ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Chicopee Housing Authority has prepared an Agency Plan in conjunction with residents and local leaders that reflects the needs of our community and resident population. The Plan is designed to comply with the requirements of the Quality Housing and Work Responsibility Act of 1998 and requirements of the U.S. Department of Housing and Urban Development.

This plan is subject to annual review and revision in order to remain current with all statutory requirements and local needs.

A mission statement has been adopted to guide the management activities of the Chicopee Housing Authority. The Annual Plan, its objectives and goals are reflective of our mission statement. The Plan represents a comprehensive statement of strategies in community building that correspond to our communities Consolidated Plan.

The Annual Plan of the Chicopee Housing Authority includes the following:

Goals and Objectives that are consistent with local needs of our residents and the community as a whole, designed to maintain the current housing stock as an asset to our community.

Waiting list preferences and priorities that reflect the need of the community and population served.

Deconcentration initiatives that provide for the support and encourage growth in the resident population.

An operating budget and capital fund program that maximize our financial resources to better enable us to preserve affordable housing in Chicopee.

Management of housing vouchers in order to provide the maximum number of assisted units to families in our jurisdiction.

A tenancy preservation component to assure that our residents impacted by the poor lifestyle choices or unseen disabilities, have an opportunity to work within the system to improve their lives and their futures.

Through the process of creating our Annual Plan we have learned that we need to know more information regarding the education and employment needs of our residents, particularly of those minority populations served, if we are to assist them to improve their lives. To that end the Chicopee Housing will contract with the Puerto Rican Cultural Center to complete an educational and economic assessment of the needs of the residents of the Cabot Manor Apartments (76% Hispanic). This assessment will provide a better understanding of resident needs and it will provide the ability to better address those needs through knowledgeable programming.

Our plan includes the continued operation of the Public Housing Drug Elimination Program as an essential part of our provision of a safe and healthy environment of the families we serve. This program has resulted in the elimination of street corner drug dealing

and the presence of the type of adverse traffic such dealing attracts. We are now focused on the promotion and maintenance of drug free neighborhood. Educational and activity programming for the youth are an integral part of this approach.

Physical improvement of our developments and improvement in CHA management systems continues through the U.S. Department of Housing and Urban Development’s Comprehensive Grant Program. The six years of participation in this program have resulted in significant improvements to our physical plant as well as improvements to our service delivery systems.

The Plan contains information on housing availability, affordability and make-up of the rental population based on 1990 census data. This data appears outdated based on our experience with the housing market. The number of minorities that we now deal with and the status of the rental market have all changed considerably since the census figures were first published. Our plan takes into account our current knowledge of the rental market.

Support for troubled tenancies; The Tenancy Preservation Project provided written comment advocating increased efforts through their group to support the salvaging of troubled tenancies through the introduction of services to aid the family in need. Their comment compared the cost of losing a tenancy through lease enforcement/eviction to the cost of saving it and rehabilitating the tenancy.

Tenant Escrow Programs: The Greater Holyoke Community Development Agency has indicated that a need exists for savings programs that will assist families to create a savings ethic and to use it as a means of advancing homeownership. Successful programs are in place in other communities. With local private partners it may be possible to begin one here.

Establishing the level of need for services by our minority population. Representatives of the Puerto Rican Cultural Center have indicated that there is an urgent need to determine the needs level of our residents, especially as it relates to their ability to compete in the work force. This is becoming more important as the welfare limits are now taking effect. They propose that a need assessment be undertaken.

CHICOPEE HOUSING AUTHORITY

Policy

Effective June 23, 1999

Deconcentration of Poverty and Income-Mixing

Federal Developments and Section 8 Programs

The Department of Housing and Urban Development published in the Public Register on February 18, 1999 a rule requiring Authorities with Federal Public Housing and Section 8 to develop a "Public Housing Agency Plan" and that a Deconcentration Policy be part of this plan. The policy is to be designed to provide for deconcentration of poverty and income mixing by bringing higher income tenants into lower income developments and lower income tenants into higher income developments. The objective of this policy is to obtain in Public Housing, 40% of the tenants to be under 30% of median income and Section 8, 75% of the participants to be under 30% of median income.

It is the Chicopee Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, the Chicopee Housing Authority will adjust local preferences of those on our waiting list to reach families with a lower or higher income as the need exists. Chicopee Housing Authority will accomplish this in a uniform and non-discriminatory manner.

The Chicopee Housing Authority will affirmatively market its housing to all eligible income groups. Lower income prospective tenants will not be steered towards lower income developments and higher income prospective tenants will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, Chicopee Housing Authority will analyze the income levels of families residing in each of our Public Housing developments and Section 8 programs along with the income levels of the families on the waiting list. Based on this analysis, Chicopee Housing Authority will determine the level of marketing strategies and deconcentration preferences to implement.
