C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

We are required to state how we intend to address our community's housing needs to the maximum extent practical. While we wish we could meet the needs that exist in our jurisdiction, we are not optimistic about achieving this objective. The problem is that we lack the resources to address our housing needs. Neither the *Flagstaff Housing Authority* nor the Federal Government has the resources necessary to accomplish our objective. The only practical thing we can do is to apply for the grant opportunities made available by the U.S. Department of Housing and Urban Development over the course of the next year. Whenever possible we will respond to HUD Notices of Funding Availability to increase the amount of affordable housing in the City of Flagstaff.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources

- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
