ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

This Annual Plan, for the fiscal year ending March 31, 2001, is our first such plan prepared under the requirements of the Quality Housing and Work Responsibility Act of 1998. This Plan follows the form prescribed by the U. S. Department of Housing and Urban Development, and will be submitted to their office upon its approval by the Lee County Housing Authority Board of Commissioners. The first section of the Plan addresses information required in a computer based input format. The second section includes supporting documents such as budgets and program plans. The third section encompasses the various policies employed by the Authority.

This Plan addresses nearly every aspect of the operations of the Authority. Many of the policies you will see in the plan have been in force previously. We have reviewed all of these policies and any changes recommended have been incorporated into the plan.

Significant changes to our operations that are in this plan include the following:

- Site Based Waiting Lists. This change will allow applicants to apply for specific sites rather than being required to accept the first available apartment regardless of location.
- Rent Determination. A flat rent schedule is proposed that attempts to reflect the actual market value for the apartments. This schedule would be optional for residents as they have the choice to continue to pay rent based on their income.
- Capital Grant Budget. Unlike previous years, the Authority is now eligible for formula based funding for capital improvements. A budget has been prepared to show how these funds will be utilized in the coming year and for four additional years.
- Drug Elimination Program. This will also mark the first year of involvement in the Public Housing Drug Elimination Program. A plan for the utilization of these funds is included.
- Dwelling Lease. Our Lease has been revised to meet the requirement for a 12-month term and to incorporate the requirement for eight hours of community service per month for adult persons who do not work or otherwise qualify for an exemption.
- Maintenance Charge Schedule. This schedule has been updated to reflect labor and material cost increases.

A. Deconcentration Policy

The Lee County Housing Authority has reviewed the relative incomes of families residing in public housing units. It has been determined that each of the developments has an average tenant income below the poverty level. Therefore, in order to provide for deconcentration of poverty, the admissions policy will target the admission of families above the poverty level by continuing to give a preference for families with earned income. The Authority will review on an annual basis the average tenant income and will make changes as required to the admissions policy to address deconcentration efforts. Such changes may include providing preferences for certain properties based on tenant income that is above or below the poverty level.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan and/or system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

Our primary goals are to reduce the fear of crime in the LCHA neighborhoods, reduce drug related activities, reduce the perceptions of the presence of criminal and gang activity, and obtain a crime rate within the LCHA that is lower than the county at large. Our strategies include making physical improvements to enhance safety and providing youth activities to deter them from participating in drug and/or other crime related activities. The service providers will provide recreational, educational, and cultural awareness programs in order to meet the goals listed above. Additionally, service providers must provide an evaluation mechanism as stipulated by their contracts. The housing authority staff will monitor each contract on a monthly basis to verify contract compliance. Before the programs start and after they are complete, a third party independent program evaluator will survey the residents and the service providers to determine the effectiveness of the drug elimination program.
