## **1. Statement of Housing Needs**

[24 CFR Part 903.7 9 (a)]

The information of housing needs in the jurisdiction comes from the Consolidated Plan. This information is for the entire county of San Luis Obispo, but the Consolidated Plan also effects what is happenings in the city of Paso Robles.

Since 1990, there has been a minimum of new apartments built in the City either private sector or low income . This was due primarily to the depressed economy and limited funding available for low income housing. The rental market has become extremely tight with a vacancy rate of less than 1%. There is also a low turn over rate. Landlords in the private sector are raising rents. As a result, extremely low income and low income families cannot afford current rents. There are many cases of two families living together to afford the rent. The impact on extremely low income an low income seniors is not as severe due to more available low income senior housing.

**A. Housing Needs of Families in the Jurisdiction/s Served by the PHA**

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.
