% of Project Complete: 95 **Expected Project End Date:** 2011-08-31 00:0

Units Planned for Rehabilitation: 98 **Units Started:** 47 **Units Completed:** 98

Units planned to receive Energy Efficiency measures: 98

Completed units receiving Energy Efficiency measures: 47

Project Description: This grant has enabled us to install energy saving storm doors as well as entry doors. This double additon will hopefully help eliminate drafts both for the heating and cooling season. We have started updating electrical boxes to accomodate the many modern applicances and "toys" our residents have. We are converting from gas to electric water heaters in hopes of again adding some energy savings. We have been able to replace propety line fencing and install dumpster pads and fencing. We have also been able to keep a part time maintenance person working most of the winter. We have also installed combination smoke alarm/carbon monoxide detectors
