## Outstanding Secretarial/Clerical Employee: Beverly De Haan

With her working knowledge of every aspect of Consumer Expenditure Surveys, her competence and experience restructuring office procedures, and her multi-tasking abilities, it is no wonder that Beverly De Haan provides great technical and moral support for nearly 70 employees in the field. Her enthusiasm for supporting data collection is one of the reasons that the local Consumer Expenditure Quarterly survey has ranked number one or number 2 more frequently than any other region's.
