ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Stanton Housing Authority manages 29 public housing units for the elderly, handicapped, and disabled.

This Housing Authority is not currently preparing to add additional housing units due to the development of 20 additional assisted living units built by the City. This may prove to be a disadvantage to the vacancy of some units of our project.

The Stanton Housing Authority was established in 1963. It is managed by the Executive Director and a five member Board of Commissioners that are appointed by the Mayor and the City Council. Our target population is low and moderate income households. We currently focus on serving the needs of elderly and disabled.

Stanton Housing Authority has provided comfortable and affordable apartments to our residents. It also ensures that their environment is safe and pleasant. The Housing Authority enforces the policy 'one strike and you are out' for the safety of its residents.

Meals of Wheels, entertainment, and other activities are available to the residents.

Approximately 75% of the units are occupied by persons age 75 to 93 years old or disabled. If vacancy exists, and there is no one on the waiting list, the apartment is relet to other eligible low income families of a younger age. The tenants have a choice of rents based at 30% of income less medical expenses, flat rents, or ceiling rents. Our minimum rent is \$50.00 per month.

Since 1992, Stanton Housing Authority has received \$385,023.00 in Capital Improvement Grants to modernize the units and grounds. After a vacancy, the units are restored to newly remodeled apartments. This is also the plan for the next five years.

Our goal for the future is to remain financially secure, to supply all needs and concerns to our residents and community as well as being in compliance with HUD rules and regulations.

1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

BACKGROUND - GENERAL CONDITIONS

Population: Stanton is located in Stanton County. Its 1990 and 1998 population consisted of about 25% of County population. However, whereas the County is estimated to have lost less than 1% of its population from 1990 to 1998, Staton City is estimated to have lost 1.2% of its population from 1990 to 1998.

Unfortunately, available information is insufficient to determine the reasons for population loss.

The population is aging. Nearly 35% of 1990 population was 65 years and older (compared to an average 14% in Nebraska and 13% in the County). These elderly consisted of nearly half of the County elderly population. In other words, while the total population is declining, the elderly is growing. A large percentage of elderly in the town probably represents movement of farmers who can no longer work in the farm.

Housing Stock: The housing stock is rather old. The structure of slightly over half (50.7%) of the 1990 housing units are 60 years and older; additional 15% are now 40-60 years old.

Most (72%) of housing units were owner occupied. Elderly comprised of about 30% of homeowners. On the other hand, the relative number of elderly renters was high (22%). Together, the above tenure structure may point at a community that is aging and possibly attracting a number of farmers from the surrounding areas.
