**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

**Action Plan for 2000**

In 2000 approximately \$3.1 million will be made available through the U.S. Department of Housing and Urban Development (HUD) to provide, preserve and improve public housing stock, and subsidize affordable housing for low income residents of Asheboro and Randolph county through Public Housing and Section 8 programs, and the Public Housing Drug Elimination (PHDEP) grant administered by the Asheboro Housing Authority.

**Housing Needs**

Analysis of income and population trends in Randolph County and Asheboro over the past 10 years shows that a need exists for additional affordable housing. Existing demand is being partially filled by the Asheboro Housing Authority through its Public Housing and Section 8 programs which, together, directly serve over 900 low-income families. Other programs in the county that are not managed by Asheboro Housing Authority provide assistance to another 460 low-income families.

In Randolph County only 27% of the low-income renters who pay more than 30% of their income to meet housing needs re receiving any government assistance, leaving a significant number of overburdened families. Even so, the number of families which have applied for either Section 8 or Public Housing assistance at the Asheboro Housing Authority has declined from historical levels, as reflected in a waiting list which is significantly smaller than in previous years.

Meeting the housing needs of low-income families has been categorized in the North Carolina Consolidated Plan as a high priority goal- reflecting an acute shortage of affordable housing which will continue to be unmet as long as there are low income families in the jurisdiction who lack decent shelter.

### **Public Housing Program**

Demand continues to be strong in Asheboro for the Public Housing program and the affordable housing it provides to extremely-low, low, and moderate-income families. Both city and county population are growing faster than envisioned just 4 years ago, and although a building boom has somewhat alleviated the housing shortage for those who can afford housing, poor families still need the assistance provided by HUD through the Asheboro Housing Authority.

To meet its objectives in the coming year the Public Housing Program will need approximately \$921 thousand to maintain and upgrade grounds and housing stock, modernize office hardware, and provide training opportunities for employees and staff. New flexibility has been given to housing authorities under the Quality Housing and Work Responsibility Act of 1998 which will permit fungibility in the use of Capital funds (replacing the annual CIAP Grant competition) to meet capital as well as operating requirements in a manner which best suits the objectives of the housing authority and need of its residents.

Flat rents have been put in place so residents might see the benefit of increased income without a corresponding increase in rent.

In order to meet the needs of a growing senior population and to maintain its character, and “elderly” designation will be sought for 50 units co-located at one of the four scattered public housing sites.

### **Section 8 Program**

Asheboro Housing Authority currently manages over 700 Section 8 Vouchers and Certificates for families earning less than 50% of the Area Median Income (AMI).

A major administrative consolidation of vouchers and Certificates is taking place, which when completed, will merge the two programs into one, making it easier for residents and landlords to understand, and much easier for staff to manage.

By raising the payment standard from 80% to 100% of Fair Market Rent, the housing stock available to families assisted by the Section 8 Program has increased, making it easier for families to find housing. Also, by eliminating the local preference given to working families, the elderly and disabled, a higher percentage of families earning below 30% of AMI can be assisted.

## Conclusion

The North Carolina Consolidated Plan identified key housing and community development needs within the State. The Asheboro Housing Authority ensures consistency with the State Consolidated Plan by providing access to decent housing through its Section 8 and Public Housing programs, to low- and moderate-income renters of Randolph County and Asheboro. Although not specifically targeted, low-income homeless families and individuals, as well as a population with special needs, are also able to take advantage of government programs designed to provide access to affordable housing without discrimination.

Local support and strong commitment received from the governments of Randolph County and City of Asheboro contribute in a shared partnership with the Asheboro Housing Authority's mission of providing decent, safe, and affordable housing to its citizens. The Federal budget is a reflection of the government's concern and financial commitment to housing the nation's poor. Through HUD, the Asheboro Housing Authority is provided the financial tools needed to preserve the existing supply of affordable housing, expand the commitment to end discrimination, and aid residents and others to become self-sufficient.

### Attachment A. Admissions Policy for Deconcentration

In order to bring together higher income tenants into lower income projects and lower income tenants into higher income projects and thereby contribute to deconcentration income mixing, the following deconcentration policy was adopted by the Asheboro Housing Authority Board of Commissioners:

At least 40 percent of families admitted to public housing each fiscal year will have incomes that do not exceed 30 percent of the area median income.

In order to accomplish deconcentration objectives, Asheboro Housing Authority adopted a deconcentration policy that:

- (1) Monitors intake of residents to ensure that at least 40 percent of new admissions in any fiscal year have incomes below 30 percent of area median income.
- (2) Skips families on the waiting list specifically to reach another family with a lower or higher income to meet deconcentration objectives in the different sites.

The Asheboro Housing Authority consists of one public housing development with one consolidated waiting list and does not plan to implement site-based waiting lists for families.
