1. Statement of Housing Needs

[24 CFR Part 903.79 (a)]

NEEDS ASSESSMENT RESPONSE

The Quality Housing and Work Responsibility Act of 1998 requires the Area Housing Commission to set forth in our Annual Plan a Needs Assessment of the housing needs of our jurisdiction and our waiting list. Also, we are required to state how we intend to address these needs.

Attached is the information contained in the Housing Needs Section of our Consolidated Plan. It shows there is a significant need for additional affordable housing resources in our community. Also, per the requirements, we have attached data and tables that provide an analysis of our waiting list.

The information was analyzed in the following manner. We gathered data from our waiting lists and the Escambia County, Florida Consortium Consolidated Plan. Then we looked at this information from the perspective of the required groups and for the factors set forth in the Interim Rule.

The Area Housing Commission used this analysis to prepare our five-year goals and objectives. It reflects our priorities that we have set forth in our Mission Statement.

Finally, we are required to state how we intend to address our community's housing needs to the maximum extent practical. While we wish we could meet the needs that exist in our jurisdiction, we are not optimistic about achieving this objective. The problem is that we lack the resources to address our housing needs. The Area Housing Commission does not have the resources to accomplish our objective. The Federal Government has not made a commitment of its resources to effectively address our objective. The only practical thing we can do is apply for the grant opportunities made available by the U.S. Department of Housing and Urban Development and other housing fund providers over the course of the next year.

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

From Consolidated Plan 1995-2000

- 1) Those families with family incomes below 50% of median evidence the greatest overall need for housing-related services and support.
- 2) Over 70% of all low-income renters are faced with housing problems.
- 3) Elderly renters with incomes <30% of the median have pronounced housing problems with >60% of the elderly and >70% of all other household groups committing >30% income to rent.
- 4) With regard to severe cost burden, large family renters indicate the greatest need.
- 5) Overcrowding is most pronounced in the large family low-income type family.
- 6) A concentration of low-income families are black (non-Hispanic). This group represents 48% of all households with very low incomes.
- 7) For elderly and disabled renters the major needs are: additional rental assistance, increased availability of accessible rental units for all affordable ranges.

In summation: The most pressing housing needs for very low-income families in the AHC jurisdiction are:

Additional subsidized or below market rate affordable rental opportunities for household sizes with emphasis upon the elderly and large families.

Youth services will be designed to develop problem solving and drug and violence resistance skills by providing structured alternative activities for all youth ages 12 to 17. The SCAT officers will be required to submit a report monthly that list hours worked, types of arrest made and other activities they are involved in. The Deputies will submit daily logs that reflect the activities they are involved in. CDAC will submit quarterly reports that list the program objectives and goals and the efforts that are being made to meet those goals and objectives.
