Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Annual Plan of the Weld County Housing Authority seeks to address the most significant housing issue in Weld County--the lack of affordable housing. The Section 8 Certificate and Voucher programs (soon to be merged into the Section 8 Voucher Program) offer rental assistance to eligible families. These programs address the needs of the working poor as well as offering an incentive to work, as applicants on the waiting list receive a priority for maintaining employment. Section 8 Vouchers are portable anywhere in the United States, so program participants are not restricted in their choice of where to live. This flexibility also addresses the issue of deconcentration of poverty.

As is not uncommon, the increase in the cost of housing exceeds the increase in wages in Weld County. This situation is not expected to improve in the near future. This plan will be reviewed and modified on an annual basis to

meet the needs of Greeley and all of Weld County as the merge with the Weld County Housing Authority is finalized.

-----------	----	--

b. Yes No: If the PHA is not maintaining the minimum program size required by HUD, does the most recent FSS Action Plan address the steps the PHA plans to take to achieve at least the minimum program size?
If no, list steps the PHA will take below:

The Weld County Housing Authority will request exempt status from HUD on FSS program requirements. The reason is due to the low wages in Weld County.

Housing costs have dramatically increased over the past two years and wages have not increased at the same rate. Data obtained through the Consolidated Plan of the City of Greeley indicates a minimum wage of \$10.25/hour is needed for a single person to support themselves without any form of public assistance. Yet most jobs available to FSS participants, even those with higher levels of education, pay approximately \$6-\$8.00 per hour. On these wages, it is very difficult for a two-parent family to achieve economic independence and virtually impossible for a single parent to meet this goal.

Because of the disproportionate wage scale, FSS tools such case management and supportive services are ineffective as they cannot address the wage problem. Many families will require public assistance in order to survive.

ATTACHMENT 1: Admissions Policy for Deconcentration

The Weld County Housing Authority operates a Section 8 Program that is comprised of 157 Certificates and 225 Vouchers. Deconcentration is addressed by the portability of the Section 8 Certificate and Voucher Programs. Certificate and Voucher holders are encouraged to find housing in any area that suits their needs. Portability is an option for every Section 8 participant and is not discouraged.

In addition, landlords from all areas are encouraged to participate in the Section 8 program. Landlord information packets are available to educate owners. PHA staff follows current regulations to inform landlords of tenants' former rental history.

Clients are educated as well. During the initial briefing, the Occupancy Specialist discusses issues of how to approach landlords, the importance of good references and maintaining their rental unit in good condition.

The goal of landlord/tenant education is to promote the Section 8 Program in all areas of the city as opposed to concentrated groups of low-income tenants. In addition, the educational component seeks to encourage responsible participation on the part of Section 8 tenants in efforts to encourage a wide base of landlord participation, thus not limiting housing choices to areas of poverty concentration.
