5-YEAR PLAN
PHA FISCAL YEARS 2000 - 2004
[24 CFR Part 903.5]

A. Mission

To promote and maintain affordable rental housing opportunities that are well-designed and consistent with market standards, cost effective to maintain, and provide a residential environment for households and individuals of low income that is supportive of household economic development, household independence and integrated in all senses of the term.

B. Goals

1. **Continue to strive to meet local housing needs, through community partnerships:**
 - A. It is a goal of the Groveland Housing Authority to continue to evaluate the housing needs of its community on a periodic basis through its continued involvement with community leaders and planners. The Groveland Housing Authority will seek funding available through State, Federal and private sources, which would provide rental assistance or affordable homeownership opportunities. The Authority will review and consider any and all housing initiatives, endeavors or partnerships presented by other public and private entities as they are presented, to determine if they are appropriate and consistent with the Town of Groveland's and Authority objectives and goals.

2. **Increase voucher payment standards and encourage more landlords in Groveland to participate in the Section 8 Program**
 - A. The Authority will increase its voucher payment standard to 110% in order to provide a wider housing choice for participants in Groveland. The Authority will also research its options to obtain permission from HUD to enter into HAP agreements at 120% of the payment standard in one or more of the census tracts in the community.
 - B. The Authority shall work with real estate agents, the Chamber of Commerce, lending institutions and other local organizations to encourage landlords to participate in the Section 8 Program.
 - C. The Authority will determine the feasibility of a Shared Housing Program as permitted under Section 8 Program Regulations which permits the Authority to provide rental assistance at the bedroom level and, if appropriate, implement a program. This should assist elders and certain individuals with a disability in finding and/or remaining in supportive housing situations.

3. Apply for additional rental vouchers:

- A. The Groveland Housing Authority will apply for additional rental vouchers under the Section 8 Program, as funds become available through the Department of Housing & Urban Development (HUD) and consistent with community need as demonstrated by waiting list and other demographic data.

4. Seek opportunities to promote small scale rental housing development for low and moderate-income households in Groveland

- A. Determine the value to the Authority of a non-profit (501(c)3) subsidiary to promote an increase in the supply of affordable housing. If determined to be an effective mechanism to expand the supply of affordable housing, establish a non-profit subsidiary.
- B. Obtain permission from HUD to establish as Project-based Voucher Program pursuant to 24 CFR 983 for up to 15% of the agency's current portfolio of Section 8. This program permits the conversion of tenant-based rental subsidies to unit-based rental subsidies. These rental subsidies can be made available on a competitive basis to local developers who are interested in having a low income component to their project or be used by the Authority's non-profit for developments to be owned and operated by the Authority.

5. Work to improve access to social services for program participants

- A. Seek other housing authorities with elderly/disabled housing to partner on an application for a part time resident services provider.

6. Ensure Equal Opportunity in Housing

- A. The Authority will use its role in the community to inform local landlords and businesses of the importance of diversity in housing and how to avoid unintentional discrimination under all applicable nondiscrimination requirements, such as the Fair Housing Act, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disability Act.

The Groveland Housing Authority intends to utilize the ability to move 100% of all Capital Fund resources provided by HUD to its Operating Budget using the 1406 account until such time as the statutory authorization for small agencies to make such a transfer is revoked by Congress. The Authority will program capital or management improvement work items in Extraordinary Maintenance, Betterment & Additions or various contract costs as shown in the Annual Operating Budget.

This approach will permit the Authority to draw down all Capital Funds upon availability in LOCCS and show all funds immediately obligated. Funds not expended in the budget year will be held in the Operating Reserve and identified in a sub-account to be known as the “Capital Reserve”. This system will allow the Authority to identify all funds taken over from capital to operating and document how the funds were used. The Authority believes that this approach more closely matches private sector asset management practices and will permit the Authority to accumulate funds for future major capital expenditures rather than require premature expenditures to address HUD imposed deadlines.

Major work items that the GHA intends to address in the next several years includes:

- **Appliance Replacement**
- **Common Area Upgrades**
- **Heating Plant Equipment Replacement**
- **Various improvements to accessible routes**
- **Security Improvements including upgrading locksets**
