Required Attachments:

- x Admissions Policy for Deconcentration **Explanation of Deconcentration:** (It is concluded by the governing body of the Albia Housing Agency, since the largest town in the area served is only 3,800 people, deconcentration and income mixing is not an issue. Family public housing units are individually scattered about the town. Units at the two sites are located in areas of new development with homes of the highest assessed value in the county. No areas of the community nor public housing locations are considered distressed, dilapidated or dangerous neighborhoods. This also applies to locations where Section 8 Vouchers are used. One hundred percent of the families in public housing, not elderly or disabled, are employed. The mix of income is adequate at the elderly site.

Meeting the income targeting requirements has not interfered with deconcentration nor is it possible that this would ever be an issue.)

D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD.

The Resident Service and Satisfaction Survey results of 1999 required a follow-up plan in the areas of communications and safety. The following action has been taken.

We have sent the HUD survey again to each of the households to obtain further information for enhancing the quality of life for our residents. The survey was edited to include a section for their comments. Additional questions were added in order to determine how the agency can make improvements.

COMMUNICATIONS: Each tenant will be furnished with a folder containing the lease, rules, amendments and subjects pertaining to renting a public housing unit and the calculation of their rent. At the times of the annual review and ED's annual unit visit, the tenants will be asked to furnish the folder for updating. At each monthly meeting, time will be arranged for asking questions and for tenant involvement with policy making and project development. We will send a survey to determine the tenants concerns and perceptions regarding communications.

SAFETY: Please refer to the Public Housing Physical Inspection report to declare that this agency does not fail any of the safety criteria per the question #10 of the Safety section of the survey. I believe the surveyed have not understood this section or taken questions out of context. Because 75% of the tenants are elderly and often lonesome, perhaps they feel insecure, described as not feeling safe. We will encourage their participation in the monthly dinners and developing a phone contact buddy system for tenants not feeling secure. We have a police officer and his family housed in a public housing unit for safety and emergency maintenance requests. We will have the police officer be more visible. The crime prevention programs given as examples are not available in our community. We will advise tenants that the police, schools, fireman and the agency's insurance provider are available with crime and unit safety programs. Background checks are being done. We will remind tenants that the checks are for crime prevention. We will ask that anyone feeling unsafe, contact our agency or the police immediately.

IMPLEMENTATION OF PUBLIC HOUSING RESIDENT COMMUNITY SERVICE REQUIREMENTS

Every adult resident of public housing will be required to perform eight hours of community service each month, or participate in a self-sufficiency program for at least eight hours every month. This requirement does not apply to elderly persons, disabled persons, persons already working, persons exempted from work requirements under State welfare to work programs, or persons receiving assistance under a State program that have not been found to be in noncompliance with such a program.

The PHA, complying with equal opportunity requirements and nondiscrimination, will give the family a written description of the service requirement, and of the process claiming status as an exempt person and for PHA verification of such status. The PHA will notify the family of its determination identifying the family members who are subject to the service requirements, and the family members who are exempt. The PHA will review family compliance with service requirements.

The community service will not be employment and will consist of voluntary work or duties that are a public benefit, and that serve to improve the quality of life, enhance resident self-sufficiency, or increase resident self-responsibility in the community. The community service will not include political activities.
