Comments

The following were comments by the residents and the Board relating to the 5 Year and Annual Plans at the November 9, 1999 Board Meeting:

- 👉 Forming a non-profit Organization (501)(c) (3). The Chairman suggested that meetings be held to ascertain how this could best be utilized and he would begin organization of this project. It is thought that this can be done by 2002. The Executive Director will look into setting up meetings with other Housing Authorities who have already formed (501)(c)(3).
- 👉 With regard to the TOP Grant and training residents to be come more self-sufficient, presently, a tenant is employed to maintain the laundry rooms. It was suggested by the Chairman, that the Residents Association seek out legal advise as to how to form a small corporation, and give them a trial period with a probationary contract to see if they can do the work. The expense of training would come from the Residents Association budget. As to where training would be held, this would be up to the Residents Association. This project would have to be implemented by the Residents Association, with direction given by the Housing Authority. A landscaping business would be explored also. Local volunteers (SCORE) can be contacted by Melody Davis, of the Residents Association, to give direction to the group as to what procedures need to be followed. The reestablishment of the incorporation papers of the Residents Association will be initiated to bring it up to date.
- 👉 It was requested by Melody Davis of the Residents Association that the feasibility of an on-site day care center be explored. This would be a business run by residents and open to residents of Carver Estates, the day care would be licensed, insured and would have to meet state regulations.
- 👉 A Newsletter was discussed, which would go to tenants, landlords, HUD as well as staff of the Housing Authority. It was suggested by Commissioner Herman Green that this be prepared quarterly, rather than monthly, and that

the Residents Association appoint a member to participate in the preparation (gathering of information) along with the Administrative Assistant.

☞ It was noted that creating a computer lab for the residents in an off-line unit would require space that would not disturb residents. Melody Davis of the Residents Association noted that the high level of traffic would be disturbing to surrounding tenants. The Chairman noted that he would look into the possibility of obtaining a modular portable unit to be used for this computer lab.

- Grants will be applied for the Carver Estates Youth Program to maintain the relationship between the Housing Authority and the Program.

Strategic Plan

Executive Director
Delray Beach Housing Authority

Dear Ms. Ellington,

As per the request of Mr. Jo Albanese of JA Consultants, the attached is a detailed draft request for additional office space for the Family Self-Sufficiency Program. Mr. Albanese explained that the request would be incorporated into the Delray Beach Housing Authority's Strategic Plan.

Thank you for the opportunity for our agency to detail our requests and for your continued support of the Family Self-Sufficiency Program.

If you need any additional information or have questions, please contact me as soon as possible.

Sincerely,

Sophia Barrett, M.S.
Program Coordinator

Children's Case Management Organization was contracted by the Delray Beach Housing Authority to provide services for their Family Self-Sufficiency Program in 1994. Since that time we have served over 127 families. We have helped families obtain employment, childcare, Medicaid, vocational training, emergency assistance and home ownership. To date we have assisted dozens of family's with welfare to work, fifteen families have obtained a degree and/or vocational training and eleven families have purchased homes.

Children's Case Management Organization's mission is to provide a full range of case management and therapeutic services to every member of each family. In recent years our success has initiated much demand and we are now limited to provide those services. The FSS programs demand has initiated a substantial waiting list of fifty families. We simple do not have enough space for additional employees to service this demand. These families are unable to take advantage of an opportunity to better their lives based on our unfortunate limitations.

In response to the extensive waiting list, C.C.M.O and the DBHA have applied for several grants with the Community Foundation, Washington Mutual and the Palm Beach Community Chest. We have received two of the three requests and we are confident that the other will be granted. The additional position will enable us to serve twice as many families in the community, but the issue of additional space still remains.

Presently Children's Case Management Organization receives \$37,000 and inkind costs to include: Office space (approx.700 square feet), water and electric, and use of the Housing Authority's meter and copying machines. The following is a breakdown of the requests of C.C.M.O. to include a continuation of present allotments and additional office space.

| ITEMS REQUESTED | SIZE/ COST | FREQUENCY |
|---|--|------------------|
| Additional Office Space | 5 Offices/ Waiting Area/ Kitchen Area - 1200 Sqft | Full Time |
| Use of a Boardroom | N/A | Once a Month |
| Continued use of Meter & Copying Machines | \$0.33x78=\$25.74 \$25.74 x 6months=\$154 | Every Two Months |

| | | |
|-------------------------------------|-----|-------------|
| Use of a Training/ Workshop Room | N/A | Once a Week |
|-------------------------------------|-----|-------------|

Office Space- The need for additional space is due to the growing waiting list and the need for additional staff. We also have two Barry University students at any given time providing therapeutic services.

