5-YEAR PLAN
PHA FISCAL YEARS 2000 - 2004

[24 CFR Part 903.5]

A. Mission

B.

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.
- The PHA's mission is: (state mission here)

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- PHA Goal: Expand the supply of assisted housing
Objectives:
- Apply for additional rental vouchers: *The Housing Authority policy has been, and continues to be, to apply for additional Section 8 rental assistance whenever funding is available.*
 - Reduce public housing vacancies: *The Housing Authority vacate and turnover rate has consistently been less than 3% which is the standard by which HUD judges high performing agencies. The Housing Authority's objective is to maintain existing vacancy rate of less than 3%.*
 - Leverage private or other public funds to create additional housing opportunities:
 - Acquire or build units or developments
 - Other (list below)
- PHA Goal: Improve the quality of assisted housing

Objectives:

- Improve public housing management: (PHAS score): ***For the past two years the Housing Authority has been judged by HUD to be a High Performing Housing Authority. The Housing Authority's objective is to maintain its High Performer status.***
- Improve voucher management: (SEMAP score): ***HUD will monitor the Housing Authority's management of the Section 8 Voucher Program through the Section 8 Management Assessment Program (SEMAP). The Housing Authority's objective is to achieve high performer scores.***
- Increase customer satisfaction: ***The Housing Authority provides comment cards to both Section 8 and Public Housing tenants. Comments received are analyzed on an annual basis for suggestions on how to increase customer satisfaction. Comments have led to changes in annual eligibility renewal processes and choice of improvements made to Public Housing units.***
- Concentrate on efforts to improve specific management functions:
(list; e.g., public housing finance; voucher unit inspections)
- Renovate or modernize public housing units: ***Public Housing units within Santa Cruz County are approaching twenty years old. Within the past four years, the Housing Authority has received its first allocation of Capital Funds which has enabled the Housing Authority to begin renovation and modernization of Public Housing units. To the extent funds are made available, Public Housing units are modernized upon vacate.***
- Demolish or dispose of obsolete public housing:
- Provide replacement public housing:
- Provide replacement vouchers: ***Replacement vouchers will be made available when needed and when allocated by HUD.***
- Other: (list below)

- PHA Goal: Increase assisted housing choices

Objectives:

- Provide voucher mobility counseling: ***All Housing Choice Voucher recipients are provided with voucher mobility counseling by the Housing Authority, and at any time thereafter when they are in need of such counseling***
- Conduct outreach efforts to potential voucher landlords: ***The Housing Authority places quarterly newspaper ads; sends annual mailings to property management agencies; and conducts landlord briefings for the purpose of outreaching to potential voucher landlords.***

- Increase voucher payment standards: *On an annual basis, the Housing Authority analyzes the rent burden of voucher holders to determine when an increase in the voucher payment standard would enhance the use by Section 8 tenants of Housing Choice Vouchers in Santa Cruz County.*
- Implement voucher homeownership program: *Pending HUD regulations*
- Implement public housing or other homeownership programs:
- Implement public housing site-based waiting lists:
- Convert public housing to vouchers:
- Other: (list below)

HUD Strategic Goal: Improve community quality of life and economic vitality

- PHA Goal: Provide an improved living environment
 - Objectives:
 - Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments: *The Housing Authority exceeds HUD's goal that 62 percent of all families with low incomes live in low poverty areas (defined as a concentration of less than 20 percent). To ensure that the Housing Authority continues to meet and exceed this goal, an annual review of census tract locations of assisted families will be conducted to determine if there is a need to adjust admission policies and/or landlord recruitment policies to meet HUD's goal*
 - Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments: *Currently 100% of Housing Authority units are located in low poverty census tracts . If new census data demonstrates that a Public Housing site is located in a non-low poverty census tract, the Housing Authority will review the average tenant income at that project and consider implementing income targeting if it is determined that the average tenant income is significantly lower than income levels at other Public Housing sites*
 - Implement public housing security improvements: *The Housing Authority has implemented security improvements at several Public Housing sites including improved exterior lighting; deadbolt locks on all entry doors; self-closing doors at all laundry rooms; placement of police officers as residents at four Public Housing complexes*
 - Designate developments or buildings for particular resident groups (elderly, persons with disabilities)

