***EXCERPT FROM ADMISSIONS AND CONTINUED OCCUPANCY
POLICY
ADMISSIONS POLICY FOR DECONCENTRATION***

10.4 DECONCENTRATION POLICY

It is WHA's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The WHA will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement. The worksheet for the analysis can be found in **Appendix 1**.

**10.5 DECONCENTRATION INCENTIVES .5 DECONCENTRATION INCENTIVES.5
DECONCENTRATION INCENTIVES.5 DECONCENTRATION INCENTIVES.5
DECONCENTRATION INCENTIVES**

The WHA may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

**10.6 OFFER OF A UNIT .6 OFFER OF A UNIT.6 OFFER OF A UNIT.6 OFFER OF A
UNIT.6 OFFER OF A UNIT**

When the WHA discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income targeting goal.

The WHA will contact the family first by telephone to make the unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be given five (5) business days from the date the letter was mailed to contact the WHA regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family will have two (2) business days to accept or reject the unit. This verbal offer and the

family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the WHA will send the family a letter documenting the offer and the rejection.

10.7 REJECTION OF UNIT .7 REJECTION OF UNIT.7 REJECTION OF UNIT.7 REJECTION OF UNIT.7 REJECTION OF UNIT

If in making the offer to the family the WHA skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list and will not be otherwise penalized.

If the WHA did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will forfeit their application's date and time. The family will keep their preferences, but the date and time of application will be changed to the date and time the unit was rejected.

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

Funding will represent a continuation of our ongoing drug elimination program; however, due to funding reductions, we will have to eliminate certain aspects of the program. We will continue to fund our after school Life Skills Program, Resident Initiatives Coordinator salary and computer training. The Life Skills Program is a partnership between Citizens Against Substance Abuse(CASA), Northern Arizona Council of Governments (NACOG) and the Housing Authority; it is a program for Kindergartners through Sixth Graders which provides kids with the information and skills they need to live drug free, through implementation of a nationally recognized Level Three Prevention Program Curricula. CASA manages the program, and NACOG and WHA partially fund the program. Computer classes will introduce clients to computers and enable them to take full advantage of our computer resource center. In addition, the RIC will be responsible for partnering with organizations like Literacy Volunteers of Coconino County to bring ESL to our Spanish speaking residents.

The goal of the program is to provide both adult and children with opportunities to learn methods to enhance quality of life, employability and happiness, thereby reducing or preventing drug abuse. We have a Quality Assurance Team, made up of employees, residents and community leaders, which meets semi-annually to review program activities, expenditures and results. We grade each program area on pre-determined goals which rate attendance and the level of activity, as well as give the program an overall effectiveness grade based on overall PHA drug and crime activity for increases/decreases.
