PROJ SUMMARY: Monarch Properties, Inc. is proposing a comprehensive program of services to address drug related crime problems in the Manor House Apartments. The program will include fencing the community to prevent pedestrian traffic, installing access gates to limit unwanted drive-through traffic, we also plan to place video cameras around the property. We have also over this past became involved with the McKinney police dept. and have attended their crime watch meetings and in return they have become more involved with the residents of the property. We also have enlisted the help of the Boys and Girls Clubs of Collin County together we are trying to establish a long term drug program not only for the children at the site but to also involve the family unit. Some of the funding would also go to offering after school tutoring and activities. The McKinney Council on Substance Abuse has also said they would donate computers and trainers and work with the Boys and Girls Club to try and fill any need the residents have at the site. The Substance Abuse Council has already agreed to install new playground equipment at the site. Also we have had several of the schools and church's have offered help in making the program work. Over the past year we have tried on a minimal basis to bring as many youth oriented programs to the site as possible, even though it is on a smaller scale than we have proposed it has had a major impact on school truancy and vandalism and juvenile crime on the site. Allowing us to be a recipient of the grant will give the residents improved security and allow us to develop a computer room and extensive youth and adult programs.

PROJECT STREET: 3118 S. Mt. Vernon,
CITY,STATE,ZIP: Spokane, WA 99223
GRANT AMOUNT: \$124,287
GRANT NO: WA19HDE0010101

PROJ SUMMARY: Mount Vernon Terrace is an apartment community for families located in the established Lincoln Heights neighborhood. Mount Vernon has long been regarded as an affordable community that empowers families through its location near good schools, proximity to businesses/services, and access to public transportation. Over the course of several years, the property has become the nucleus of crime and drug problems in the neighborhood. In this second year of the property's drug elimination program, efforts to ensure that Mount Vernon is a "physically-safe" place will continue. Recent replacement of unsafe sliding glass doors will be followed with the replacement of ground floor windows and addition of automatic locks and pins. The property's office will be relocated to a central and highly visible location. The new offices will be fully accessible and provide a meeting/patrol center for "Apartment Watch" and use by "COPS" volunteers. Management and residents will continue their partnerships with the Spokane Police Department and Blockwatch to maintain and strengthen the anti-drug atmosphere on the property. The youth of the property will be engaged in our drug elimination program through sports and a YMCA-sponsored literacy program to help them avoid drug use and build community on the property and in the larger neighborhood.
