ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The HAT has adopted several local options in its revision to the Admissions and Continued Occupancy Policies/Procedures (ACOPP). Some of these changes involve local selection preferences, i.e., those who live or work families in Monroe County as first preference, then other working families, then those who are homeless or live in substandard housing and then those who are victims of domestic violence. Other changes involved the establishment of Ceiling/Flat rents at amounts below the Section 8 Fair Market Rent levels, and leaving the minimum rent requirements (at \$30) and security deposits at the previously adopted amount, i.e., \$100. HAT expects to receive formula based Capital Improvements Funding (AKA Capital Funds Grant Program) slightly under \$54,000 each year. With the nearing completion of a nearly ¾ million dollar capital improvement program which provided central air conditioning and new furnaces, new windows, both new exterior entrance and interior closet doors, and vinyl siding to the exterior areas, the advent of that formula based Capital Improvement funding should allow HAT to continue to provide some of the best, if not the best, available government assisted in Monroe County.

They wanted the PHA to consider adding showers in the baths of all units. Additionally, they indicated a desire to see a community building or room build so that residents would have a place to have family gatherings and resident meetings/parties. They suggested an additional security light fixture or two be added at each site and also expressed some desire for a small laundromat as an alternative to those who couldn't afford washers and dryer or who just enjoyed getting together at such places. They would also like to see more flowers and shrubs planned as well.

The additional security lighting can be funded from the FFY99 approved CIAP. And installation of these light fixtures will probably be installed in the spring of calendar year 2000. The PHA has also considered the other above listed comments and is contemplating installing shower surrounds and shower heads to all remaining units from left over funds from the FFY96 and 99 funded CIAPs; it is also considering adding a community and laundromat building after ample funds (from future Capital Funds Grants programs) are accumulated and available; however, due to total estimated costs involved it likely will not be built until for several years. A property beautification program will be undertaken in the first year of this Agency Plan to the extent of operating funds are available.
