The Housing Authority of the City of Biloxi, MS has prepared this Annual PHA Plan in compliance with Section 511 of the Quality Housing and Work Responsibility Act of 1998 and the ensuing HUD requirements.

The purpose of the Annual Plan is to provide a framework for local accountability and an easily identifiable source by which public housing residents, participants in the tenant-based assistance program and other members of the public may locate basic PHA policies, rules and requirements related to the operations, programs and services of the agency.

The Mission Statement and the Goals and Objectives were based on information contained in our jurisdiction's Consolidated Plan and will assure that our residents will receive the best customer service.

Excellent customer service and fulfillment of the Mission Statement and Goals and Objectives is ensured by implementation of a series of policies that are on display with this Plan. The Admissions and Occupancy Policy and Section 8 Administrative Plan are the two primary policies on display. These important documents cover the public housing tenant selection and assignment plan, outreach services, PHA's responsibility to Section 8 owners/landlords, grievance procedures, etc.

The most important challenges to be met by the Housing Authority of the City of Biloxi during FY 2000 include:

- Reduce drug and alcohol abuse through the Public Housing Drug Elimination Program;
- Preserve and improve the public housing stock through the Capital Funds activities.
- Involve the public housing residents and the Section 8 participants through the Annual Plan Resident Advisory Board.
- Train staff and commissioners to fully understand and take advantage of opportunities in the new law and regulations to better serve our residents and the community;
- Identify, develop and leverage services to enable low-income families to become self-sufficient;
- Demolish or dispose of obsolete Public Housing; and
- Leverage private/public funds to create additional housing opportunities.

In closing, this Annual PHA Plan exemplifies the commitment of the Housing Authority of the City of Biloxi to meet the housing needs of the full range of low-income residents. **DECONCENTRATION AND INCOME TARGETING POLICY
FOR THE
HOUSING AUTHORITY OF THE
CITY OF BILOXI, MISSISSIPPI**

DECONCENTRATION AND INCOME TARGETING POLICY
(of the Public Housing Admissions and Occupancy Policy)

Sub-Title A, Section 513 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA), establishes two interrelated requirements for implementation by Public Housing Authorities: (1) Economic Deconcentration of public housing developments and (2) Income Targeting to assure that families in the “extremely low” income category are proportionately represented in public housing and that pockets of poverty are reduced or eliminated. Under the deconcentration requirement, PHAs are to implement a program which provides that families with lowest incomes will be offered units in housing developments where family incomes are the highest and high-income families will be offered units in developments where family incomes are the lowest. In order to implement these new requirements the PHA must promote these provisions as policies and revise their Admission and Occupancy policies and procedures to comply.

Therefore, the Housing Authority of the City of Biloxi (PHA) hereby affirms its commitment to implementation of the two requirements by adopting the following policies:

A. Economic Deconcentration:

Admission and Occupancy policies are revised to include the PHA’s policy of promoting economic deconcentration of its housing developments by offering low-income families, selected in accordance with applicable preferences and priorities, units in developments where family incomes are highest. Conversely, families with higher incomes will be offered units in developments with the lowest average family incomes.

Implementation of this program will require the PHA to: (1) determine and compare the relative tenant incomes of each development and the incomes of families in the census tracts in which the developments are located, and (2) consider what policies, measures or incentives are necessary to bring high-income families into low-income developments (or into developments in low-income census tracts) and low-income families into high-income developments (or into developments in high-income census tracts).

In addition, an assessment of the average family income for each development is necessary. Families will be provided with an explanation of the policy during the application/screening process and/or the occupancy orientation sessions and given opportunities to discuss the options available to them. The families will also be informed that should they choose not to accept the first unit offered under this system, their refusal will not be cause to drop their name to the bottom of the list.

Implementation may include one or more of the following options:

- ◆ Skipping families on the waiting list based on income;
- ◆ Establishing preferences for working families;
- ◆ Establish preferences for families in job training programs;
- ◆ Establish preferences for families in education or training programs;
- ◆ Marketing campaign geared toward targeting income groups for specific developments;
- ◆ Additional supportive services;
- ◆ Additional amenities for all units;
 - ◆ Ceiling rents;
 - ◆ Flat rents for developments and unit sizes;
 - ◆ Different tenant rent percentages per development;
 - ◆ Different tenant rent percentages per bedroom size;
 - ◆ Saturday and evening office hours;
 - ◆ Security Deposit waivers;
 - ◆ Revised transfer policies;
 - ◆ Site-based waiting lists;
 - ◆ Mass Media advertising/Public service announcements; and
 - ◆ Giveaways.

