1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

Our agency is part of the entire effort undertaken by the City of Hutchinson to address our jurisdiction's affordable housing needs. The need for housing includes more housing targeted to incoming workers, most of whom earn 60-80% of area median income in the manufacturing industry. With McLeod County's unemployment rate being less than 3%, most people earn 60-80% of the area median income and create a demand for housing targeted to this group. There also is a need for housing for persons earning less than 60% of the median income, which in the past has been developed with tax credits. The average income of a person 65 and older in Hutchinson is \$10,700. Whereas, the McLeod County average income for a person 65 and older is \$7,500. While we cannot ourselves meet the entire need identified here, in accordance with our goals included in this Plan, we will try to address some of the identified needs by using appropriate resources to maintain and preserve our existing stock. When appropriate and feasible, we will apply for additional

grants and loans from federal, state and local sources, including private sources to help add to the affordable housing available in our community. We intend to work with our local partners to try to meet these identified needs.

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.
