ANNUAL PLAN – 2000

KINSLEY HOUSING AUTHORITY (KHA)

KS 023001

210 West 9th

Kinsley, KS 67547

316.659.2602

kha@midway.net

The Kinsley Housing Authority (KHA) is located in Kinsley Kansas, a town of 1830 persons. Kinsley is in Edwards County Kansas; the population of Edwards County is 3312 persons.

The KHA opened its doors in 1968 serving the elderly and disabled residents of the area.

The KHA is a small PHA (thirty-eight units) that has ranked as a High-Performing PHA for three consecutive years. The KHA continues to meet the needs of elderly/disabled persons in the new millenium.

For three consecutive months the Executive Director has tried to form a Resident Advisory Board. Not one resident has offered to be a member of such a board. Resident response is “Things are going fine – keep at it.” The elected Kinsley City Council members will fill the next Public Housing Board of Directors vacancy with a resident of the housing authority.

Both the Annual Plan and 5-Year Plan may be reviewed at the Kinsley Public Housing Authority’s office at 210 West 9th, Kinsley, KS 67547. All other public housing documents and policies may be viewed at the same location.

Rex Woods the KHA Executive Director has compiled the attached Annual Plan and Five-Year Plan. Mr. Woods has used the HUD web site www.hudclips.org to organize the following data.

The Annual Plan will respond to the following components based on the KHA being a High-Performer and small PHA: component (a); (b); (c); (d); (g); (h); (k); (m); (n); (o); (p); and (r).

ACOP & Lease (Both the ACOP and Lease are from the State of Alabama and HUD approved for 2000 – both adopted by the Kinsley Housing Authority in December 1999).

Component (a)

A Statement of Housing Needs.

Both the city of Kinsley and Edwards County are suffering a decline in population. From 1997 to 1998 there was a one-year decline of -3%; in the eight years from 1990 to 1997 the population decline was -9.5%.

A very important factor is the number of elderly in the county: over 25% of the population are over 65 years of age.

The ethnic breakdown is a white population of 99.2%, African-American .2% and Hispanic .6%.

The major area of housing need is for the elderly and disabled. There are rental units available for younger couples and families. However, there is a demand for housing for low-income elderly and disabled. For the past ten years the KHA has not had a need for a “waiting list”. Vacancies are a problem and the effort is underway to improve occupancy by modernizing the property.

The 1999 Edwards County median household income level is \$35,600. There are no residents of the KHA that approach this income level.

(1) Housing Needs of the Low-Income/Very Low-Income Families

(i) Families with incomes below 30 percent of the area median.

The KHA serves the elderly/disabled and does not have families with children occupying the property.

(ii) Elderly families and families with disabilities.

All residents at the KHA fit into this category. All residents are well below the median income level with several in the low-income category and the majority in the very-low income category. More than 65% of the KHA’s residents are in the very-low income category (or less than 30% of the median average income that is \$35,600). Nearly 35% of the KHA resident’s are disabled. One resident is charged a “minimum rent”. The housing needs of the elderly/disabled category living in this jurisdiction can be served with the existing thirty-eight units at the KHA.

(iii) Household of Various Races and Ethnic Groups.

As indicated in the opening text there is little ethnic diversity in Edwards County. The county has a population that is 99.2% white, this leaves very little mix in the community.

(2) Household Needs.

The affordability of KHA meets the needs of many persons. Many families in agriculture did not contribute to Social Security and find retirement to be a financial disaster. Having the KHA as a housing option is a very helpful. This is an aid to the low and very low-income residents. Likewise, many disabled persons are aided by the use of elevators, self-opening doors, rent based on income, etc., such as offered in public housing. Thirty-five percent of the KHA residents are disabled.

The KHA offers two two-bedroom units, twenty one-bedroom units and sixteen efficiency units.

These units are located in one structure; a three-story wood frame structure served by one elevator. Located in the city of Kinsley this property is now undergoing modernization with the use of CIAP funding.

Strategy

The greatest problem is too many vacant units. The KHA is making a maximum effort to modernize the property. The units are thirty-two years old and have the old avocado green ranges and refrigerators that were popular in the mid-60's. No units were ever carpeted; hallway carpeting is fifteen years old. The exterior wood siding was loose and cupped. The windows were old metal windows with a storm window on the outside. The wood frame structure had no fire sprinkler system; yet the structure housed elderly and disabled. The location and size of individual units is excellent. The question of accessibility is being addressed with CIAP funds to aid the disabled and adhere to ADA requirements (in the past three years the KHA has completed ADA requirements for access, elevator, etc.). The affordability and supply of housing are in-line with the demand. The problem is quality – the need to modernize is being addressed by the KHA.