B. Income Targeting

As public housing dwelling units become available for occupancy, responsible PHA employees will offer units to applicants on the waiting list. In accordance with the Quality Housing and Work Responsibility Act of 1998, the PHA encourages occupancy of its developments by a broad range of families with incomes up to eighty percent (80%) of the median income for the jurisdiction in which the PHA operates. At a minimum, 40% of all new admissions to public housing **on an annual basis** will be families with incomes at or below thirty percent (30%) (extremely low-income) of the area median income. The offer of assistance will be made without discrimination because of race, color, religion, sex, national origin, age, handicap or familial status.

The PHA may employ a system of income ranges in order to maintain a public housing resident body composed of families with a range of incomes and rent paying abilities representative of the range of incomes among low-income families in the PHA's area of operation, and will take into account the average rent that should be received to maintain financial solvency. The selection procedures are designed so that selection of new public housing residents will bring the actual distribution of rents closer to the projected distribution of rents.

In order to implement the income targeting program, the following policy is adopted:

- ☐ The PHA may select, based on date and time of application and preferences, two (2) families in the extremely low-income category and two (2) families from the lower/very low-income category alternately until the forty percent (40%) admission requirement of extremely low-income families is achieved (2 plus 2 policy).
- ☐ After the minimum level is reached, all selections may be made based solely on date, time and preferences. Any applicants passed over as a result of implementing this 2 plus 2 policy will retain their place on the waiting list and will be offered a unit in order of their placement on the waiting list.
- ☐ To the maximum extent possible, the offers will also be made to effect the PHA's policy of economic deconcentration.
 - ☐ For the initial year of implementation, a pro-rated percentage of the new admissions will be calculated from April 1, 1999 through the end of the fiscal year. Following the initial implementation period, the forty percent (40%) requirement will be calculated based on new admissions for the fiscal year.
- ☐ The PHA reserves the option, at any time, to reduce the targeting requirement for public housing by no more than ten percent (10%), if it increases the target figure for its Section 8 program from the required level of seventy-five percent (75%) of annual new admissions to no more than eighty-five percent (85%) of its annual new admissions.

**COMMUNITY SERVICE POLICY
FOR THE
HOUSING AUTHORITY OF THE
CITY OF BILOXI, MISSISSIPPI**

COMMUNITY SERVICE POLICY

Section 512 of the Quality Housing and Work Responsibility Act of 1998, which amends Section 12 of the Housing Act of 1937, establishes a new requirement for non-exempt residents of public housing to contribute eight (8) hours of community service each month or to participate in a self-sufficiency program for eight (8) hours each month. Community service is a service for which individuals are not paid. The Housing Authority of the City of Biloxi (herein referred to as PHA) believes that the community service requirement should not be perceived by the resident to be a punitive or demeaning activity, but rather to be a rewarding activity that will benefit both the resident and the community. Community service offers public housing residents an opportunity to contribute to the communities that support them.

In order to effectively implement this new requirement, the Housing Authority of the City of Biloxi establishes the following Policy, effective October 1, 2000.

A. Community Service

The PHA will provide residents, identified as required to participate in community service, a variety of voluntary activities and locations where the activities can be performed. The activities may include, but are not limited to:

- improving the physical environment of the resident's developments;
- selected office related services in the development or Administrative Office;
- volunteer services in local schools, day care centers, hospitals, nursing homes, youth or senior organizations, drug/alcohol treatment centers, recreation centers, etc;
- neighborhood group special projects;
- self-improvement activities such as household budget, credit counseling, English proficiency, GED classes or other educational activities;
- tutoring elementary or high school age residents; and
- serving in on-site computer training centers.

Voluntary political activities are prohibited.

B. Program Administration

The PHA may administer its own community service program in conjunction with the formation of cooperative relationships with other community based entities such as TANF, Social Services Agencies or other organizations which have as their goal, the improvement and advancement of disadvantaged families. The PHA may seek to contract its community service program out to a third-party.

