation among the Agency Official and other parties with an interest in the effects of the undertaking on historic properties, commencing at the early stages of project planning. The goal of consultation is to

identify historic properties potentially affected by the undertaking, assess its effects and seek ways to avoid, minimize or mitigate any adverse effects on historic properties.

(b) *Relation to other provisions of the Act.* Section 106 is related to other provisions of the Act designed to further the national policy of historic preservation. References to those provisions are included in this part to identify circumstances where they may affect actions taken to meet section 106 requirements. Such provisions may have their own implementing regulations or guidelines and are not intended to be implemented by the procedures in this part except insofar as they relate to the section 106 process. Guidelines, policies and procedures issued by other agencies, including the Secretary, have been cited in this part for ease of access and are not incorporated by reference.

(c) *Timing.* The Agency Official must complete the section 106 process "prior to the approval of the expenditure of any Federal funds on the undertaking or prior to the issuance of any license." This does not prohibit Agency Official from conducting or authorizing non-destructive project planning activities before completing compliance with Section 106, provided that such actions do not restrict the subsequent consideration of alternatives to avoid, minimize or mitigate the undertaking's adverse effects on historic properties. The Agency Official shall ensure that the section 106 process is initiated early in the undertaking's planning, so that a broad range of alternatives may be considered during the planning process for the undertaking.

§ 800.2 Participants in section 106 process.

(a) *Agency Official.* It is the statutory obligation of the Federal agency to fulfill the requirements of section 106 and to ensure that an Agency Official with jurisdiction over an undertaking takes legal and financial responsibility for section 106 compliance in accordance with subpart B of this part. The Agency Official has approval authority for the undertaking and can commit the

§ 800.2

36 CFR Ch. VIII (7-1-00 Edition)

Federal agency to take appropriate action for a specific undertaking as a result of section 106 compliance. For the purposes of subpart C of this part, the Agency Official has the authority to commit the Federal agency to any obligation it may assume in the implementation of a program alternative. The Agency Official may be a State, local, or tribal government official who has been delegated legal responsibility for compliance with section 106 in accordance with Federal law.

(1) *Professional standards.* Section 112(a)(1)(A) of the Act requires each Federal agency responsible for the protection of historic resources, including archeological resources, to ensure that all actions taken by employees or contractors of the agency shall meet professional standards under regulations developed by the Secretary.

(2) *Lead Federal agency.* If more than one Federal agency is involved in an undertaking, some or all the agencies may designate a lead Federal agency, which shall identify the appropriate official to serve as the Agency Official who shall act on their behalf, fulfilling their collective responsibilities under section 106. Those Federal agencies that do not designate a lead Federal agency remain individually responsible for their compliance with this part.

(3) *Use of contractors.* Consistent with applicable conflict of interest laws, the Agency Official may use the services of applicants, consultants, or designees to prepare information, analyses and recommendations under this part. The Agency Official remains legally responsible for all required findings and determinations. If a document or study is prepared by a non-Federal party, the Agency Official is responsible for ensuring that its content meets applicable standards and guidelines.

(4) *Consultation.* The Agency Official shall involve the consulting parties described in §800.2(c) in findings and determinations made during the section 106 process. The Agency Official should plan consultations appropriate to the scale of the undertaking and the scope of Federal involvement and coordinated with other requirements of other statutes, as applicable, such as the National Environmental Policy Act, the Native American Graves Protection

and Repatriation Act, the American Indian Religious Freedom Act, the Archeological Resources Protection Act and agency-specific legislation. The Council encourages the Agency Official to use to the extent possible existing agency procedures and mechanisms to fulfill the consultation requirements of this part.

(b) *Council.* The Council issues regulations to implement section 106, provides guidance and advice on the application of the procedures in this part, and generally oversees the operation of the section 106 process. The Council also consults with and comments to Agency Officials on individual undertakings and programs that affect historic properties.

(1) *Council entry into the section 106 process.* When the Council determines that its involvement is necessary to ensure that the purposes of section 106 and the Act are met, the Council may enter the section 106 process. Criteria guiding Council decisions to enter the section 106 process are found in appendix A to this part. The Council will document that the criteria have been met and notify the parties to the section 106 process as required by this part.

