## **ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

It is HAB's goal to attract and retain more working families in both of its housing complexes, which we believe is possible through the ACOPP changes made and CIAP/Capital Fund Program improvements planned. However, this will not be done at the expense of extremely low income families who are the current predominate occupants of the two projects and will continue to be at least 40% (2 of 5) every new admissions.

Our initial thrust was to update the Admission and Continued Occupancy Policies/Procedures (ACOPP) to meet the requirements of the QH&WRA of 1998. In doing so, certain allowable options, including reduction in the amount of the minimum rents, establishment of ceiling rents and local selection preferences were chosen and implemented, such as families working and/or living in Marshall County, other working families and victims of domestic violence. We also provided several work-related deductions in the calculation of income based rents.

Through CIAP and Capital Funds Programs we will attempt to become more competitive with other Assisted Housing Providers in Marshall County through physical property improvements, such as the addition of central air conditioning to all units and through a intensive landscaping program.

## **1. Statement of Housing Needs**

[24 CFR Part 903.79 (a)]

### **A. Housing Needs of Families in the Jurisdiction/s Served by the PHA**

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Legend: \* This is the CHAS figure for TOTAL elderly households. There are 393 PH income eligible elderly households.

\*\* Other than data on Elderly the CHAS does not identify the “Families with disabilities” category of households. The CENSUS does have data on “Disability of Civilians Noninstitutionalized Persons” but this data does NOT help identify persons/households who MAY need special “accessibility features” in living units.

\*\*\*These were the ONLY non-white renter families (both in the 51-80% MFI range) in Marshall County per the CHAS/1990 CENSUS.

What sources of information did the PHA use to conduct this analysis? (Check all that apply; all materials must be made available for public inspection.)

- Consolidated Plan of the Jurisdiction/s  
Indicate year:
- U.S. Census data: the Comprehensive Housing Affordability Strategy (“CHAS”) dataset
- American Housing Survey data  
Indicate year:
- Other housing market study  
  
Indicate year: 1999
- Other sources: (list and indicate year of information)

They were very complimentary of the additional security lights that had been recently added at KY 91-2 (Cedar Court) but thought maybe one more light in a strategic spot might be warranted. They asked for consideration of dryer vents at KY 91-2 (which would require addition of 220 Electric Outlet installation as well) and Shower Heads in the Bathrooms at this same project. Also, dryer vents and 220 electric outlets for clothes dryers were also made a part of the 5 year Capital Imprv. Plan.