The strategy to remedy the low occupancy rate. Using CIAP funds the exterior of the KHA has been modernized. Dual-pane thermo windows have been added; the exterior wood and shingles have been replaced with new shingles on the mansards, new concrete woodgrain-siding replaces the old wood siding. Self-opening doors are being added to the building at both points of entry. After finishing the 5-Year Plan and Agency Plan the ED will return to managing CIAP funds to modernize the interior.

The KHA Board of Directors feels that the property can be self-supporting by maximizing the rental income potential (CIAP funding would be needed). As the modernization continues KHA

will launch an advertising campaign to remind area resident's that the KHA is open, available, remodeled and a viable option to any elderly/disabled person seeking quality housing. The availability of flat rents or income-based rents is currently in effect.

(b) Statement of Financial Resources.

The KHA financial resources are:

1. Tenant monthly rental - currently averaging \$4,270 p/month.
2. HUD subsidies - in 1999 HUD paid the KHA \$10,367 in subsidies.
3. Interest income of \$541 from a \$13,320 CD.
4. The KHA currently has \$150,000 in CIAP funding that is "obligated" to improvements.
5. The KHA receives no non-federal funding.

The purpose of the CD is that of a reserve. The other funds are used in daily/monthly operations to operate the LHA. The subsidy covers the monthly loss. There are no tenant based assistance programs. The tenants are either elderly (retired) or disabled.

(c) Policies That Govern Eligibility, Selection and Admissions.

The KHA does not have any admission preferences or assignment policies. An applicant is treated on a first come, first served basis; if approved for admission, the new tenant will pick from any available units (regardless of unit size or floor level).

(1) Procedures for maintaining waiting lists – A waiting list has not been needed at the KHA for twenty years. However, the waiting list would be publicly displayed and be maintained in the order of applications filed. All Fair Housing Rules and Regulations would be met if a waiting list comes into use.

- (i) The KHA is an active participant in the MTCS System through its accounting service Kopsa and Associates.
- (ii) The KHA informs all new or prospective residents of transportation, medical, and on-site security.
- (iii) KHA would pledge not to violate the rights of a prospective tenant by using a waiting list in the future.
- (iv) Adoption of a waiting list would meet all regulations.
- (v) The KHA would welcome any review of a waiting list.
- (A) Changes in racial, ethnic or disability related tenant composition. No changes have occurred in any of the previously listed categories for the KHA. Data from MTCS shows the economic and ethnic mix remains the same.
- (B) KHA would agree to any review of waiting lists by HUD to determine the fairness of the use of waiting lists.
- (C) KHA would immediately change any waiting list policy that violated any rights.

- (2) Admissions Policy – Deconcentration. The KHA is a one unit PHA. A three-floor structure serves all the residents. Upon admission the new tenant is asked to pick which unit (whatever size), the floor level and the north or south side that they (the new tenant) wish to occupy.
- (i) In the one development, one structure, that makes up the KHA, the tenant rental breakdown is as follows: over 65% of the tenant’s have an income level that is 30% or less, than the Edwards County median average income of \$35,600. Or, 65% of the resident are very-low income.
 - (ii) The KHA’s disabled tenant’s makeup 32% of the resident base.
 - (iii) The incentive of flat rents and a newly modernized property will aid in the diversifying the tenant base. Adding persons with a higher income will diversify the tenant base.
- (3) The KHA meets all Federal policies on eligibility and admissions. There is no effort to steer a tenant. The new tenant picks their unit, their neighbor. Their ethnicity, income, religious beliefs, etc. are not figured in the equation.

(d) Rent Determination Policies – The KHA offers to an applicant the choice of flat rents or income based rent. The ED calculates the prospective tenant’s rent at both the flat rent level and income based rent level. A recommendation is then made to select the lower rent of the two. None of the KHA’s tenants are receiving tenant based assistance (all KHA tenants are elderly/disabled). The Board of Directors has established a minimum rent of \$39 per month (this includes utilities). A tenant requests the minimum rent of the ED if the tenant’s financial situation warrants. The KHA currently has one minimum rent in effect.

The tenant base of elderly/disabled does not have any resident on a tenant-based assistance program.

Flat rents are as follows:

efficiency apartment	\$	250.00	(utilities included)
One-bedroom	“	310.00	“ “
Two-bedroom	“	400.00	“ “

Two persons must occupy (the two-bedroom apartments).

Income Limits are based on Edwards County 1999 median income of \$35,600.

