Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The PHDEP strategy is to undertake a balanced and comprehensive program of activities that will achieve the Jeffersonville Housing Authority's (JHA) goal of reducing drugs and drug-related crime in the targeted developments. The objectives of the activities are: (1) to reduce the Part I and Part II crimes through increased police patrols and employment of an investigator; (2) to offer youths an alternative to drug-related activities by providing educational and recreational programs; and (3) to provide a drug intervention program that includes referral of chemically dependent persons to treatment facilities. The role of partners is to help JHA in achieving a coordinated, concerted community effort in the fight against drugs and crime. JHA will utilize a Drug Elimination Advisory Committee, composed of representatives of resident organizations, provider organizations, local government representatives, and community leaders to assist in evaluating the program and formulating recommendations for strengthening performance. The Committee and the JHA will receive advice and technical assistance from a qualified independent entity that will periodically assess and evaluate the program. Performance indicators and resident surveys will be used to measure progress.
