IX. SELECTIONS AND EXCEPTIONS

Selections will be made in a non-discriminatory manner to assure a broad range of income in each community, maintain the financial stability of the community, promote the health, safety and welfare of other residents, and avoid concentration of the most economically deprived families.

Selection from the Waiting List...

The MAHA shall follow the statutory requirement that at least 40% of newly admitted families in any fiscal year be families whose annual income is at or below 30% of the area median income. To insure this requirement is met we shall quarterly monitor the incomes of the families on the waiting list. If it appears that the requirement to house extremely low-income families will not be met, we will skip higher income families on the waiting list to reach extremely low-income families.

If there are not enough extremely low-income families on the waiting list MAHA will conduct outreach on a non-discriminatory basis to attract extremely low-income families to reach the statutory requirement.

Deconcentration Policy....

It is the MAHA's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, the MAHA will skip families on the waiting list to reach other families with a lower or higher income. The MAHA will accomplish this in a uniform and non-discriminating manner. The MAHA will affirmatively market its housing to all eligible income groups.

Prior to the beginning of each fiscal year, the MAHA will analyze the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

Deconcentration Incentives....

The MAHA may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development. Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.