# persons	30% of median	very low income	low income
1	\$ 8150	\$ 13,550	\$ 21,650
2	9300	15,550	24,750

(g) Capital Improvements Needed

The KHA has assigned over \$150,000 in 1997/1999 CIAP dollars to modernization and meeting ADA requirements. These dollars will allow the KHA to convert two resident units into ADA eligible units. Additional dollars will modernize the interior of the structure. Planned improvements include the re-carpeting of the hallways, carpeting of resident living rooms and bedrooms. New ranges and refrigerators will be added to the kitchens; as well as new countertops and refinished cabinetry. If the dollars stretch, the KHA would like to add ceiling fans, shower doors and repaint the interior walls in all public areas. These improvements will cover the next two years. The long look at five years out will include the need to begin replacing the water heaters, and the gas fired heaters that warm the building (both these systems are fifteen to eighteen years old). The long-term budgeting must also allow for the repair of the numerous leaking pipes in the building that carries the chilled or heated water to each units fan system. Additional dollars must be assigned to the replacement of the electrical boxes (Federal-Pacific) that are thirty-two years old, and there will be on-going upgrades of office equipment.

The structure currently has a metal roof that is in excellent shape, the exterior has new dual pane windows and the siding has been replaced this year with a concrete/woodgrain siding that should only need repainting every ten to twelve years.

(h) Demolition and/or Disposition.

The Kinsley Housing Authority (KHA) has no intention of any demolition or disposition of property at any future time.

(k) Homeownership Programs .

The KHA does not offer, nor administer, any homeownership programs.

(m) Safety and Crime Prevention Measures.

The KHA does not participate in the Drug Elimination Plan.

The KHA has been blessed to have few problems with crime. The doors are locked throughout the night, exterior lights illuminate the property and the local police do walk-throughs on all three floors. In the past fifteen years there have been only three reports of theft. Exterior damage is minimal; in this small community the police station is only three blocks away and the officers have an excellent relationship with the ED and residents. The officers are encouraged to enter the structure and relax or walk around.

(n) Pet Policy.

The Pet Policy is added to the Table of Contents (see page 10).

(o) Civil Rights Certification.

(1) The Kinsley Housing Authority does certify that it will carry out its plan in conformity with Title VI of the Civil Rights Act of 1964, The Fair Housing Act, section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, and does also certify that it will affirmatively further fair housing.

(2) The Kinsley Housing Authority is in compliance with the obligation to affirmatively further Fair Housing. All programs and records will maintain the standards of Fair Housing.

(p) Most Recent Audit

The Kinsley Housing Authority's most recent audit had no "findings" and the KHA was compliant in all areas including expenditure of CIAP funds.

(r) Additional Information

- (1) Table of Contents - Table of Contents posted in beginning of document.
 - (A) ACOP – Admissions and Continuing Occupancy Policy. The Kinsley Housing Authority has adopted both the ACOP and Lease from the State of Alabama for use at the KHA. Both the "One-Strike" provisions and the QHWRA are met with these documents.
 - (B) Lease – The lease meets all current federal rules and regulations. It is HUD approved and in use at the KHA.
 - (C) Pet Policy – Attached - as noted in the Table of Contents on page 10.

- (D) Executive Summary - A summative overview of the plans both Annual and Five-Year.

(2) Executive Summary

The Kinsley Housing Authority (KHA), rated as a High-Performer, is in its thirty-second year of operation. The KHA operates one structure, which serves the needs of the area's elderly/disabled. A low occupancy level is the greatest problem with this three floor, thirty-eight unit property. Modernization is underway and an advertising/promotional campaign will follow. The new look and renewed public interest will improve the occupancy level.

In the past four years the KHA has used \$150,000+ of CIAP grants to modernize the property. The next three years will have another \$150,000 invested in the property for modernization. There should be no deviation from either the Annual Plan or Five-Year Plan as the KHA moves forward to improve its occupancy and lower, or remove itself, from current subsidy levels.

All operating procedures, documents, rules and regulations meet current HUD requirements; they are in place, Board approved and used daily. The mission and goal of the KHA is to serve the elderly/disabled of this area with quality, safe, affordable housing that is professionally managed.

More than 65% of the KHA's residents are in the very-low income category (or less than 30% of the median average income that is \$35,600). Nearly 35% of the

KHA's resident's are disabled. The Board of Directors will lead an effort to expand the tenant base to more persons with the use of "flat rents." The expanding of persons served, by having "higher income tenants" will solidify the monthly rent level and lessen the dependence on subsidies.

The next five years will follow this timeline:

1. Complete interior modernization in the next two years (by 2002);
2. Increase the occupancy level (ongoing – every year work to increase the level);
3. Begin to bid-out the replacement of water heaters and heating system by 2004; these water heaters and gas fired heaters that warm the building are fifteen to eighteen years old.
4. Long-term budgeting must also look at the numerous leaking pipes in the building that carry the chilled or heated water to each apartments fan system.
5. Replacement of the thirty-two year old electrical boxes (Federal-Pacific).
6. Retain the KHA rating as a "High-Performer."

Kinsley Housing Authority

PET POLICY

The Kinsley Public Housing Authority serves both elderly and disabled persons. One elevator serves the three-story structure, Oak Manor Apartments.

