# Annual PHA Plan PHA Fiscal Year 2000

[24 CFR Part 903.7]

## **i. Annual Plan Type:**

Select which type of Annual Plan the PHA will submit.

**Standard Plan**

### **Streamlined Plan:**

- High Performing PHA**  
 **Small Agency (<250 Public Housing Units)**  
 **Administering Section 8 Only**

**Troubled Agency Plan**

## **ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Williamson County Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements. The WCHA adopted the mission statement and goals and objectives stated above. The Annual Plan is based on the premise that accomplishing the goals and objectives is important to work towards our mission.

The WCHA believes that it already has achieved this mission, but needs to maintain its high level of performance. The plans, statements, budget summary, policies, etc. set forth all lead towards the accomplishment of our goals and objectives and are consistent with the state's Consolidated Plan.

The WCHA believes that the housing needs of Williamson County are being met. One sign of this is the relatively short waiting list for public housing. The waiting list for Section 8 housing is long, but some of those on this waiting list are already in public housing. Also, without the issuance of new vouchers, the waiting list remains. Another sign of this is the data in the state of Illinois Consolidated Plan. Data from the 1990 census bureau seems irrelevant because of the change in the economy since 1990. The waiting list for public housing for the WCHA in 1990 was considerably longer than today.

As projected by the analysis of the WCHA waiting lists, the targeted amounts for extremely low income families should be exceeded in both public housing and Section 8 housing. Also, the analysis shows a fairly low amount of elderly or disabled on the waiting list, which indicates that the housing needs of these groups seem to be being met in Williamson County. The statement of financial resources shows that the WCHA has a strong operating fund and a fair amount of financial resources. The WCHA's eligibility, selection, admissions, and rent policies are outlined for public housing and Section 8. Then, the WCHA has included its Capital Fund Program Annual Statement. The 5-Year Action Plan is also attached at the end of the plan.

The WCHA plans to continue to evolve as needed in the future to continue to meet the housing needs of Williamson County. The WCHA will continue to evaluate its policies and strategies and make the needed changes to continue to meet its mission.

**1. The WCHA did adopt a deconcentration policy. Our analysis did not indicate the need to promote deconcentration at this time. The policy was adopted so the WCHA is prepared if the need does arise in the future. The Williamson County Housing Authority Deconcentration Policy reads as follows:**

**It is the Williamson County Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income as needed. We will accomplish this in a uniform and non-discriminating manner.**

**The Williamson County Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income families will not be steered toward higher income developments.**

**Prior to the beginning of the fiscal year, we will analyze the income levels of families residing in our developments, the income level of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Williamson County Housing Authority has prepared this Agency Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements. The WCHA adopted the mission statement and goals and objectives stated above. The Annual Plan is based on the premise that accomplishing the goals and objectives is important to work towards our mission.

The WCHA believes that it already has achieved this mission, but needs to maintain its high level of performance. The plans, statements, budget summary, policies, etc. set forth all lead towards the accomplishment of our goals and objectives and are consistent with the state's Consolidated Plan.

The WCHA believes that the housing needs of Williamson County are being met. One sign of this is the relatively short waiting list for public housing. The waiting list for Section 8 housing is long, but some of those on this waiting list are already in public housing. Also, without the issuance of new vouchers, the waiting list remains. Another sign of this is the data in the state of Illinois Consolidated Plan. Data from the 1990 census bureau seems irrelevant because of the change in the economy since 1990. The waiting list for public housing for the WCHA in 1990 was considerably longer than today.

As projected by the analysis of the WCHA waiting lists, the targeted amounts for extremely low income families should be exceeded in both public housing and Section 8 housing. Also, the analysis shows a fairly low amount of elderly or disabled on the waiting list, which indicates that the housing needs of these groups seem to be being met in Williamson County. The statement of financial resources shows that the WCHA has a strong operating fund and a fair amount of financial resources. The WCHA's eligibility, selection, admissions, and rent policies are outlined for public housing and Section 8. Then, the WCHA has included its Capital Fund Program Annual Statement. The 5-Year Action Plan is also attached at the end of the plan.

The WCHA plans to continue to evolve as needed in the future to continue to meet the housing needs of Williamson County. The WCHA will continue to evaluate its policies and strategies and make the needed changes to continue to meet its mission.

**1. The WCHA did adopt a deconcentration policy. Our analysis did not indicate the need to promote deconcentration at this time. The policy was adopted so the WCHA is prepared if the need does arise in the future. The Williamson County Housing Authority Deconcentration Policy reads as follows:**

**It is the Williamson County Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income as needed. We will accomplish this in a uniform and non-discriminating manner.**

**The Williamson County Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income families will not be steered toward higher income developments.**

**Prior to the beginning of the fiscal year, we will analyze the income levels of families residing in our developments, the income level of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.**