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

- PHA Goal: Promote self-sufficiency and asset development of assisted households
- Objectives:
- Increase the number and percentage of employed persons in assisted families:
 - Provide or attract supportive services to improve assistance recipients' employability: *The Housing Authority works closely with social service agencies to improve and increase supportive services for elderly and disabled families. These organizations include the Central Coast Center for Independent Living; the Santa Cruz Community Counseling Center, the Santa Cruz AIDS Project; and the Santa Cruz Human Resources Agency. The Housing Authority provides referrals and coordinates with client services staff when needed, and works with these agencies to prepare joint applications for funding to provide supportive housing for elderly and disabled families.*
 - Provide or attract supportive services to increase independence for the elderly or families with disabilities. *By working with the agencies identified in the objective above, the Housing Authority increases independence for the elderly and families with disabilities.*
 - Other: (list below)

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

- PHA Goal: Ensure equal opportunity and affirmatively further fair housing
- Objectives:
- Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion national origin, sex, familial status, and disability: *The Housing Authority maintains a referral list of units in the County accessible to persons with disabilities, including affordable units owned by non-profits or other housing organizations, as well as units listed by landlords interested in renting to Section 8 tenants. As the technology for TDD communication devices improves, the Housing Authority upgrades its equipment to ensure complete accessibility for hearing-impaired individuals. In addition, the Housing Authority has an e-mail account that provides an opportunity for hearing-impaired individuals to contact the Housing Authority by modem if preferred.*

Also, the Housing Authority maintains fair housing brochures and posters in public areas of Housing Authority offices and properties; and makes this information available to members of the community who are seeking information about their fair housing rights. Referrals to HUD, FHEO, Legal Aid and other advocacy organizations are made upon request.

- Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability: *Public Housing is provided by the Housing Authority to the extent funding has been made available, in a range of bedroom sizes from one bedroom units to 5 bedrooms units; thereby providing for a broad range of housing need. Accessible units are made available to applicants with disabilities*
- Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required: *All individuals and families seeking housing assistance from the Housing Authority are provided an opportunity to identify to Housing Authority staff and on their application their need for special housing needs/reasonable accommodation. This information is used as a basis for identifying families eligible for accessible units. Public Housing Comprehensive Improvement Assistance Program (CIAP) funding has been used to improve physical access to public housing sites and units. The Housing Authority has also played an active role in the county-wide Continuum of Care working group; has worked with community groups to identify housing needs of persons with disabilities that could be met through HUD funding and Housing Authority programs. Also, the Housing Authority maintains a referral list of units adapted for use by persons with disabilities in the County.*

ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Mission Statement: "Helping low and moderate income families obtain housing they can afford." The Mission Statement for the Housing Authority of the County of Santa Cruz sets the framework for the Agency Plan and for the policies and practices of this agency.

The needs assessment in this agency plan identifies a significant need for affordable housing. Whereas census data is currently almost ten years old, parallel data on the Housing Authority wait list indicates that during the past ten years there has been an increase in the number of households who are in need of affordable housing as evidenced by an increase in the number of households seeking and qualifying for Housing Authority rental assistance. Meeting that need is the primary goal of the Housing Authority of the County of Santa Cruz and of this Agency Plan.

The Housing Authority has consistently implemented policies designed to increase the availability of housing assistance. It pursues a balanced approach between serving the greatest number of households while being fiscally responsible. Where discretionary policies are permitted by the United States Department of Housing and Urban Development (HUD), agency choices are to stretch the federal dollars to serve more families at the expense of providing deeper subsidies to fewer families. This is represented in the agency eligibility, selection and admission policies.

The Housing Authority's primary means for addressing the need for affordable housing is the Section 8 rental assistance programs. Rents for twenty-eight hundred (2800) Santa Cruz County households are currently made affordable through the Section 8 Certificate, Voucher and Moderate Rehabilitation Programs. The Housing Authority also makes 234 Public Housing units available throughout the County of Santa Cruz. As a result of turnover in these programs, approximately 240 households in need of assistance are newly served each year.

Whereas the Housing Authority participates and continues to participate in other programs to expand the supply of affordable, and administers and expands other programs designed to address affordability needs of low and moderate income, increasing the supply of Section 8 assistance is a primary goal for dealing with the housing needs identified in this plan. The Housing Authority applies for all such funding when made available by HUD.

Whereas expansion of affordability opportunities is the primary goal of the Housing Authority, managing existing resources to maximize community benefit and maximize the life of affordable housing resources is a significant objective of the agency. Within the Section 8 Program, agency policy is to maximize the number of Vouchers by applying for Housing Choice Vouchers when funding is available, and by minimizing the number of discretionary rent deductions and income exclusions. Whereas such discretionary benefits are permissible, they reduce the monies available to assist a larger pool of households.

Within the Public Housing Program, the Housing Authority strives to maximize the life of each residential unit through both maintenance/modernization practices and tenant selection and rent policies. Capital funds provided during the past four years have been used to address structural needs and modernization projects; tenant selection policies are designed to house households that will respect and care for their home and who represent a broad range of income within the limits of the program to provide a stable rental income base. The Agency Plan represents a continuation of these policies.

