C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

The Quality Housing and Work Responsibility Act of 1998 requires that housing authorities set forth in our Annual Plan a Needs Assessment of the housing needs of our jurisdiction and our waiting list. Also, we are required to state how we intend to address these needs.

We have attached data and tables that provide an analysis of our waiting list. The data was processed providing breakdown based on income, family status, race/ethnicity, and bedroom size. This data indicates that 52% of applicants on our waiting list have income at or below 30% of the median income and 20% are minority families. 86% of our waiting list are

seeking two bedroom units which do not turnover as often as the three bedroom units in our program.

The Housing Authority used this information to prepare our five-year goals and objectives. It reflects our priorities that we have set forth in our Mission Statement.

Our agency is part of the entire effort undertaken by the county to address our jurisdiction's affordable housing needs. As stated above, the need for housing includes decent, safe, and affordable housing that promotes economic self-sufficiency. While we cannot ourselves meet the entire need identified here, in accordance with our goals included in this Plan, we will try to address some of the identified needs by using appropriate resources to maintain and preserve our existing stock. We intend to work with our local partners, Rice County Social Services, Three Rivers Community Action, Area Learning Center, Private Industry Council, MN Housing Partnership, Minnesota Housing Finance Agency and others, to try to meet these identified needs. When appropriate and feasible, we will apply for additional grants and loans from federal, state, and local sources, including private sources to help add to the affordable housing available in our community.

This year we expect to receive 111,333.00 through dwelling rents and subsidy for our existing program. We will continue to use these resources to house people. Priorities and guidelines for programs often change from year to year and our decisions to pursue certain opportunities and resources may also change over the coming year if there are program changes beyond our control.
