1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Statewide figures are available in the State of Michigan Consolidated Plan but figures for the local jurisdiction are not, due to the fact that there is no consolidated plan for the City of St. Joseph or the County of Berrien, where the Housing Commission is located. Both the State of Michigan Consolidated Plan and the Comprehensive Plan of the City of St. Joseph show the need for an increase in elderly and disabled housing based on projections of an increase in the elderly population. Locally there is anticipated to be a decrease in population overall but an increase in the over age 85 group. Statistics show that the City of St. Joseph currently has a higher percentage of city residents that fall into the 65-84 age group than the County of Berrien and the State of Michigan and three times the State and County percentage in the over 85 age group. This definitely proves the need for elderly and disabled housing but land constrictions make it difficult to pursue any new facilities. Information for the following table was based on the "CHAS" dataset from the 1990 Census.

Housing Needs of Families in the Jurisdiction by Family Type							
Family Type	Overall	Afford-ability	Supply	Quality	Access-ibility	Size	Loca-tion
