ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

The Pleasanton Housing Authority (PHA) is classified as both “high performing” and “small”. The agency plan requirements imposed by HUD are accordingly limited in scope. The Plan is further narrowed because we do not operate a Section 8 program, deferring instead to the Alameda County Housing Authority for that service. Persons interested in that program may wish to consult that Housing Authority’s Agency Plan.

Our emphasis in this Plan is on improving planning for long-term replacement and maintenance and preserving the high quality of management and amenities now provided at Kottinger Place, the sole property owned and operated by the PHA. This Goal derives from resident review of the proposed plan, which yielded consensus recommendations to maintain policies and practices already in place in order to preserve high levels of service.

Kottinger Place is a small (50 unit s), low-density public housing community that has virtually no crime or other significant social problems. It is located in a highly affluent community. Its small size and location mean that it is itself economically deconcentrating. Any attempt to bring higher income residents into this community would result in “reverse” income concentration. Thus, no deconcentration goals or measures have been proposed.

With respect to expansion of the affordable housing supply, the City of Pleasanton has taken an active role in supporting non-profit organizations such as BRIDGE Housing in the proposed development of 100 assisted living units and has a goal of assisting in the development of 30 low-income and 20 very low-income rental units. It is not expected that the Housing Authority will play a direct role in these developments.

The Resident Advisory Board and other residents met in three occasions prior to the public hearing to discuss issues raised by the proposed Five-Year and Annual Plans and by the Quality Housing and Work Responsibility Act. By the end of these discussions, there was a broad consensus on the following points:

Kottinger Place is well-managed and generally in very good condition. The Housing Authority's primary goal should be to continue to operate the development as they have in the past, giving particular attention to avoiding deferred maintenance and implementing the recently developed investment program.

- Security is not a significant problem. Minor vandalism and other problems are similar to those found in any middle-class neighborhood in this area.
- Police are very responsive and provide fairly frequent bicycle patrols through the development.
- The HUD-mandated planning process is not a good use of staff or resident time since a majority of the substantive requirements do not apply to Kottinger Place.
- More public housing, as opposed to other affordable housing and Section 8 vouchers, is needed in Pleasanton.
- Kottinger Place should become an exclusively seniors development.
- Veterans on the waiting list should be given a priority equal to that now given to Pleasanton residents and certain relatives of Pleasanton residents.

3. In what manner did the PHA address those comments? (select all that apply)

Considered comments, but determined that no changes to the PHA Plan were necessary.
