⊗ Admissions Policy for Deconcentration: The admissions policy for deconcentration for Public Housing is contained in HA's Admissions and Continued Occupancy Policy (ACOP) as follows: Section XI 3 D of the ACOP, which is the Tenant Selection and Assignment Plan, states that "Provided, however, the provisions of the deconcentration rule, contained within this policy, shall supercede the selection of applicants based on the date and time and local preference, if applicable, and allow the HA to skip families on the waiting list to accomplish this goal." The Deconcentration Policy of the HA for Public Housing is contained in Section XXVI of the ACOP, and reads as follows:

Deconcentration Rule for Public Housing:

1. Objective: The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.

2. Actions: To accomplish deconcentration goals, the housing authority will take the following actions:

A. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.

B. To accomplish the goals of:

(1) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and

(2) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income. The housing authority's Tenant Selection and Assignment Plan, which is a part of this policy,

provides for skipping families on the waiting list to accomplish these goals.

The admissions policy for deconcentration for the Section 8 Program is contained in the Section 8 Administrative Plan as follows: Section XII 3 B of the Section 8 Administrative Plan, which is the Section 8 Applicant Selection Process, states that, "Provided, however, the provisions of the deconcentration rule, contained within this policy, shall supercede the selection of applicants based on the date and time and local preference, if applicable, and allow the HA to skip families on the waiting list to accomplish this goal." The Deconcentration Policy of the HA for Section 8 is contained in Section XXXIV of the Section 8 Administrative Plan and reads as follows:

Deconcentration Rule Section 8:

The objective of the deconcentration rule for section 8 tenant-based assistance is to admit no less than 75% of its new admissions to the program to families that have income at or below 30% of the area median income. The HA will track the status of all new admissions monthly by utilizing income reports generated by the HA=s computer system. The goal will be tracked monthly and if the HA is not reaching its goal, families will be skipped on the waiting list to admit a family that has income that is at or below 30% of area median income. The practice will continue until the HA achieves its goal. The HA=s Section 8 applicant selection process, which is contained in the section 8 administrative plan provides for the skipping of families on the waiting list to accomplish this goal.

All residents were notified of the availability to serve on the Advisory Board and the following residents expressed an interest and were appointed to the Advisory Board by the Board of Commissioners. The residents names are as follows: From Public Housing, Ms. Mona Rutledge - Alameda Court, and Ms. Karita Moore – Westside Court: From the Section 8 Program, Ms. Vida Tabor and Ms. Cindy Hernandez. There have been two meetings held to discuss the Annual and Five Year Plan with the Advisory Board, which were held on November 3rd and 12th. The residents were very supportive of the plan and the only comments offered was by Ms. Rutledge, and she requested that the existing exterior front doors, which contain glass be replaced with

solid wooden doors with a peep whole. The majority of the residents are elderly and she believes that this improvement would make the residents feel more secure. The HA plans to meet with the Advisory Board on a quarterly basis to discuss the progress being made in accomplishing to goals of the annual and 5 year plan for the HA. Also, the HA has documentation on file to support the meetings with the Advisory Board and copies of all correspondence to residents concerning the establishment of an Advisory Board.
