### **C. Strategy for Addressing Needs**

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

#### **(1) Strategies**

**Need: Shortage of affordable housing for all eligible populations**

**Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:**

Select all that apply

- X      Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources

- X Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- X Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

**Strategy 2: Increase the number of affordable housing units by:**

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- X Other: The Brazil Housing Authority’s current inventory of Public Housing & Section 8, along with the rental assisted units contained in three market rate developments, more than meet the current demand for affordable housing unit within our community. Currently applicants for rental assisted housing wait less than 2 months for assistance. The Authority will continue to maintain and improve our developments, but as our traditional client base decreases, we will be working on marketing strategies to attract clients, which fall within the income categories targeted by HUD.

**Need: Specific Family Types: Families at or below 30% of median**

**Strategy 1: Target available assistance to families at or below 30 % of AMI**

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- X Other: The Authority currently meets or exceeds 30% income targeting requirements and does not feel that we will have trouble maintaining the levels established in QHWRA.

**Need: Specific Family Types: Families at or below 50% of median**

**Strategy 1: Target available assistance to families at or below 50% of AMI**

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other:

**Need: Specific Family Types: The Elderly**

**Strategy 1: Target available assistance to the elderly:**

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: There is no need for additional units of this type within our community.

**Need: Specific Family Types: Families with Disabilities**

**Strategy 1: Target available assistance to Families with Disabilities:**

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: There is no need for additional units of this type within our community.

**Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs: N/A**

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)

### IN035a01

**Approved by the Board of Commissioners for the Brazil Housing  
Authority  
August 19, 1999**

#### **DECONCENTRATION POLICY**

The objective of HUD's Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development.

The Brazil Housing Authority public housing unit mix and location makes this objective difficult. The Authority has only one family public housing development and the three elderly/disabled developments are clustered around a small park in the downtown area.

In order to avoid a concentration of poverty an/or higher income families the Authority shall:

1. Ensure that no less than 40% of the public housing inventory is used to house families that have at or below 30% of the area median income.
2. In order to meet this goal the Authority shall at the beginning a of each fiscal year calculate the total number of move-ins from the previous fiscal year and determine the number of families at or below 30% of median needed to achieve at least a 40% level of participation.
3. If a developments number of families at or below 30% of the median income reaches or exceed 60% of the total development, the Authority many skip over poverty families on the waiting list in favor of higher income families in order to achieve an income balance.
4. With only one family development the Authority shall strive to achieve income mixing within each court of the development.
5. The Authority will track the status of family income on a regular basis utilizing income reports generated by or computer system.

Use this section to provide any additional attachments referenced in the Plans.