Integral to the administration of affordable housing programs and implementation of the agency plan is the agency's efforts to ensure equal opportunity for all county residents to agency programs. The Housing Authority has undertaken a variety of projects to increase independence for the elderly and for families with disabilities. The Housing Authority provides guidance and referrals to those who experience discrimination. The Housing Authority monitors income levels of public housing tenants and implements deconcentration practices when needed to maintain a mix of incomes at all public housing developments. It is within the Agency Plan to continue these policies and practices.

A significant characteristic of Santa Cruz County is the lack of concentration of low income households in specific geographic areas. HUD deconcentration data shows there are no impacted areas as defined by HUD. However, the location of assisted units is monitored and this agency implements practices designed to maintain a deconcentration of low income families.

The Agency Plan has been developed in consultation with County and City officials to coordinate efforts to broaden housing opportunities and to support County and City efforts to implement their affordable housing strategies.

This first Annual Plan synthesizes Housing Authority policies and programs into a complete representation of the actions taken by this agency to fulfill its Mission Statement and of its intentions for expanding its efforts to meet the affordable housing needs within the County.

B. Housing Needs of Families on the Public Housing and Section 8 Tenant-Based Assistance Waiting Lists

State the housing needs of the families on the PHA's waiting list/s. **Complete one table for each type of PHA-wide waiting list administered by the PHA.** PHAs may provide separate tables for site-based or sub-jurisdictional public housing waiting lists at their option.

The Housing Authority of the County of Santa Cruz waiting list is an orderly method of bringing families in to have their qualifications determined for the Housing Authority programs. The waiting list contains in excess of 6,000 names. As eligibility determinations are completed and self-declared data verified, the information is entered into the computer and can be summarized for the following needs table. The following data is for those families who will likely be served within the next six months, all of whom have declared their lack of interest in Public Housing. Data for Characteristics by Bedroom Size (Public Housing Only) is derived from a survey of names on the wait list who have indicated their interest in Public Housing, but whose eligibility determinations have yet to be completed. The following table is based on January 1, 2000 data.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The Housing Authority will apply for all available federal and state funds to expand our housing assistance programs. This policy continues an aggressive approach to expand the number of programs we can make available to county residents, and to increase the number of families that can be assisted. It builds on past efforts that have seen the number of assisted families grow from approximately 900 in 1980 to over 3,000 in 1999 in the Section 8 and Public Housing programs combined

The Resident Advisory Board met on January 11, 28 and 25, 2000, and on February 1, 2000. After reviewing and discussing the draft Agency Plan, the Board made the following comments as input to the Agency Plan review process:

Policy and Program comments:

- 1. Senior complexes are needed and should be included in future planning.***
- 2. A preference for disabled veterans is desirable and funds should be sought to help disabled veterans.***
- 3. Preferences should be established in a limited quantity for families with members who are disabled, elderly or with major illness.***

4. *Congress and HUD should not limit families in the amount they can pay for housing; tenants should make that choice. Limiting what a tenant can pay is counter to HUD's deconcentration policy, forcing some tenants to areas with lower rents.*
5. *The Board of Commissioner's policy to spread the available funds to greater number of families rather than using HUD allowed discretion to provide deeper subsidies to some is a good policy.*
6. *The Housing Authority should use every avenue available to build more affordable housing, including mixed financing.*
7. *The Housing Authority should implement a Section 8 Home Ownership Program when the final rules are published.*
8. *Section 8 tenants should be able to rent from relatives because it offers opportunities that otherwise would not be available to tenants seeking to use their vouchers; and rents can be lower.*

Other comments:

1. *A fact sheet on the Section 8 Program would be helpful for prospective Section 8 tenants when looking for housing.*
2. *The format of HUD's Agency Plan template should be re-designed to separate the Public Housing Program policies from the Section 8 Program policies.*
3. *A program to allow recipients to volunteer at the Housing Authority should be considered.*

ATTACHMENT A: ACHIEVING BROAD RANGE OF INCOME -DECONCENTRATION (Excerpt from Admissions and Continued Occupancy Policy)

Deconcentration Policy

It is Housing Authority of the County of Santa Cruz's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Housing Authority of the County of Santa Cruz will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments. Based on this analysis, we will determine if deconcentration measures will be required and if so, the level of marketing strategies and deconcentration incentives to implement. Deconcentration measures will be implemented when the average percent of median income in a Public Housing development is beyond the range of 20% to 40% of median income.

Deconcentration incentives The Housing Authority of the County of Santa Cruz may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.
