[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Housing Authority of Calhoun County has prepared this Annual PHA Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The purpose of the Annual Plan is to provide a framework for local accountability and an easily identifiable source by which public housing residents and other members of the public may locate basic PHA policies, rules and requirements related to the operations, programs and services of the agency.

The Mission Statement and the Goals and Objectives were based on information contained in our jurisdiction's Consolidated Plan and will assure that our residents will receive the best customer service.

Excellent customer service and fulfillment of the Mission Statement and Goals and Objectives is ensured by implementation of a series of policies that are on display with this Plan. The Admissions and Occupancy Policy is the primary policy on display. This important document covers the public housing tenant selection and assignment plan, outreach services, grievance procedures, etc.

The most important challenges to be met by the Housing Authority of Calhoun County during FY 2000 include:

- Preserve and improve the public housing stock through the Capital Funds activities.
- Involve the public housing residents through the Annual Plan Resident Advisory Board.
- Train staff and commissioners to fully understand and take advantage of opportunities in the new law and regulations to better serve our residents and the community; and

In closing, this Annual PHA Plan exemplifies the commitment of the Housing Authority of Calhoun County to meet the housing needs of the full range of low-income residents. The Housing Authority of Calhoun County, in partnership with agencies from all levels of government, the business community, non-profit community groups, and residents will use this plan as a road map to reach the “higher quality of life” destination for the Hardin, IL and Calhoun County communities.

MACOUPIN COUNTY HOUSING AUTHORITY

DECONCENTRATION POLICY

PUBLIC HOUSING:

In an ongoing effort for the Housing Authority to meet or exceed the laws and regulations regarding its public housing programs, the following Deconcentration Policy has been developed in order to comply with the Quality Housing and Work Responsibility Act of 1998, Section 513.

INCOME MIX TARGETING: To meet the requirements of the Act and subsequent HUD regulations, at least 40 percent of families admitted to public housing by the Housing Authority must have incomes that do not exceed 30% of the area median. If 40% or more of the Housing Authority units are occupied by families whose incomes do not exceed 30% of the area median income, this requirement shall be considered as being met.

PROHIBITION OF CONCENTRATION OF LOW-INCOME FAMILIES: The Housing Authority will not, in meeting this income mix targeting, concentrate very low-income families, or other families with relatively low incomes, in public housing units in certain projects or certain buildings. The Housing Authority will review the income and occupancy characteristics of the housing projects and the buildings of each project to ensure that a low-income concentration does not occur.

DECONCENTRATION: The Housing Authority will make every effort to deconcentrate families of certain income characteristics within the Authority development. To achieve this, the Housing Authority will offer incentives for eligible families having higher incomes to occupy dwelling units in projects predominantly occupied by eligible families having lower incomes, and provide for occupancy of eligible families having lower incomes in project predominantly occupied by eligible families having higher incomes. Incentives by the Housing Authority allow for the eligible family to have the sole discretion in determining whether to accept the incentive

and the Housing Authority will not take any adverse action toward any eligible family for choosing not to accept these incentives. The skipping of a family on the waiting list to reach another family to implement this Deconcentration Policy shall not be considered an adverse action. As such, the Housing Authority will continue to accept application and place the individuals on a waiting list. Selection will be made based on a combination of the local preferences and an income target mix.

The Housing Authority will track the income mix within each project as an effort to avoid a concentration of higher or lower income families in any one building or development.

The HUD FY2000 Income Limits and Fair Market Rent Data show the thirty, fifty and eighty percents of the Median Income per number in a household are as follows:

# Person	30% of Median	50% Very Low Income	80% Low Income
1	\$9150	\$15250	\$24400
2	\$10450	\$17450	\$27900
3	\$11750	\$19600	\$31400
4	\$13100	\$21800	\$34900
5	\$14150	\$23550	\$37650

7	\$16200	\$27050	\$43250
8	\$17250	\$28800	\$46050

On 10/1/99, the Authority had 354 of its 362 public housing units filled as follows:

As shown by the above chart, the Authority exceeds the QWHRA of 1998 requirements for the entire Authority as well as for each development.

On 10/1/99, the Authority had 91 families on its waiting list. Of the total, 63 (or 69.2%) had incomes under 30% of the median, 24 (or 26.4%) had incomes above 30% but below 50% of the median, and 4 (or 4.4%) had incomes above 50% but less than 80% of the median income.

Each project has greater than forty (40) percent of the families with thirty (30) percent or less of the median income. The waiting list also has greater than forty percent of families with thirty percent or less of the median income.

Monitoring will be conducted to confirm that at least forty (40) percent of all leased units will be within thirty (30) percent of median income.

t
h
e

Efforts through marketing and outreach shall be made to increase the number of families with incomes greater than thirty (30) percent of median income in the projects noted above in order to avoid concentrations of very low-income families in the projects as per the requirements of the QHWRA of 1998.

**COMMUNITY SERVICE POLICY
FOR
THE HOUSING AUTHORITY OF CALHOUN COUNTY
HARDIN, ILLINOIS**

COMMUNITY SERVICE POLICY

Section 512 of the Quality Housing and Work Responsibility Act of 1998, which amends Section 12 of the Housing Act of 1937, establishes a new requirement for non-exempt residents of public housing to contribute eight (8) hours of community service each month or to participate in a self-sufficiency program for eight (8) hours each month. Community service is a service for which individuals are not paid. The Housing Authority of Calhoun County (herein referred to as PHA) believes that the community service requirement should not be perceived by the resident to be a punitive or demeaning activity, but rather to be a rewarding activity that will benefit both the resident and the community. Community service offers public housing residents an opportunity to contribute to the communities that support them.

