A Resident Advisory Board meeting was held on May 11, 2000. Five residents attended the meeting. Residents made the following comments:

Ms. Anna Hunter: "I would like a safe house for battered and abused women with twenty-four hour hot line"

Ms. Florence Parks: "I hope to get a bathtub at #394."

Ms. Louise Mills-Crawford: "I would like to get central air, a street sweeper, improvement of playground equipment, storage houses, and keep our police security."

Ms. Toni Brittnum: "I have several suggestions, but my main suggestion is to have clothed dryer hookups in the Grobmyer units."

A monthly meeting of the residents representing our three developments was held on May 24, 2000. Approximately twenty-five residents were present at the meeting in which Ms. Duncan explained the Annual and Five-year Plan for the housing authority. All residents were given an opportunity to ask questions or give suggestions relating to the plan.

The resident comments centered on some things they would like to see done in the future. Air conditioning, ceiling fans, better grade of interior paint, pest control, and clothes dryer hook-ups were on the list. The residents expressed their appreciation of the new floors and kitchen cabinets many of them had received.

1. Consolidated Plan jurisdiction: State of Arkansas

2. The PHA has taken the following steps to ensure consistency of this PHA Plan with the Consolidated Plan for the jurisdiction: (select all that apply)

- The PHA has based its statement of needs of families in the jurisdiction on the needs expressed in the Consolidated Plan/s.
- The PHA has participated in any consultation process organized and offered by the Consolidated Plan agency in the development of the Consolidated Plan.
- The PHA has consulted with the Consolidated Plan agency during the development of this PHA Plan.
- Activities to be undertaken by the PHA in the coming year are consistent with the initiatives contained in the Consolidated Plan. (list below)

The Forrest City Housing Authority administers 448 units of public housing. As a small authority, it lacks the means to pursue a wide range of programs. Its public housing program, however, clearly meshes well with the Arkansas Consolidated Plan Five-Year Goals. The state's goals for housing are to rehabilitate existing housing, and to support rental assistance programs. Through its Capital Fund Program for ongoing modernization, and through its well run public housing program, the Forrest Housing Authority furthers these state goals.

Other: (list below)

4. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

D. Other Information Required by HUD

1. Criterion for identifying a "substantial deviation" from the PHA Plan

The Forrest City Housing Authority will consider the following to be changes in its *Agency Plan* necessary and sufficient to require a full review by the Resident Advisory Board before a corresponding change in the Agency Plan can be adopted.

1. Any alteration of the Authority's *Mission Statement*;
2. Any change or amendment to a stated Strategic Goal;
3. Any change or amendment to a stated Strategic Objective except in a case where the change results from the objective having been met;
4. Any introduction of a new Strategic Goal or a new Strategic Objective;
5. Any alteration in the Capital Fund Program Annual Plan that affects an expenditure greater than twenty percent (20%) of the CFP Annual Budget for that year.

In setting the above criteria, the Forrest City Housing Authority intends by "Strategic Goal" and "Strategic Objective" specifically those items under those headings in its *5-Year Plan*.

Because the Annual Plan already requires annual review by the Resident Advisory Board and by Public Hearing, the Authority believes this annual process sufficient to meet the spirit of the *Quality Housing and Work Responsibility Act of 1998*. It expects that changes to the Annual Plan will be primarily administrative in nature. It believes, however, as shown in item #5 above, that significant changes in its planned modernization expenditures should be subject to a resident/public process.

The Forrest City Housing Authority has also reviewed the requirements set out in HUD Notice PIH 99-51. It here incorporates the several additional criteria established by HUD for "substantial deviation" and "significant amendment or modification" to its Agency Plan. The FCHA will also consider the following events to require a public process before amending such changes to its Agency Plan.

