Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discuss the assistance of the PHA's Board of Commissioners. With the assistance of the PHA's Board of Commissioners, our participants and the administrative staff of the Housing Authority, we have assembled the Housing Authority of Walsh County's Annual Plan. The Plan addresses all of the statutory components as required by the Department of Housing and Urban Development (HUD). In keeping with its mission, the Housing Authority will work towards full utilizing all funds available to the Authority so as to maximize the results in an environment of limited funding. This Plan was assembled using the most current information available from MTCS, the U.S. Census Bureau, CHAS, and North Dakota's Consolidated Plan for Walsh County and does not reflect any changes of availability of funding by HUD.

This Plan required that we take a detailed look at the Housing Authority and determine where we are, where we want to be and how we are going to get there. The results of this Authority-wide analysis were not surprising, as we have addressed many of the components in the past.

Two conclusions can be drawn from the results of the analysis. First, there is an immediate need for safe, affordable elderly and handicap accessible housing units in Walsh county. Secondly, Walsh County Housing Authority will develop and maintain a networking system throughout the County to assist tenants in identifying services available to meet their needs and provide crime-free and safe housing.

Walsh County Housing will continue to strive to meet the housing needs of county residents by use of the local preferences. A definition of local preferences is as follows:

Elderly, disabled applicants are first priority
 Families are second priority
 Singles are third priority

Walsh County Housing Authority's Annual and Five Year Plan are consistent with the North Dakota Consolidated Plan.

Lastly, the Housing Authority of Walsh County will continue to do what we do best; providing safe, affordable housing to low-income residents through the provision of financial assistance programs, supportive services, and effective management.

In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this estimate.

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the **(1) Strategies** on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for **Need: Shortage of affordable housing for all eligible populations**

Upon reviewing the data available through MTCS, the U.S. Census Bureau, CHAS, and North Dakota's Consolidated Plan for Walsh County, Walsh County Housing will continue to strive to meet the housing needs of county residents by use of the local preferences. A definition of local preferences is as follows:

- Elderly, disabled applicants are first priority
- Families are second priority
- Singles are third priority

If there are no elderly or disabled applicants, then the next name on the family waiting list will be offered a voucher. If there are no elderly, disabled, or family applicants, then the next name on the one person household waiting list will be offered a voucher. When an elderly or disabled application is received, they automatically go the top of the waiting list over families and singles. When a family applies for housing assistance, they will be offered a voucher before a single household.

When the waiting list gets very low, articles will be run in the Walsh County Record informing the public of the Section 8 Rental Assistance Program. A radio ad with KXPO Radio Station will also be run.

EXECUTIVE SUMMARY

With the assistance of the Board of Commissioners, our participants and the administrative staff of the Housing Authority, we have assembled the Housing Authority of Walsh County's Annual Plan. The Plan addresses all of the statutory components as required by the Department of Housing and Urban Development (HUD). In keeping with its mission, the Housing Authority will work towards full utilizing all funds available to the Authority so as to maximize the results in an environment of limited funding. This Plan was assembled using the most current information available from MTCS, the U.S. Census Bureau, CHAS, and North Dakota's Consolidated Plan for Walsh County and does not reflect any changes of availability of funding by HUD.

This Plan required that we take a detailed look at the Housing Authority and determine where we are, where we want to be and how we are going to get there. The results of this Authority-wide analysis were not surprising, as we have addressed many of the components in the past.

Two conclusions can be drawn from the results of the analysis. First, there is an immediate need for safe, affordable elderly and handicap accessible housing units in Walsh county. Secondly, Walsh County Housing Authority will develop and maintain a networking system throughout the County to assist tenants in identifying services available to meet their needs and provide crime-free and safe housing.

Walsh County Housing will continue to strive to meet the housing needs of county residents by use of the local preferences. A definition of local preferences is as follows:

- Elderly, disabled applicants are first priority
- Families are second priority
- Singles are third priority

Walsh County Housing Authority's Annual and Five Year Plan are consistent with the North Dakota Consolidated Plan.

Lastly, the Housing Authority of Walsh County will continue to do what we do best; providing safe, affordable housing to low-income residents through the provision of financial assistance programs, supportive services, and effective management.

HOUSING NEEDS

Upon reviewing the data available through MTCS, the U.S. Census Bureau, CHAS, and North Dakota's Consolidated Plan for Walsh County, Walsh County Housing will continue to strive to meet the housing needs of county residents by use of the local preferences. A definition of local preferences is as follows:

Elderly, disabled applicants are first priority
Families are second priority
Singles are third priority

If there are no elderly or disabled applicants, then the next name on the family waiting list will be offered a voucher. If there are no elderly, disabled, or family applicants, then the next name on the one person household waiting list will be offered a voucher. When an elderly or disabled application is received, they automatically go the top of the waiting list over families and singles. When a family applies for housing assistance, they will be offered a voucher before a single household.

When the waiting list gets very low, articles will be run in the Walsh County Record informing the public of the Section 8 Rental Assistance Program. A radio ad with KXPO Radio Station will also be run.
