ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Annual Plan was developed by the Evergreen Housing Authority (EHA) in accordance with the Rules and Regulations promulgated by HUD.

The goals and objectives of the EHA are contained in the Five-Year Plan and the ACOP/Section 8 Administrative Plan. These were written to comply with the HUD guidelines, rules, regulations, and Federal Law. The basic goals and objectives are:

1. Increase the availability of decent, safe and affordable housing in Evergreen, Alabama.
2. To insure equal opportunity in housing for all Americans.
3. To promote self-sufficiency and asset development of families and individuals.
4. To help improve community quality of life and economic vitality.

This plan was written after consultation with necessary parties and entities as provided in the guidelines issued by HUD. All necessary accompanying documents are attached to the document, or are available upon request.

The PHA plans to make as many affordable housing units, that are suitable for living, and that will meet the economic needs of families, available to as many families as possible in the jurisdiction it serves. We intend to make capital improvements to our existing housing stock with available funds to improve living conditions. We further plan to improve our vacancies

by improving our turn-around time for vacant units, and lease up capability to ensure more families in occupancy.

We plan to follow the deconcentration and income mixing policies, following information taken from the development analysis, to insure a balance of income levels and income mix at each development.

The PHA has set a discretionary minimum rent for public and Section 8 housing, and has adopted a minimum rent hardship policy.

X Admissions Policy for Deconcentration
PUBLIC HOUSING DECONCENTRATION RULE

SECTION XXVI. DECONCENTRATION RULE

1. Objective: The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.
2. Actions: To accomplish the deconcentration goals, the housing authority will take the following actions:
 - A. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.
 - B. To accomplish the goals of:
 - (1) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
 - (2) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is a part of this policy, provides for skipping families on the waiting list to accomplish these goals.

SECTION 8 DECONCENTRATION RULE

SECTION XXXIV. DECONCENTRATION RULE

The objective of the Deconcentration Rule for Section 8 Tenant Based Assistance is that no less than 75% of its new admissions to the program will be families that have incomes at or below 30% of the area median income. The housing authority will track the status of all new admissions on a monthly basis by utilizing income reports generated by the housing authority's computer system. The goal will be tracked monthly and if the housing authority is not reaching its goal, families will be skipped on the waiting list to admit a family that has income that is at or below 30% of the area median income. This practice will be continued until the housing authority achieves its goal. The housing authority's Section 8 Applicant Selection Process, which is a part of this policy, provides for skipping families on the waiting list to accomplish this goal.

- X Reduce turnover time for vacated public housing units. Reduce the turnover time to the shortest possible time so that units can be made available sooner. Records will be maintained and strategies made to reduce this time.
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction

- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- X Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program. We will provide fair housing training. We will also solicit new landlords for the program by outreach and publicity. We hope to add new landlords as listed in our goals.
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