The Pet Policy is structured to protect both residents and non-residents; it does not apply to animals serving a human's disability. These animals would be subject to the lease as set forth in the Kansas Landlord Tenant Act.

Pet(s) will be reviewed by size, weight, number (only one), breed, noisiness and training; i.e., is the pet an inside animal and housebroken. Is the pet contained in a cage or tank; is the weight/size of the cage, or tank, or amount of water, too great for the structure; etc? Dogs would be restricted to the first floor. Cats would need to be inside pets. Both dogs and cats must be one-year or older (no puppies or kittens).

No exotic pets are allowed. One pet only; pets must be licensed, neutered or spayed with a veterinarian's note stating that the pet is vaccinated and has all legal tags.

The Executive Director would conduct a review of the prospective resident's request and meet with the pet in question. The ED's recommendation would be forwarded to the Board of Directors.

Violation of any part of this policy will result in the issuance of a "Violation Letter" stating the resident must remedy or leave the premises (lease/pet policy violation(s) would be quoted). There will be no fines or warnings.

Whenever a dog or cat is outside the resident's apartment the animal must be on a leash. In the tenant's absence the pet must be caged to allow safe access for any emergency worker that would enter the premises.

A Pet Deposit would be \$100; this amount would cover any damages to walls, paint, doors, carpet, etc. The ED would prorate the deposit in regard to years of occupancy and damages at the time of move-out.

FIVE-YEAR PLAN 2000

KINSLEY HOUSING AUTHORITY (KHA)

KS 023001

210 West 9th

Kinsley, KS 67547

kha@midway.net

The Kinsley Housing Authority (KHA) is located in Kinsley Kansas, a town of 1830 persons. Kinsley is in Edwards County Kansas; the population of Edwards County is 3312 persons.

The KHA opened its doors in 1968 serving the elderly and disabled residents of the area.

The KHA is a small PHA (thirty-eight units) that has ranked as a High-Performing PHA for three consecutive years. The KHA continues to meet the needs of elderly/disabled persons in the new millenium.

For three consecutive months the Executive Director has tried to form a Resident Advisory Board. Not one resident has offered to be a member of such a board. Resident response is “Things are going fine – keep at it.” The elected Kinsley City Council members will fill the next Public Housing Board of Directors vacancy with a resident of the housing authority.

Both the Annual Plan and 5-Year Plan may be reviewed at the Kinsley Public Housing Authority’s office at 210 West 9th, Kinsley, KS 67547. All other public housing documents and policies may be viewed at the same location.

Rex Woods the KHA Executive Director has compiled the attached Annual Plan and Five-Year Plan. Mr. Woods has used the HUD web site www.hudclips.org to organize the following data.

Mission: The Kinsley Housing Authority’s (KHA) mission is to serve the elderly/disabled of this area with quality, safe, affordable housing that is professionally managed. Additionally, the KHA Board of Directors will follow all operating procedures, rules and regulations as set forth by HUD.

More than 65% of the KHA’s residents have an income in the very-low income category (or less than 30% of the median average income that is \$35,600). Nearly 35% of the KHA’s residents are disabled. The Board of Directors will lead an effort to expand the tenant base to more persons with the use of “flat rents.” The expanding of persons served, by having “higher income tenants” will solidify the monthly rent level and lessen the dependence on subsidies.

Immediate Goals and Objectives for the KHA are to:

1. Renovate the property;
2. Improve the interior appearance;
3. Fill the units with renters and lessen the subsidy level.

Quantifiable Goals and Objectives are to use the remaining CIAP dollars (over \$150,000) to:

1. Meet all ADA requirements;
2. Begin to modernize the interior with carpeting in hallways/resident rooms, paint all interior public areas, install new ranges and refrigerators, new kitchen counter tops, new shower doors, replace an old emergency generator;
3. **In the past three years the Goals and Objectives** were met to modernize the exterior with the addition of new thermal windows, new shingles, and new concrete woodgrain-siding. In the process ADA requirements for access (curbcuts, self-opening doors, and elevator modifications) were completed. The KHA just completed installation of a fire sprinkler system with CIAP funds.

Goals to be achieved – Time Frame.

1. Complete interior modernization in the next two years (by 2002);
2. Increase the occupancy level (ongoing – every year work to increase the level);
3. Begin to bid out the replacement of water heaters and heating system by 2004; these water heaters and gas fired heaters that warm the building are fifteen to eighteen years old.
4. The long-term budgeting must also look at the numerous leaking pipes in the building that carry the chilled or heated water to each apartments fan system.
5. Systematic replacement of the thirty-two year old electrical boxes (made by Federal-Pacific).
6. Retain the KHA rating as a “High-Performer.”