(2) *Council assistance.* Participants in the section 106 process may seek advice, guidance and assistance from the Council on the application of this part to specific undertakings, including the resolution of disagreements, whether or not the Council is formally involved in the review of the undertaking. If questions arise regarding the conduct of the section 106 process, participants are encouraged to obtain the Council's advice on completing the process.

(c) *Consulting parties.* The following parties have consultative roles in the section 106 process.

(1) *State Historic Preservation Officer.*

(i) The State Historic Preservation Officer (SHPO) reflects the interests of the State and its citizens in the preservation of their cultural heritage. In accordance with section 101(b)(3) of the Act, the SHPO advises and assists Federal agencies in carrying out their section 106 responsibilities.

(ii) If an Indian tribe has assumed the functions of the SHPO in the section 106 process for undertakings on tribal

§ 800.2

lands, the SHPO shall participate as a consulting party if the undertaking takes place on tribal lands but affects historic properties off tribal lands, if requested in accordance with §800.3(c)(1), or if the Indian tribe agrees to include the SHPO pursuant to §800.3(f)(3).

(2) *Tribal Historic Preservation Officer.*

(i) The Tribal Historic Preservation Officer (THPO) appointed or designated in accordance with the Act is the official representative of an Indian tribe for the purposes of section 106. If an Indian tribe has assumed the responsibilities of the SHPO for section 106 on tribal lands under section 101(d)(2) of the Act, the Agency Official shall consult with the THPO in lieu of the SHPO regarding undertakings occurring on or affecting historic properties on tribal lands.

(ii) If an Indian tribe has not assumed the responsibilities of the SHPO for section 106 on tribal lands under section 101(d)(2) of the Act, the Agency Official shall consult with a representative designated by such Indian tribe in addition to the SHPO regarding undertakings occurring on or affecting historic properties on its tribal lands. For the purposes of subpart B of this part, such tribal representative shall be included in the term "THPO."

(3) *Indian tribes and Native Hawaiian organizations.* Section 101(d)(6)(B) of the Act requires the Agency Official to consult with any Indian tribe or Native Hawaiian organization that attaches religious and cultural significance to historic properties that may be affected by an undertaking. Such Indian tribe or Native Hawaiian organization shall be a consulting party.

(i) The Agency Official shall ensure that consultation in the section 106 process provides the Indian tribe or Native Hawaiian organization a reasonable opportunity to identify its concerns about historic properties, advise on the identification and evaluation of historic properties, including those of traditional religious and cultural importance, articulate its views on the undertaking's effects on such properties, and participate in the resolution of adverse effects. It is the responsibility of the Agency Official to make a reasonable and good faith effort to

identify Indian tribes and Native Hawaiian organizations that shall be consulted in the section 106 process. Consultation should commence early in the planning process, in order to identify and discuss relevant preservation issues and resolve concerns about the confidentiality of information on historic properties.

(ii) The Federal government has a unique legal relationship with Indian tribes set forth in the Constitution of the United States, treaties, statutes, and court decisions. Consultation with Indian tribes should be conducted in a sensitive manner respectful of tribal sovereignty. Nothing in this part is intended to alter, amend, repeal, interpret or modify tribal sovereignty, any treaty rights, or other rights of an Indian tribe, or to preempt, modify or limit the exercise of any such rights.

(iii) Consultation with an Indian tribe must recognize the government-to-government relationship between the Federal government and Indian tribes. The Agency Official shall consult with representatives designated or identified by the tribal government or the governing body of a Native Hawaiian organization. Consultation with Indian tribes and Native Hawaiian organizations should be conducted in a manner sensitive to the concerns and needs of the Indian tribe or Native Hawaiian organization.

(iv) When Indian tribes and Native Hawaiian organizations attach religious and cultural significance to historic properties off tribal lands, section 101(d)(6)(B) of the Act requires Federal agencies to consult with such Indian tribes and Native Hawaiian organizations in the section 106 process. Federal agencies should be aware that frequently historic properties of religious and cultural significance are located on ancestral, aboriginal or ceded lands of Indian tribes and Native Hawaiian organizations and should consider that when complying with the procedures in this part.

