## **ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan

The Danvers Housing Authority (DHA) is dedicated to providing decent, safe and sanitary affordable housing opportunities within the Town of Danvers, Massachusetts. In order to achieve our goal the DHA has identified the following initiatives to be undertaken in this next budget year.

The DHA will continue to use CIAP monies in the best possible way in order to insure that our Public Housing units compete in the Danvers housing marketplace and our apartments continue to be a desirable place to live.

The DHA continues to enjoy a strong financial condition and has had no management or other audit findings for many years. Our PHMAP has been 100% for the last couple of years and our HUD apartment inspections were in the high 90% range.

The DHA's policies will continue to promote broad-based income ranges among Public Housing Authority residents and Section 8 participants while ensuring that we comply with the required HUD income targeting. The DHA uses documented Ranking Preferences as follows: Natural Disaster, Paying 50% of income for rent and utilities for 90 days, Domestic Abuse, Veteran Status, Local Resident, Working, School, and Transfers within the public housing developments. All are given the same value and are cumulative.

The DHA will continue to use strong screening procedures that will ensure that persons exhibiting behavior that will endanger the health and safety of other residents will not be assisted in Public Housing and we will also continue the "One Strike and Your Out" policy for existing tenants. Our Public Housing Residents will not pay over the ceiling rent which is based on a fluctuating % of the fair market value of a comparable unit in our community. A utility allowance is also deducted from the rent and is figured yearly by an outside company. We do a market study of rents in our community on a yearly basis to make sure we are being completely fair to the tenant and the DHA.

## **1. Statement of Housing Needs**

[24 CFR Part 903.7 9 (a)]

### **A. Housing Needs of Families in the Jurisdiction/s Served by the PHA**

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

The DHA has reviewed the North Shore HOME Consortium's most recent Consolidated Plan and finds that the Town of Danvers has been well represented in this document.

The Consolidated Plan shows that 19,000 households have been added since 1990 or 11.2% growth. The 1990 census showed that 29.3% of the population in the consortium was low income or below 80% of median income. However, the greatest concentration of **low income** individuals are found in the urban cities. In the 1990 census Danvers had a population of 23,086 with 5,805 low income persons living on less than \$38,103. Danvers has 2.4% of the consortium's low income population.

The 1990 census also showed that 793 households are considered **extremely low** income or below \$14,289/ year, which constitutes 9% of our community and 4% of the North Shore Consortiums population.

Danvers does not have a large minority population and the Consortium’s Needs Assessment does not see a change in the near future.

With respect to housing resources geared to meeting the needs of the disabled the DHA runs (2) 689 public housing programs. We have just 2 HC family units: one 3 BR and one 4 BR apartment. There are 4 HC accessible units in our elderly public housing. We also have HC units in our state elderly developments. Currently, we DO NOT have a long waiting list for handicapped units for family or elderly.

At times we do have a problem filling these units with appropriate applicants.

The DHA does house special needs persons especially within our state elderly population .

The Dept. of Mental Health has 9 group home placements within the Town of Danvers.

The economic trend for our jurisdiction of 25 communities shows an unemployment rate of just 2.9%. Such unemployment rates represent a 30 year low. The strong labor participation has resulted in greater income and spending growth which in turn has helped fuel increased housing costs. Danvers is one of 5 communities in our jurisdiction providing an employment base equal to or better than its workforce.

Because the DHA has had tremendous elderly apartment turnover this past year, our waiting list is not excessively long. An elderly applicant should be housed within 2 years.

There has also been turnover in our family units as many of our tenants have gone back to school, obtained better paying jobs, married, and purchased homes. We offer FSS to our public housing families and some have purchased homes through this program.

Of the 25 towns that are represented in the Home Consortium, Danvers is one of the 4 communities showing a moderate number of rental units. It is extremely difficult for Section 8 recipients to find units in our town. It is also difficult for young families to buy an affordable house in Danvers.

Continue to send and accept qualifying applications for family housing. Continue to interview people looking for family housing whenever possible.

The DHA plans to continue keeping our waiting list open for family and elderly public housing. We have never closed these lists. The DHA will continue to use CIAP monies to maintain and constantly improve our units to keep them desirable in our community.
