

Data Sharing

Existing Capabilities

Short Term (6-12 months)

Long Term (1-3 years)

Existing

- Screen Mining software
- XML Download of basic data

index:mai

Download PBCA Files

Performance-Based Contract Administrator XML Extracts

	PBCA ID	Organization	File
1	IN800	IN800 - Indiana Housing Finance Authority	Property-Based XML Extract

Short Term

- Additional Extracts
 - Uses XML Format
 - Compressed/ZIP files for faster downloads
 - [index:mail](#)
 - Need your input for requirements
 - Advantages
 - Faster than screen mining
 - Does not affect on-line performance
 - Is not affected by on-line changes
-

Longer Term

- Two way data sharing
 - Can reduce dual input to local system and HUD iREMS System
 - Uses XML Format index:mail
 - Provides standards for transmitting iREMS data to HUD
 - Provides feedback on transaction errors
-