- changes to rent or admissions policies or organization of the waiting list;
- additions of non-emergency work items (items not included in the current Annual Statement or 5-Year Plan) or change in use of replacement reserve funds under the Capital Fund;
- additions of new activities not included in the current PHDEP Plan and
- any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

The Forrest City Housing Authority acknowledges that an exception will be made by HUD to compliance with the above criteria for any of the above changes that are adopted to reflect changes in HUD regulatory requirements; such changes will not be considered significant amendments by HUD.

2. Community Service Policy

(HUD Notice PIH 00-22 makes clear that as a “high performer” PHA, the FCHA is not required to complete Component 12 or to provide the Community Service Summary as an Attachment to its Plans. We add the following voluntarily, and therefore do not add it to our Plans as an attachment.)

The Forrest City Housing Authority has a system in place to comply with QHWRA regulations regarding mandated community service. Each resident 18 years or older, who has not been granted an exemption, must give a total of 8 hours per month to a volunteer type service. The housing authority has given notice of this mandate to all residents. We have posted a list of suggestions as to a place of possible need for their services (but not limited to), and we have been counseling with residents on the issue. Each resident who falls into the category of giving community service will be certifying to this at their annual re-examination time. Each resident must be able to bring in proof of the service given by a written certification form from the place the volunteer service was performed. This constitutes our policy, which is on going to be in compliance and changes and updates will take place as needed.

RESOLUTION NO. _____

**DECONCENTRATION & INCOME MIX PLAN OF THE
HOUSING AUTHORITY OF FORREST CITY, ARKANSAS
IN ACCORDANCE WITH
THE QUALITY HOUSING AND WORK RESPONSIBILITY ACT OF 1998**

The Housing Authority of the City of Forrest City, Arkansas, will offer units to low-income eligible applicants in accordance with our Statement of Policies governing admissions to and continued occupancy of low-income housing developments owned by the Housing Authority of Forrest City, Arkansas; hereinafter referred to as “Operating and Admissions Policy.”

- Deconcentration of poverty and income mixing will be accomplished by the specifics and methodology stated therein by the Operating and Admissions Policy.
- The public housing authority’s policy is designed to provide deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. The stated methods are intended to avoid concentrations of the most economically and socially deprived families in any one or all of the projects.
- The public housing authority’s policy is further designed to establish income mixing by establishing a tenant body in each project composed of families with a wide range of incomes and rent paying ability which is generally representative of incomes of low-income families in the public housing authority’s area of operation.

The public housing authority will gather data and analyze annually the tenant characteristics of its public housing stock to assist in the public housing authority’s deconcent

AR099c01. Table for 5-Year Action Plan for Capital Fund (Component 7)

The following plan follows instructions in HUD Notice PIH 99-51, especially section III E., defining "large capital items" as those that account for ten percent (10%) of a PHA's annual grant or that are over \$1 million. That notice adds that PHA are not required to report items less than \$25,000 in their 5-Year Action Plans regardless of the amount of their annual grant.

The Forrest City Housing Authority has followed these guidelines. Its annual grant estimated amount is \$843,244. We here identify work items that meet the ten-percent threshold, or that are above \$84,324. In stating the total estimated cost over the next five years for each development, we give only the cost for the "large capital Items" total work planned at each development. Other planned items are not listed because they do not meet the PIH 99-51 clarified threshold. A more complete detailed plan showing all work items in our 5-Year Modernization Plan is available for public review at the Forrest City Housing Authority.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The strategy used by the Forrest City Housing Authority is a comprehensive approach to solve the problems. This includes police foot patrols, educational programs for both youth and adults, youth sports, self-esteem programs for youth, mentoring programs, parenting classes, and welfare-to-work programs. Our partners include the police, school district, Cooperative Home Extension Service, Private Industry Council, East Arkansas Literacy Council, Library, Parents Organized for Peace and Security, Forrest City Teens Against Drugs, and RAMP (Resident Council). A Drug Advisory Board helps evaluate each activity, recommend new programs, and communicate the effectiveness of the current programs throughout the community.