In conjunction with its own or partnership program, the PHA will provide reasonable accommodations for accessibility to persons with disabilities. The PHA may directly supervise community service activities and may develop and provide a directory of opportunities from which residents may select. When services are provided through partnering agencies, the PHA will confirm the resident's participation. Should contracting out the community service function be determined to be the most efficient method for the PHA to accomplish this requirement, the PHA will monitor the agency for contract compliance.

The PHA will assure that the service is not labor that would normally be performed by PHA employees responsible for the essential maintenance and property services.

C. Self-Sufficiency

The PHA will inform residents that participation in self-sufficiency activities for eight (8) hours each month can satisfy the community service requirement and encourage non-exempt residents to select such activities to satisfy the requirement. Such activities can include, but are not limited to:

- apprenticeships and job readiness training;
- substance abuse and mental health counseling and treatment;
- English proficiency, GED, adult education, junior college or other formal education;
- household budgeting and credit counseling;
- small business training.

The PHA may sponsor its own economic self-sufficiency program or coordinate with local social services, volunteer organizations and TANF agencies.

D. Geographic Location

The PHA recognizes that the intent of this requirement is to have residents provide service to their own communities, either in the PHA's developments or in the broader community in which the PHA operates.

E. Exemptions

In accordance with provisions in the Act, the PHA will exempt from participation in community service requirements the following groups:

- adults who are 62 years of age or older;
- persons engaged in work activities as defined under Social Security (full-time or part-time

- employment);
- participants in a welfare to work program;
- persons receiving assistance from and in compliance with State programs funded under part A, title IV of the Social Security Act; and
- the disabled but only to the extent that the disability makes the person “unable to comply” with the community service requirements.

The PHA will determine, at the next regularly scheduled reexamination, the status of each household member eighteen (18) years of age or older with respect to the requirement to participate in community service activities. The PHA will use the “PHA Family Community Service Monthly Time-Sheet” to document resident eligibility and the hours of community service. A record for each adult will be established and community service placement selections made. Each non-exempt household member will be provided with forms to be completed by a representative of the service or economic self-sufficiency activity verifying the hours of volunteer service conducted each month.

The PHA will also assure that procedures are in place which provide residents the opportunity to change status with respect to the community service requirement. Such changes include, but are not limited to:

- going from unemployment to employment;
- entering a job training program;
- entering an educational program which exceeds eight (8) hours monthly.

All exemptions to the community service requirement will be verified and documented in the resident file. Required verifications may include, but not be limited to:

- third-party verification of employment, enrollment in a training or education program, welfare to work program or other economic self sufficiency activities;
- birth certificates to verify age 62 or older; or
- if appropriate, verification of disability limitations.

Families who pay flat rents, live in public housing units within market rate developments or families who are over income when they initially occupy a public housing unit will not receive an automatic exception.

F. Cooperative Relationships with Welfare Agencies

The PHA may initiate cooperative relationships with local service agencies that provide assistance to its families to facilitate information exchange, expansion of community service/self-sufficiency program options and aid in the coordination of those activities.

G. Lease Requirements and Documentation

The PHA's lease has a twelve (12)-month term and is automatically renewable except for non-compliance with the community service requirement. The lease also provides for termination and eviction of the entire household for such non-compliance. The lease provisions will be implemented for current residents at the next regularly scheduled reexamination on or after October 1, 2000, and for all new residents effective October 1, 2000. The PHA will not renew or extend the lease if the household contains a non-exempt member who has failed to comply with the community service requirement.

Documentation of compliance or non-compliance will be placed in each resident file.

H. Non-compliance

If the PHA determines that a resident who is not an "exempt individual" has not complied with the community service requirement, the PHA must notify the resident:

1. of the non-compliance;
2. that the determination is subject to the PHA's administrative grievance procedure;
3. that unless the resident enters into an agreement under paragraph 4. of this section, the lease of the family of which the non-compliant adult is a member may not be renewed. However, if the non-compliant adult moves from the unit, the lease may be renewed;
4. that before the expiration of the lease term, the PHA must offer the resident an opportunity to cure the non-compliance during the next twelve (12)-month period; such a cure includes a written agreement by the non-compliant adult to complete as many additional hours of community service or economic self-sufficiency activity needed to make up the total number of hours required over the twelve (12)-month term of the lease.