(v) An Indian tribe or a Native Hawaiian organization may enter into an agreement with an Agency Official that specifies how they will carry out responsibilities under this part, including concerns over the confidentiality of information. An agreement may cover

§ 800.3

36 CFR Ch. VIII (7-1-00 Edition)

all aspects of tribal participation in the section 106 process, provided that no modification may be made in the roles of other parties to the section 106 process without their consent. An agreement may grant the Indian tribe or Native Hawaiian organization additional rights to participate or concur in agency decisions in the section 106 process beyond those specified in subpart B of this part. The Agency Official shall provide a copy of any such agreement to the Council and the appropriate SHPOs.

(vi) An Indian tribe that has not assumed the responsibilities of the SHPO for section 106 on tribal lands under section 101(d)(2) of the Act may notify the Agency Official in writing that it is waiving its rights under § 800.6(c)(1) to execute a Memorandum of Agreement.

(4) *Representatives of local governments.* A representative of a local government with jurisdiction over the area in which the effects of an undertaking may occur is entitled to participate as a consulting party. Under other provisions of Federal law, the local government may be authorized to act as the Agency Official for purposes of section 106.

(5) *Applicants for Federal assistance, permits, licenses and other approvals.* An applicant for Federal assistance or for a Federal permit, license or other approval is entitled to participate as a consulting party as defined in this part. The Agency Official may authorize an applicant to initiate consultation with the SHPO/THPO and others, but remains legally responsible for all findings and determinations charged to the Agency Official. The Agency Official shall notify the SHPO/THPO and other consulting parties when an applicant is so authorized.

(6) *Additional consulting parties.* Certain individuals and organizations with a demonstrated interest in the undertaking may participate as consulting parties due to the nature of their legal or economic relation to the undertaking or affected properties, or their concern with the undertaking's effects on historic properties.

(d) *The public—(1) Nature of involvement.* The views of the public are essential to informed Federal decision-making in the section 106 process. The

Agency Official shall seek and consider the views of the public in a manner that reflects the nature and complexity of the undertaking and its effects on historic properties, the likely interest of the public in the effects on historic properties, confidentiality concerns of private individuals and businesses, and the relationship of the Federal involvement to the undertaking.

(2) *Providing notice and information.* The Agency Official must, except where appropriate to protect confidentiality concerns of affected parties, provide the public with information about an undertaking and its effects on historic properties and seek public comment and input. Members of the public may also provide views on their own initiative for the Agency Official to consider in decisionmaking.

(3) *Use of agency procedures.* The Agency Official may use the agency's procedures for public involvement under the National Environmental Policy Act or other program requirements in lieu of public involvement requirements in subpart B of this part, if they provide adequate opportunities for public involvement consistent with this subpart.

Subpart B—The Section 106 Process

§ 800.3 Initiation of the section 106 process.

(a) *Establish undertaking.* The Agency Official shall determine whether the proposed Federal action is an undertaking as defined in § 800.16(y) and, if so, whether it is a type of activity that has the potential to cause effects on historic properties.

(1) *No potential to cause effects.* If the undertaking does not have the potential to cause effects on historic properties, the Agency Official has no further obligations under section 106 or this part.

(2) *Program alternatives.* If the review of the undertaking is governed by a Federal agency program alternative established under § 800.14 or a Programmatic Agreement in existence before the effective date of these regulations, the Agency Official shall follow the program alternative.

(b) *Coordinate with other reviews.* The Agency Official should coordinate the steps of the section 106 process, as appropriate, with the overall planning schedule for the undertaking and with any reviews required under other authorities such as the National Environmental Policy Act, the Native American Graves Protection and Repatriation Act, the American Indian Religious Freedom Act, the Archaeological Resources Protection Act and agency-specific legislation, such as section 4(f) of the Department of Transportation Act. Where consistent with the procedures in this subpart, the Agency Official may use information developed for other reviews under Federal, State or tribal law to meet the requirements of section 106.

(c) *Identify the appropriate SHPO and/or THPO.* As part of its initial planning, the Agency Official shall determine the appropriate SHPO or SHPOs to be involved in the section 106 process. The Agency Official shall also determine whether the undertaking may occur on or affect historic properties on any tribal lands and, if so, whether a THPO has assumed the duties of the SHPO. The Agency Official shall then initiate consultation with the appropriate Officer or Officers.

(1) *Tribal assumption of SHPO responsibilities.* Where an Indian tribe has assumed the section 106 responsibilities of the SHPO on tribal lands pursuant to section 101(d)(2) of the Act, consultation for undertakings occurring on tribal land or for effects on tribal land is with the THPO for the Indian tribe in lieu of the SHPO. Section 101(d)(2)(D)(iii) of the Act authorizes owners of properties on tribal lands which are neither owned by a member of the tribe nor held in trust by the Secretary for the benefit of the tribe to request the SHPO to participate in the section 106 process in addition to the THPO.

