ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Sturgis Housing Authority offers 46 units of public housing.

The Agency Plan has been prepared with a great deal of thought and effort in order to comply with the statutory requirements of the Quality Housing and Work Responsibility Act. The resident advisory counsel met and offered suggestions and comments during the planning stage. Residents were individually notified and asked what improvements they would like to see over the next few years. All responses were considered and those feasible were included in our long term plan.

A public hearing was held after Plan was available for review and comment for 45 days. Lease and ACOPP have been revised with special effort to meet QHWRA requirements. Other important policies have been revised and some new policies adopted. We hope to maintain the increased number of employed persons in assisted families. Local preferences have been adopted for victims of domestic violence, for working families (seniors and persons with disabilities included), for applicants who live or work in Sturgis and for elderly/disabled over other singles. To promote self-sufficiency and ease transition from welfare to work, flat rents have been established and tenants will now be given a choice of flat rent or income-based rent. We are phasing in rent increases for qualified residents that transition from welfare to work.

Although a very small P.H.A., we partner to provide services such as G.E.D. on site, tutoring on site, using our community room for a voting poll and more. We also have cooperation agreements which are working well with both the City of Sturgis and with the local public assistance office.

Crime statistics from local police show that crime is less on H.A. site than in the jurisdiction. Random sampling of tenants respond that they feel safe living in this H.A.

We strive to be an important link in the chain in Union County offering housing to a broad range of incomes as well as an adequate number of designated units for the elderly and disabled.

Through our plan, we will continue to modernize our property as needed in a cost-effective manner and strive to continue to be recognized as a high or standard performer. We also will strive to provide safe, quality housing and rental assistance to our community in a nondiscriminating manner. Our funding sources include rental income, investment income, operating funds, capital funds plus we have an adequate reserve level.

Through our screening policies, we strive to ensure that new admissions will be good neighbors. Grievance Procedure has been revised to incorporate QHWRA requirements.

Any pet policy adopted will have enough restrictions to protect residents' safety and peaceful enjoyment.

A 5-year needs assessment helped us to realize some of our long-term capital funding needs including adding central air and landscaping to make the units more marketable, replacement of very old playground equipment to offer the children in the complex a safe, well-equipped play environment, window replacement, roof repair, gutter/downspout replacement, sidewalk repair, repair to two buildings that have some settling, appliance replacement, better maintenance/equipment storage, office machine replacement, door replacement and possibly a laundry facility. With limited subsidies, we anticipate having to use some of our capital funds for operations.

We anticipate a need for capital funds of approximately \$400,000 over the next 5-year period.

The mission of The Sturgis Housing Authority is to provide adequate, affordable housing, economic opportunities and a suitable living environment for the families we serve, without discrimination. We have adopted goals and objectives which, if accomplished, will work toward the achievement of our mission..
