Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

With the assistance of the Board of Commissioners, our residents and the administrative staff of the Housing Authority, we have assembled the Housing Authority of Cass County's Annual Plan. The Plan addresses all of the statutory components as required by the Department of Housing & Urban Development (HUD).

In keeping with its mission, the Housing Authority will work towards fully utilizing all funding available to the Authority so as to maximize the results in an environment of limited funding. This Plan was assembled using the most current information available at the time and does not reflect any changes of availability of funding by HUD.

This Plan required that we take a detailed look at the Housing Authority and determine where we are, where we want to be and how we are going to get there. The results of this Authority-wide analysis were not surprising, as we have addressed many of the components in the past. While the jurisdiction for the Housing Authority of Cass County is the entire County with the exception of the City of Fargo, we do draw from the Fargo market. Therefore, we found it important to use statistics which included the City of Fargo and augment this information together with Region V statistics as provided in the Consolidated Plan for North Dakota (which includes Cass County) to accurately reflect the needs of the Housing Authority of Cass County. After analyzing the information contained in these statistics, our experiences and our waiting list, two conclusions can be drawn from the results of the study. First, there is a need for more affordable housing in Cass County and secondly, continued capital improvements to the public housing stock are necessary. If one were to rely on the information contained solely in our waiting lists, we would emphasize the need for affordable 2 and 3 bedroom units. Since there is an abundance of reasonably priced 2 and 3 bedroom units on the market, a more accurate conclusion, however, would be to increase the size of

our rental assistance program which can work with any size units as the current need dictates. During the design phase of the Plan, meeting the immediate housing needs was crucial in formulating the Housing Authority objectives and policies. Next, a priority list of capitol improvements was developed to ensure long-term viability of the existing public housing.

Lastly, while we cannot ourselves meet the entire need identified here, we will try to address some of the identified needs by using appropriate resources to maintain and preserve our existing stock. When appropriate and feasible, we will apply for additional grants and loans from Federal, State and local sources, including private sources, to help add to the affordable housing available in our community. Be assured, the Housing Authority of Cass County will continue to do what we do best: provide affordable housing to low-income residents through the provision of financial assistance programs, supportive services, and effective management.
