1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

The Housing needs Identified were found from various sources identified below. In the past three years rental rates have increased dramatically. There are many available housing units in the community, but their price is often too high for low income families. The units that are available for low income families are often not in good repair. While there appears to be a need for affordable units, the Public Housing and section eight waiting lists do not reflect the need. The Housing Authority has set a priority of improving the look of the grounds, and installing carpeting in units to make them more competitive with newer units in the area. By improving the look of Public Housing, and working to remove the stigma associated with it, it is hoped that the waiting lists can be increased, and vacancies reduced.
