- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required

- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

**Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- Apply for additional section 8 units should they become available

Other (list policies and developments targeted below)

A. Flat Rent Policy

B. Deconcentration Policy

1. Objective: The objective of the Deconcentration Rule for public housing units to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.
2. Actions: To accomplish the deconcentration goals, the housing authority will take the following actions:
  - a. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of moves-ins from the previous housing authority fiscal year.
  - b. To accomplish the goals of:
    - (1) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
    - (2) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is part of this policy, provides for skipping families on the waiting list to accomplish these goals.

The Jasper Housing Authority PHDEP program plan has been in place since 1993, with the exception of FY 1996, which was not funded. The program provides funds for extra duty police officers to patrol all PHA sites to aid in the elimination of drug related crime and activity, which was rampant prior to 1992. Activities related and funded with PHDEP and non-PHDEP resources include extensive youth sports, tutorial, cultural arts, and drug awareness activities.

## Section 2: PHDEP Plan Goals and Budget

### A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

Goals and Objectives: 1) To maintain a high profile police presence at PHA sites that will deter and eliminate drug related crime and use/sale activities. 2) To present positive role models to PHA youth. 3) To provide an effective means to enforce the curfew, trespass, and "One Strike & You're Out" policies of the Authority. 4) To provide a means to steer PHA youth away from the drug lifestyle by education, youth sports and other cultural and tutorial programs being provided.

Role of Partners: Jasper Police Department personnel work closely with management in enforcing policies and rules, and assist in identifying troublemakers from outside of the areas for either law enforcement or management action. Management and Boys & Girls Clubs personnel also work with education and other social service providers to assist youth and their families where needs are identified. Through the police personnel, management and

youth workers, all other provider agencies are communicated with for provision of services within their respective service areas where warranted.

Monitoring Evaluation: This is provided through quarterly meetings of the Joint Drug Elimination Advisory Committee that is composed of members of the Jasper Police Department, City of Jasper representatives, Jasper Housing Authority management and representatives of the Resident Council.
