## **1. Statement of Housing Needs**

[24 CFR Part 903.7 9 (a)]

**This housing authority has determined that the housing needs for low-income and very-low income families ( including elderly families and families with disabilities) in the municipality and on the HA waiting list are as follows:**

**The waiting lists among a sample of rental agencies and the HA waiting list states the following:**

**81 applicants**

- 78% have income <=30% AMI**
- 16% have income >30% but <=50% AMI**
- 6% have income > 50%, but <= 80% AMI**
- 19% are elderly**
- 25% are families with disabilities**
- 77% are white/non-hispanic**
- 14% are hispanic**
- 9% are black**

**Affordability, quality, and location appear to be very important to these families when they are seeking rental property.**

### **A. Housing Needs of Families in the Jurisdiction/s Served by the PHA**

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

**In order to get the information needed for the following chart, a copy of the chart was sent to six rental agencies in this jurisdiction. Four of the tables were returned completed. The information was compiled and entered on the chart below.**

<b>Housing Needs of Families in the Jurisdiction by Family Type</b>							
<b>Family Type</b>	<b>Overall</b>	<b>Affordability</b>	<b>Supply</b>	<b>Quality</b>	<b>Accessibility</b>	<b>Size</b>	<b>Location</b>
Income <= 30% of AMI	24	5	3	5	4	4	4
Income >30% but <=50% of AMI	3	5	3	5	4	4	5
Income >50% but <80% of AMI	0						
Elderly	8	5	3	5	4	3	4
Families with Disabilities	3	5	3	4	3	3	2
White/Nonhispanic	15	5	3	5	4	3	5
White/Hispanic	12						
Black/Nonhispanic	0						
Black/Hispanic	0						

**According to the Comprehensive Housing Affordability Strategy (CHAS) Databook of Alabama using 1990 data, the following information is available for families already renting a unit in the entire Blount County in which Oneonta Housing Authority is located. In 1990, there were 2672 occupied renter units and 213 vacant renter units. 52% of the renter occupied units have annual gross rent<=0-30% HUD Adjusted Median Family Income (HAMFI). Therefore, affordability had a great impact on extremely low income renters. Of the vacant units, 65% are affordable to income that are < 30 % HAMFI. Of the current renters, 21 % are elderly. 2% are black non-hispanic households. 2 % are hispanic households. Out of all renters with 0 – 30% HAMFI, 5.4 % experienced overcrowding. In the same income category, large related renters experienced overcrowding 66.7%. Out of all renters with 31 – 51% HAMFI, 3.9% experienced overcrowding. In the same income category, large related renters experienced overcrowding 18%. Therefore unit size would have a high impact on large families. There are no emergency shelters in the Oneonta Housing Authority jurisdiction.**

What sources of information did the PHA use to conduct this analysis? (Check all that apply; all materials must be made available for public inspection.)

- Consolidated Plan of the Jurisdiction/s  
Indicate year:
- U.S. Census data: the Comprehensive Housing Affordability Strategy (“CHAS”) dataset
- American Housing Survey data  
Indicate year:
- Other housing market study  
Indicate year: 1999 – Study was made of a random sample of rental agencies in this jurisdiction.
- Other sources: (list and indicate year of information)

**C. Strategy for Addressing Needs**

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

**The HA will effectively manage and maintain the public housing units in order to minimize the number of days a public housing unit is vacant by reducing the make-ready time and lease-up time, then targeting assistance to families by adopting rent policies and renovations that meet their needs. Owners throughout the jurisdiction will be made more aware of the Section 8 program and possibly assisted with applicant screening, and applicants will be made aware of units available throughout the entire jurisdiction.**

**(1) Strategies**

b.  Yes  No: Did the PHA adopt any changes to its **admissions policies** based on the results of the required analysis of the need to promote deconcentration of poverty or to assure income mixing?

In the ACOP, the PHA has adopted a deconcentration policy in order to be compliant and it is as follows:

## DECONCENTRATION RULE

1. Objective: The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.

2. Actions:

A. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of moves from the previous housing authority fiscal year.

B. To accomplish the goals of:

(1) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and

(2) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is a part of this policy, provides for skipping families on the waiting list to accomplish these goals.