(2) *Undertakings involving more than one State.* If more than one State is involved in an undertaking, the involved SHPOs may agree to designate a lead SHPO to act on their behalf in the section 106 process, including taking actions that would conclude the section 106 process under this subpart.

(3) *Conducting consultation.* The Agency Official should consult with the SHPO/THPO in a manner appropriate to the agency planning process for the undertaking and to the nature of the undertaking and its effects on historic properties.

(4) *Failure of the SHPO/THPO to respond.* If the SHPO/THPO fails to respond within 30 days of receipt of a request for review of a finding or determination, the Agency Official may either proceed to the next step in the process based on the finding or determination or consult with the Council in lieu of the SHPO/THPO. If the SHPO/THPO re-enters the section 106 process, the Agency Official shall continue the consultation without being required to reconsider previous findings or determinations.

(d) *Consultation on tribal lands.* Where the Indian tribe has not assumed the responsibilities of the SHPO on tribal lands, consultation with the Indian tribe regarding undertakings occurring on such tribe's lands or effects on such tribal lands shall be in addition to and on the same basis as consultation with the SHPO. If the SHPO has withdrawn from the process, the Agency Official may complete the section 106 process with the Indian tribe and the Council, as appropriate. An Indian tribe may enter into an agreement with a SHPO or SHPOs specifying the SHPO's participation in the section 106 process for undertakings occurring on or affecting historic properties on tribal lands.

(e) *Plan to involve the public.* In consultation with the SHPO/THPO, the Agency Official shall plan for involving the public in the section 106 process. The Agency Official shall identify the appropriate points for seeking public input and for notifying the public of proposed actions, consistent with § 800.2(d).

(f) *Identify other consulting parties.* In consultation with the SHPO/THPO, the Agency Official shall identify any other parties entitled to be consulting parties and invite them to participate as such in the section 106 process. The Agency Official may invite others to participate as consulting parties as the section 106 process moves forward.

§ 800.4

36 CFR Ch. VIII (7-1-00 Edition)

(1) *Involving local governments and applicants.* The Agency Official shall invite any local governments or applicants that are entitled to be consulting parties under §800.2(c).

(2) *Involving Indian tribes and Native Hawaiian organizations.* The Agency Official shall make a reasonable and good faith effort to identify any Indian tribes or Native Hawaiian organizations that might attach religious and cultural significance to historic properties in the area of potential effects and invite them to be consulting parties. Such Indian tribe or Native Hawaiian organization that requests in writing to be a consulting party shall be one.

(3) *Requests to be consulting parties.* The Agency Official shall consider all written requests of individuals and organizations to participate as consulting parties and, in consultation with the SHPO/THPO and any Indian tribe upon whose tribal lands an undertaking occurs or affects historic properties, determine which should be consulting parties.

(g) *Expediting consultation.* A consultation by the Agency Official with the SHPO/THPO and other consulting parties may address multiple steps in §§800.3-800.6 where the Agency Official and the SHPO/THPO agree it is appropriate as long as the consulting parties and the public have an adequate opportunity to express their views as provided in §800.2(d).

§ 800.4 Identification of historic properties.

(a) *Determine scope of identification efforts.* The Agency Official shall consult with the SHPO/THPO to:

(1) Determine and document the area of potential effects, as defined in §800.16(d);

(2) Review existing information on historic properties within the area of potential effects, including any data concerning possible historic properties not yet identified;

(3) Seek information, as appropriate, from consulting parties, and other individuals and organizations likely to have knowledge of, or concerns with, historic properties in the area, and identify issues relating to the under-

taking's potential effects on historic properties; and

(4) Gather information from any Indian tribe or Native Hawaiian organization identified pursuant to §800.3(f) to assist in identifying properties, including those located off tribal lands, which may be of religious and cultural significance to them and may be eligible for the National Register, recognizing that an Indian tribe or native Hawaiian organization may be reluctant to divulge specific information regarding the location, nature, and activities associated with such sites. The Agency Official should address concerns raised about confidentiality pursuant to §800.11(c).