Boardroom- The boardroom is needed for our monthly staff meetings and our quarterly meetings with the DBHA staff.

Meter & Copier- The meter is used for mass mailings to inform FSS clients of their escrow balances and for workshop and training announcements. The copier is used to make copies of tenant's recertification for escrow account calculations.

Training/ Workshop Room- The training and workshop would be used for our weekly women's support group, monthly educational trainings and the quarterly Bank Atlantic Workshops.

Children's Case Management Organization has shared our "wish list" with the Executive Directors of Alpha Time and Carver Estates Youth Program with intentions to provide a proposal that is truly consistent and reflects the common needs of all the social service agency housed in Carver Estates. Our agencies are in agreement that additional services are needed, but space is limited to provide those necessary services.

COMMENTS REGARDING THE DBHA FIVE YEAR PLAN

History of agency

Alpha-Time Children's Center, an early childhood development child-care facility was founded and established in November 1981 by Dr. Semmie Z. Taylor, pastor of The House of God Church, Delray Beach, as a community service to provide the children of Carver Estates with affordable quality child-care.

Carver Estates, a low-income housing development overseen by the Delray Beach housing Authority and governed by HUD, is located in the southwestern section of Delray Beach and consists of multicultural families. Child-care was very much needed but the funding was not there to assist in this vision.

Although a full-certified staff volunteered and DBHA charged minimum rent, the cost to operate quality child-care center and to keep the fees nominal was utterly impossible.

Harry Lippert, Director of the Florence Fuller Child Development Center in Boca Raton in 1983, was informed of our mission and became an advocate for the children of Carver Estates and supported us in our quest to acquire subsidized child-care for eligible parents.

Because of the high risk and liabilities that may occur in operating a child-care facility, Alpha-Time became a separate entity and self-supporting. In 1985, it became a non-profit organization, Alpha-Time Children's Center of Palm Beach County, Inc. and opened its door to the wider community.

Alpha-Time can serve up to eighty-two children in its existing space. Hundreds of children are growing up mentally, socially and physically equipped due to their first beginnings at the center. We provide a safe nurturing environment for children twelve months to five years old.

Training is available for parents through the (PSP) Parent Support Project. Parents and extended members of the families are educated concerning their roles in their children's total development.

Our goal is to provide a well-rounded curriculum to develop, the "whole" child, based on each child's individual needs, interests, handicaps and abilities.

To provide a warm nurturing, safe and loving environment where self-concepts are enhanced, independence encouraged and individuality respected.

To insure good health in all our children and that the meals that are served meets nutritional

requirement that promotes growth and a sound body.

By giving children the essential academic and social skills and improving their physical well being, they will have a smooth transition into the elementary school environment, thus enabling their teacher to concentrate on enhancing their skills rather than having to start at square one. The children will enter school wanting to learn and will be more likely to become achievers than dropouts.

In July 1997, Alpha-Time Children's Center achieved accreditation by the National Academy of Early Childhood Programs. The center is also a recipient of the Gold Seal Award.

Collaboration

Presently, Alpha-Time Children's Center receives in-kind cost, which includes office space, day-care space, kitchen equipped and with commercial stove, two refrigerators and one freezer. This space is approx. 6600 sq. ft. DBHA also in-kind cost for the water and electrical use, and the use of DBHA copying machine.

New Building

There is a growing need for child-care centers to provide service to mothers with infants starting at the age of six weeks. Because of the lack of space, Alpha-Time Children's Center had to decline services to mothers who are in need of quality care for their infants.

A new building with approx. 4500 sq. ft. will be utilized to its fullest, giving space for:

- Classrooms (5) for infants to five years old
- Cable ready classrooms
- Phone lines in each classroom
- Office space
- Reception area
- Commercial kitchen area
- Cafeteria (are appropriate furnishing)
- Multi-purpose room
- Employee's break-out room and separate restroom
- Boardroom
- Training Room
- Copier
- Storage
- Two fenced playground areas (with age appropriate equipment)

There will be some areas in which each social service agency within Carver Estates will share.

Section 4: Certifications

A comprehensive certification of compliance with respect to the PHDEP Plan submission is included in the “PHA Certifications of Compliance with the PHA Plan and Related Regulations.”
