ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

In 1963 the LUXORA Housing Authority was founded to provide decent, safe and affordable housing to lower income people using subsidy assistance from the U. S. Department of Housing and Urban Development and other funds made available for that purpose. This housing authority will partnership with local and government agencies to promote self-sufficiency of families and individuals, and improve the community quality of life and economic stability and further ensures equal opportunity in housing for all Americans.

The PHA has developed a comprehensive plan to intensify marketing our housing stock, communication with our community and residents and to provide stronger and more effective security for our residents.

Our agency employs effective maintenance and management policies to minimize the number of units off-line, reduce turnover time on vacant unit and reduce time to renovate units through a strong management and maintenance program. This agency employs policies and preferences aimed at economic hardships and supporting and encouraging work, since families with income less than 30% of the median represent over 40% of our waiting list.

Our agency employs effective marketing to all people regardless of race, color, religion, national origin, sex, familial status, and disability. This agency promotes adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination and promote self-sufficiency and economic independence for residence.

The PHA employs waiting list skipping in order to achieve de-concentration of poverty or income mixing goals. The condition of our industry today is such that new rules, guidelines and directives have been issued which mandate changes in the operation of our PHA. We are faced with a decreasing availability of funding from HUD. In the face of needing to provide more services for Americans of lower income. The availability of funding is essential for the PHA to maintain its current level of operation and provide

necessary services. This agency is at a point when the PHA must continue to provide all programs under more limited budget constraints and with more extensive regulations and laws. To accomplish these goals we have developed a comprehensive plan to intensify and accelerate our marketing activity for rental of our units, development and services. To implement our plans we will need adequate funding revenues, including procuring of grants to aid in our efforts to comply with our 5 Year and Annual Plans.

This PHA will continue to work with our Resident Council, Resident Advisory Board and Board of Directors of which provide support for management decision and creativity.

The PHA will continue to educate residents and applicant through briefing, notices and flyers of all changes within the PHA.

We will ensure the safety and security of our residents through screening of applicants, getting resident involved in neighborhood watch, extra patrolling and reporting of crime in the authority by local police. We will adhere to our “One Strike You’re Out”, at all times.

The PHA objectives and goals are further described in the Admission and Continued Occupancy Policy. A copy of this A.C.O.P. has been placed in the lobby of our administration building, at the public library and at LUXORA City Hall along with the 5Year and Annual Plan.

The LUXORA Housing Authority shall continue to provide the most services possible considering the funds availability. This agency intends to join in a consortium with the Housing Authority of the City of Osceola, which will enhance the operations of both agencies and will make the agencies more productive in its operations and management by utilizing both office and staff, maintenance staff.

The PHA has adopted policies that give incentives for people to go to work, such as disregard of income for a period of time, flat rents and etc., which is addressed in our Admission and Occupancy Policy.

ATTACHMENT A- ADMISSION POLICY FOR DE-CONCENTRATION

As stated in the PHA Admission,, Occupancy, and Rental Policy

Section 513 of the Quality Housing and Work Responsibility Act of 1998 makes several amendments to Section 16 with respect to deconcentration of poverty and income targeting. The LUXORA Housing Authority has and will assign units in accordance with its Statement of Policies Governing Admission to and Continued Occupancy of Low-Income Housing projects owned and operated by the Housing Authority of the City of LUXORA, Arkansas, hereinafter referred to as "Statement of Policies."

Income mixing is and will be accomplished by the PHA's Statement of Policies by establishing a tenant body in each project composed of families with a broad range of incomes and rent paying ability which is generally representative of the ranges of incomes of low-income families in PHA's area of operations, as defined in State Law.

De-Concentration is and will be accomplished by the PHA's Statement of Policies by assigning units in a manner that will avoid concentrations of the most economically and socially deprived families in any one or all of the projects.

The Housing authority may offer incentives to eligible families that would help accomplish this goal. In addition, skipping of a family on the waiting list specifically to reach another family with a lower or higher income will be done as required to meet this goal.
