ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Quality Housing and Work Responsibility Act of 1998 (QHWRA) was signed by President Clinton on October 21, 1998. QHWRA is Title V of HUD'S FY 1999 appropriations act (P.L. 105-276).

QHWRA is landmark legislation which will make public housing reform a reality by:

- reducing the concentration of poverty in public housing;*
- protecting access to housing assistance for the poorest families;*
- supporting families making transition from welfare to work;*
- raising performance standards for public housing agencies, and rewarding high performance;*
- merging and reforming the Section 8 certificate and voucher programs, and allowing the public housing agencies to implement homeownership programs.*

The recently enacted law makes important changes to the operations and programs of public housing and tenant-based assistance. These changes are designed to revitalize and improve HUD's public housing and tenant-based assistance programs. One of the most important changes made by QHWRA is the introduction of the public housing agency plans – a five-year plan and an annual plan. The five-year plan describes the mission of the PHA and the PHA's long-range goals and objectives

for achieving its mission over the subsequent five years. The annual plan provides details about the PHA's strategy for handling operational concerns, residents' concerns and needs, programs, and services for the upcoming fiscal year. Both planning mechanisms require PHAs to examine their existing operations and needs and to design long-range and short-range strategies to address those needs.

HUD has developed an electronic template that PHAs must use to complete and submit their Five-Year and Annual Plan. Using the template, PHAs will provide responses to a number of structured questions designed to provide the most relevant data regarding local operations in a concise manner. Yet the Plan template also serves as a central reference point for very detailed information about the PHA. This is accomplished through the template's listing of required "supporting documents" that must remain on display and serve as a resource library for the community, while eliminating the need for extensive submissions to HUD. The PHA Plan template is a word processing document that will be submitted to HUD via the Internet.

To fulfill the Plan's role as a comprehensive statement of the PHA's policies and operations, supporting documents containing the information included in the Table of Contents of the Annual Plan is available for public review at the New Bedford Housing Authority Administrative Office.

The NBHA mission is the same as that of HUD: To promote adequate and affordable housing, economic opportunity, and a suitable living environment free from discrimination.

The low-income housing needs of New Bedford show the same needs as stated in the City's Consolidated Plan. There is a great need for households earning below 30% of the median income (MIA). To meet this need, the NBHA will target more than 75% of all Section 8 Voucher new admissions to families at or below 30% of MIA. At the same time the NBHA will give preference for public housing admission to working families and those enrolled in educational, training, or upward mobility programs in order to deconcentrate poverty and have an income mix at targeted developments. Public Housing residents will have the option of paying income-based rents or flat rents (ceiling rents) to eliminate rent increases that penalize residents who obtain employment. Minimum rents will be \$25.00 per month but discretionary minimum rent hardship exemptions will be available.

The QHWRA consolidates current funds used for modernization and capital improvement into a Capitol Fund, which can be used for the redesign, reconstruction, reconfiguration of buildings; the development of mixed-income finance projects and homeownership activities. The NBHA will continue to use its allocation to abate lead

paint and modernize its family developments while doing incidental modernization at other developments with limited resources.

The Act gives PHAs greater discretion to evict or not admit persons who have a history of violent criminal offenses, sex offenses against children, or drug-related offenses. The NBHA will access criminal records from the local police as well as the Massachusetts CORRI as part of its screening process for eligibility for admission. The Public Housing Drug Elimination Program will expend at least 70% of its funds for PRIDE patrols in public housing neighborhoods. Police officer residents will be housed in all large family developments to create safer neighborhoods and establish an effective working relationship with the police.

The Housing Authority was established and funded to promote the general welfare and to assist the City in efforts to eliminate both unsafe housing conditions and the shortage of decent and safe affordable housing. It cannot be expected, alone, to provide housing for all or the majority of New Bedford's residents. Yet, this Plan, developed with the independent advise of private citizens of the community, will guide the NBHA in developing housing opportunities and strengthen its neighborhoods.
