Project Type: Rehabilitation of existing public housing units

% of Project Complete: 100 **Expected Project End Date:** 2011-01-13 00:0

Units Planned for Rehabilitation: 150 **Units Started:** 0 **Units Completed:** 150

Units planned to receive Energy Efficiency measures: 150

Completed units receiving Energy Efficiency measures: 150

Project Description: Project includes completing construction documents/drawings to meet all current applicable building codes and provide construction administration services for Barbee Towers Structural System Upgrades. The drawings will reflect a revised location of the moment frames, moving them towards the face of the building. Provide the architectural design services necessary to integrate the moment frames with the face of the building, providing an aesthetically appealing solution, compatible with the existing building elements. Project includes completing construction documents/drawings to meet all applicable building codes and provide construction administration services for Barbee Towers Window Replacement. Energy efficient windows are expected to provide future cost savings.
