The PHDEP funds for FY 2000 will be used to track and reduce drug related criminal activity in and around public housing neighborhoods in Butler, Marshallville, Montezuma, Oglethorpe, and Reynolds, Georgia. The Housing Authority will work through Board Members to develop a drug elimination policy that works in each of the five cities it serves. The local police departments and mayors offices in each of the five local jurisdictions are key components of the development and delivery of the Housing Authority’s drug elimination strategies. The Housing Authority intends to develop effective barriers to drug sales and distribution by installing additional security lighting, erecting fences and by working with local city officials to reduce the flow of unauthorized traffic in public housing neighborhoods. The authority will contract with local law enforcement officials for enhanced law enforcement services and it will work to insure data is collected to support the drug elimination efforts of local law enforcement service providers.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan participants, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The target population for the 2000 PHDEP fund will be young adult and adolescent drug users; older adults and elderly residence seeking additional security and youth and pre-teens needing prevention education. The Housing Authority’s goals are to address the needs of each of these population groups by enforcing the authority’s zero tolerance policy by increasing security services and by providing drug education and drug alternative activities. Partners in the authority’s drug elimination efforts include the PHA’s Board of Commissioners, City Council, Mayors offices, Local Law Enforcement Officials, organized resident groups, and local service providers like DFACS, substance abuse programs, and drug task force officials. Developing a more effective monitoring and evaluation strategy will be a key factor in the PHA’s 2000 drug elimination strategy. The PHA intends to improve its crime mapping initiative and resident tracking efforts during the upcoming year by working collaboratively with law enforcement officials.

Implementation of Public Housing Resident Community Service Requirements.

The Housing Authority will query the resident pool to find out how many adult residents are required to serve community service. The residents will be notified of their responsibility for community service and that all adults residing in a household will be required to sign the new lease. The new lease, effective October 1st, 2000, will contain the community service requirement. The Housing Authority's occupancy staff will maintain compliance records and at the end of one year will issue warnings to the residents who have not fulfilled their commitment. A new lease will not be executed for residents who are not in compliance at the end of the second year. Residents who do not comply will be notified two months before the lease expires. A "Certification of Compliance" form, supplied by the Housing Authority, stating that the requirements have been met, will be required from the resident.
