Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The F.B.I. program has three main goals (#1 Protect the Children, #2 Help Parents Protect Their Children, and #3 Help the Community Protect the Children) and is divided into five different units (#1 I Am, #2 I Can, #3 I have, #4 I Will, and #5 I Believe). The F.B.I. program enhances each group participant's: self-awareness, self-concept, self-esteem, sense of personal effectiveness, sense of belonging and protection, sense of personal autonomy, positive outlook, and internal locus of control. Participants will be able to identify qualities in people, identify ways to make healthy choices, learn how to make responsible decisions, and recognize ways to overcome obstacles (to name a few).

Keeping attendance sheets, behavioral assessment/improvement forms, individual progress notes, and having participants complete an evaluation monitors participants' progress in the F.B.I. program. At the end of each 14-week session, these forms are reviewed for overall program evaluation. This allows the Agency to revise the curriculum for areas that require emphasis.