In order to effectively implement this new requirement, the Housing Authority of Calhoun County establishes the following Policy, effective October 1, 1999.

A. Community Service

The PHA will provide residents, identified as required to participate in community service, a variety of voluntary activities and locations where the activities can be performed. The activities may include, but are not limited to:

- improving the physical environment of the resident's developments;
- selected office related services in the development or Administrative Office;
- volunteer services in local schools, day care centers, hospitals, nursing homes, youth or senior organizations, drug/alcohol treatment centers, recreation centers, etc;
- neighborhood group special projects;
- self-improvement activities such as household budget, credit counseling, English proficiency, GED classes or other educational activities;
- tutoring elementary or high school age residents; and
- serving in on-site computer training centers.

Voluntary political activities are prohibited.

B. Program Administration

The PHA may administer its own community service program in conjunction with the formation of cooperative relationships with other community based entities such as TANF, Social Services Agencies or other organizations which have as their goal, the improvement and advancement of disadvantaged families. The PHA may seek to contract its community service program out to a third-party.

In conjunction with its own or partnership program, the PHA will provide reasonable accommodations for accessibility to persons with disabilities. The PHA may directly supervise community service activities and may develop and provide a directory of opportunities from which residents may select. When services are provided through partnering agencies, the PHA will confirm the resident's participation. Should contracting out the community service function be determined to be the most efficient method for the PHA to accomplish this requirement, the PHA will monitor the agency for contract compliance.

The PHA will assure that the service is not labor that would normally be performed by PHA employees responsible for the essential maintenance and property services.

C. Self-Sufficiency

The PHA will inform residents that participation in self-sufficiency activities for eight (8) hours each month can satisfy the community service requirement and encourage non-exempt residents to select such activities to satisfy the requirement. Such activities can include, but are not limited to:

- apprenticeships and job readiness training;
- substance abuse and mental health counseling and treatment;
- English proficiency, GED, adult education, junior college or other formal education;
- household budgeting and credit counseling;
- small business training.

The PHA may sponsor its own economic self-sufficiency program or coordinate with local social services, volunteer organizations and TANF agencies.

D. Geographic Location

The PHA recognizes that the intent of this requirement is to have residents provide service to their own communities, either in the PHA's developments or in the broader community in which the PHA operates.

E. Exemptions

In accordance with provisions in the Act, the PHA will exempt from participation in community service requirements the following groups:

- adults who are 62 years of age or older;
- persons engaged in work activities as defined under Social Security (full-time or part-time

- employment);
- participants in a welfare to work program;
- persons receiving assistance from and in compliance with State programs funded under part A, title IV of the Social Security Act; and
- the disabled but only to the extent that the disability makes the person “unable to comply” with the community service requirements.

The PHA will determine, at the next regularly scheduled reexamination, the status of each household member eighteen (18) years of age or older with respect to the requirement to participate in community service activities. The PHA will use the “PHA Family Community Service Monthly Time-Sheet” to document resident eligibility and the hours of community service. A record for each adult will be established and community service placement selections made. Each non-exempt household member will be provided with forms to be completed by a representative of the service or economic self-sufficiency activity verifying the hours of volunteer service conducted each month.

The PHA will also assure that procedures are in place which provide residents the opportunity to change status with respect to the community service requirement. Such changes include, but are not limited to:

- going from unemployment to employment;
- entering a job training program;
- entering an educational program which exceeds eight (8) hours monthly.

All exemptions to the community service requirement will be verified and documented in the resident file. Required verifications may include, but not be limited to:

- third-party verification of employment, enrollment in a training or education program, welfare to work program or other economic self sufficiency activities;
- birth certificates to verify age 62 or older; or
- if appropriate, verification of disability limitations.

Families who pay flat rents, live in public housing units within market rate developments or families who are over income when they initially occupy a public housing unit will not receive an automatic exception.

F. Cooperative Relationships with Welfare Agencies

The PHA may initiate cooperative relationships with local service agencies that provide assistance to its families to facilitate information exchange, expansion of community service/self-sufficiency program options and aid in the coordination of those activities.

G. Lease Requirements and Documentation

The PHA's lease has a twelve (12)-month term and is automatically renewable except for non-compliance with the community service requirement. The lease also provides for termination and eviction of the entire household for such non-compliance. The lease provisions will be implemented for current residents at the next regularly scheduled reexamination on or after October 1, 1999, and for all new residents effective October 1, 1999. The PHA will not renew or extend the lease if the household contains a non-exempt member who has failed to comply with the community service requirement.

Documentation of compliance or non-compliance will be placed in each resident file.

H. Non-compliance

If the PHA determines that a resident who is not an "exempt individual" has not complied with the community service requirement, the PHA must notify the resident:

1. of the non-compliance;
2. that the determination is subject to the PHA's administrative grievance procedure;
3. that unless the resident enters into an agreement under paragraph 4. of this section, the lease of the family of which the non-compliant adult is a member may not be renewed. However, if the non-compliant adult moves from the unit, the lease may be renewed;
4. that before the expiration of the lease term, the PHA must offer the resident an opportunity to cure the non-compliance during the next twelve (12)-month period; such a cure includes a written agreement by the non-compliant adult to complete as many additional hours of community service or economic self-sufficiency activity needed to make up the total number of hours required over the twelve (12)-month term of the lease.