(b) *Identify historic properties.* Based on the information gathered under §800.4(a), and in consultation with the SHPO/THPO and any Indian tribe or native Hawaiian organization that might attach religious and cultural significance to properties within the area of potential effects, the Agency Official shall take the steps necessary to identify historic properties within the area of potential effects.

(1) *Level of effort.* The Agency Official shall make a reasonable and good faith effort to carry out appropriate identification efforts, which may include background research, consultation, oral history interviews, sample field investigation, and field survey. The Agency Official shall take into account past planning, research and studies, the magnitude and nature of the undertaking and the degree of Federal involvement, the nature and extent of potential effects on historic properties, and the likely nature and location of historic properties within the area of potential effects. The Secretary's Standards and Guidelines for Identification provide guidance on this subject. The Agency Official should also consider other applicable professional, State, tribal and local laws, standards and guidelines. The Agency Official shall take into account any confidentiality concerns raised by Indian tribes or Native Hawaiian organizations during the identification process.

(2) *Phased identification and evaluation.* Where alternatives under consideration consist of corridors or large

land areas, or where access to properties is restricted, the Agency Official may use a phased process to conduct identification and evaluation efforts. The Agency Official may also defer final identification and evaluation of historic properties if it is specifically provided for in a Memorandum of Agreement executed pursuant to § 800.6, a Programmatic Agreement executed pursuant to § 800.14(b), or the documents used by an Agency Official to comply with the National Environmental Policy Act pursuant to § 800.8. The process should establish the likely presence of historic properties within the area of potential effects for each alternative or inaccessible area through background research, consultation and an appropriate level of field investigation, taking into account the number of alternatives under consideration, the magnitude of the undertaking and its likely effects, and the views of the SHPO/THPO and any other consulting parties. As specific aspects or locations of an alternative are refined or access is gained, the Agency Official shall proceed with the identification and evaluation of historic properties in accordance with §§ 800.4(b)(1) and (c).

(c) *Evaluate historic significance*—(1) *Apply National Register Criteria.* In consultation with the SHPO/THPO and any Indian tribe or Native Hawaiian organization that attaches religious and cultural significance to identified properties and guided by the Secretary's Standards and Guidelines for Evaluation, the Agency Official shall apply the National Register Criteria (36 CFR part 63) to properties identified within the area of potential effects that have not been previously evaluated for National Register eligibility. The passage of time, changing perceptions of significance, or incomplete prior evaluations may require the Agency Official to reevaluate properties previously determined eligible or ineligible. The Agency Official shall acknowledge that Indian tribes and Native Hawaiian organizations possess special expertise in assessing the eligibility of historic properties that may possess religious and cultural significance to them.

(2) *Determine whether a property is eligible.* If the Agency Official determines any of the National Register Criteria are met and the SHPO/THPO agrees, the property shall be considered eligible for the National Register for section 106 purposes. If the Agency Official determines the criteria are not met and the SHPO/THPO agrees, the property shall be considered not eligible. If the Agency Official and the SHPO/THPO do not agree, or if the Council or the Secretary so request, the Agency Official shall obtain a determination of eligibility from the Secretary pursuant to 36 CFR part 63. If an Indian tribe or Native Hawaiian organization that attaches religious and cultural significance to a property off tribal lands does not agree, it may ask the Council to request the Agency Official to obtain a determination of eligibility.

(d) *Results of identification and evaluation*—(1) *No historic properties affected.* If the Agency Official finds that either there are no historic properties present or there are historic properties present but the undertaking will have no effect upon them as defined in § 800.16(i), the Agency Official shall provide documentation of this finding as set forth in § 800.11(d) to the SHPO/THPO. The Agency Official shall notify all consulting parties, including Indian tribes and Native Hawaiian organizations, and make the documentation available for public inspection prior to approving the undertaking. If the SHPO/THPO, or the Council if it has entered the section 106 process, does not object within 30 days of receipt of an adequately documented finding, the Agency Official's responsibilities under section 106 are fulfilled.

(2) *Historic properties affected.* If the Agency Official finds that there are historic properties which may be affected by the undertaking or the SHPO/THPO or the Council objects to the Agency Official's finding under § 800.4(d)(1), the Agency Official shall notify all consulting parties, including Indian tribes or Native Hawaiian organizations, invite their views on the effects and assess adverse effects, if any, in accordance with § 800.5.
